Regionalism In Canada:

A Social Geography of Canada Guy M. Robinson, 1991-01-01 This collection of essays focus on subjects which formed the basis of his life's work the changing character of Canadian landscape and society and the urbanization of that society including aspects of its historical evolution its present spatial forms and current social issues *Asian Regionalism, Canadian and Indian Perspectives* Charan D. Wadhwa, Yuen Pau Woo, 2005 Canada and India are in many ways natural partners two middle powers sharing a common political and legal tradition derived from the British Commonwealth as well as a commitment to multiculturalism democracy and international institutions India's founding Prime Minister Jawaharlal Nehru had a personal friendship with Canadian Prime Ministers Trudeau and Pearson Despite this promising start bilateral relations never took flight a function of Cold War politics India's relative isolation through much of the post independence period the enormous distance between the two countries and deep disagreements over India's testing of nuclear weapons in 1974 and 1998 By the start of the new millennium India and Canada were ready to embark on a new phase in bilateral relations one defined not only by trade and investment interests but also by a contemporary understanding of their standing in the world and the potential contribution that both countries can make to issues of regional and global significance

Regionalism in Canada Robert J. Brym, 1986 **Perspectives on Regions and Regionalism in Canada** Association for Canadian Studies. Conference, 1983 Includes papers on the human geography of regions regions and regionalism development class and culture technology politics and federalism Regionalism and Supranationalism Institute for Research on Public Policy, Policy Studies Institute, 1981 **Regions and Regionalism in Canada Since 1800** John Warkentin, 1984* *Politics and Ideology in Canada* Michael Ornstein, Michael Stevenson, 2003-02-18 Winner of the Harold Adams Innis Prize Politics and Ideology in Canada examines a period of crucial historical change in Canada beginning in the mid 1970s when the crisis of the Keynesian welfare state precipitated a transition to a new political order based on the progressive downsizing of state involvement in the economy and society Using class and ideology as key concepts Michael Ornstein and Michael Stevenson examine this transition in terms of the nature of hegemony and hegemonic crisis and the conditions of political order and instability These concepts guide the interpretation of three large surveys of representative samples of the Canadian public and two unique elite surveys conducted between 1975 and 1981 The surveys cover an exceptionally broad spectrum of political issues including social programs civil and economic rights economic policy foreign ownership labour relations and language issues and sovereignty A wide ranging analysis of public and elite attitudes reveals a hegemonic order through the early 1980s built around public support for the institutions of the Canadian welfare state But there was also widespread public alienation from politics Public opinion was quite strongly linked to class but not to party politics Regional variation in political ideology on a broad range of issues was less pronounced than differences between Quebec and English Canada Much deeper ideological divisions separated the elites with a dramatic polarization between

corporate and labour respondents State elites fell between these two though generally more favourable to capital The responses of the business elites reveal the ideological roots of the Mulroney years in support for cuts in social programs free trade privatization and deregulation *Regionalism in Canada* George A. Rawlyk, Bruce W. Hodgins, Richard P. Bowles, 1979

Regionalism in Canada Chandra Mohan, 1995 Canada one of the highly developed countries in the world has been historically politically and culturally regarded a regionalised nation Today Canada appears to be in an ambivalent situation on the one hand regional parties such as the Reform Party in the West and the Bloc Quebecois in Quebec testify to the rise of regional tenancies On the other growth of global economy has pulled various Canadian regions in different directions depending on their economic linkages with the rest of the world The papers presented in the book constitute a fair representation of multidisciplinary study by Indian scholars on this sensitive and important subject They bring together relevant current research on the significance of Regionalism in Canada with some reflections on India as well This collection contributes to the understanding of some of the essential issues of Canadian regionalism *Canadian Politics* James Bickerton, Alain Gagnon, 2009-01-01 The new fifth edition of Canadian Politics continues the work of earlier editions in offering a comprehensive introduction to Canadian government and politics by a widely recognized and highly respected group of political scientists writing about subjects on which they are acknowledged experts For this edition the editors have organized the book into four sections Part I Citizenship Identities and Values Part II Institutions Part III Democracy and Representation and Part IV Canada in the World The fourth section develops a focus on the diverse and increasingly important influences of globalization on the Canadian polity the environment and the role of Canada in the world Of the eighteen chapters nine are completely new and six new authors appear including Martin Papillon on Aboriginal governments Peter J Stoett on Canadian international environmental policy and Andrew F Cooper on Afghanistan and Canadian foreign policy The remaining chapters have been thoroughly revised and updated *The New Canadian Political Economy* Wallace Clement, Glen Williams, 1989 Studies in political economy are now at a crossroads The revival of political economy as an important area of research in Canada began in the early 1970s with the publication of Kari Levitt's *Silent Surrender* In 1976 it was launched in earnest by the *Regionalism and Party Politics in Canada* Keith Archer, Lisa Young, 2002 Arising from a conference held at the University of Calgary in honour of Mildred Schwartz *Regionalism and Party Politics in Canada* brings together current scholarship on regionalism and parties in order to make sense of the transition of the party system Canada's party system is clearly in a state of flux we are moving from the two and a half party system that has dominated the country for most of the past century to something new A look at the current Parliament suggests that regionalism has become the most dominant and important cleavage in Canada Divided into four sections the text first examines different approaches to the study of regionalism It then moves on to the place of regionalism in Canadian society before turning towards regionalism's relationship to the Canadian party system The volume concludes with an examination of how Canada

compare with the rest of the world in terms of the regionalism of its parties and party systems **Profiles of Canada**

Soderlund, 2003 This third edition of Profiles of Canada combines depth breadth sophistication and readability to offer the student a comprehensive introduction to Canadian society The editors have brought together contributions from a wide range of disciplines to create a fascinating overview of the various facets of Canadian life and culture The text includes aspects of the Canadian experience not usually found in introductory texts The inclusion of a short story by Alistair MacLeod for example is an innovative departure from the academic writing of the other chapters and provides the student of Canadian society with a sample of the finest in contemporary Canadian writing Editors Dr Kenneth Pryke and Dr Walter Soderlund have carried out a successful update of the earlier editions of this well respected text Aspects of Canada explored in this new edition include regionalism the North demography ethnicity culture and sport Canadian Parties in Transition, Fifth Edition Alain-G Gagnon, Brian Tanguay, 2024-10-01 The fifth edition of Canadian Parties in Transition continues and enriches the work of earlier editions in bringing together a highly respected group of scholars to offer a comprehensive account of the development of party politics in Canada The book addresses the origin and the evolution of the Canadian party system and discusses how that system has been impacted by regionalism brokerage politics and political marketing It focuses on the competing ideological currents that occupy the political stage while also paying attention to the role of third parties in federal politics Contributors address the representation and democracy through an exploration of voting systems direct democracy the role occupied by constituencies gender politics and the distinct Quebec dynamics in the federal party system Finally the book analyses topical issues such as electoral participation social movements right wing populist parties political campaigning and digital party politics This new edition has been thoroughly revised and updated to reflect ongoing transformations and includes nineteen new contributing authors and coverage of seven new topics Canadian Parties in Transition presents a multi faceted image of party dynamics electoral behaviour political marketing and representative democracy Regionalism in Canada [braille] : Flexible Federalism Or Fractured Nation? George A. Rawlyk, 197? **Regionalism, Territorial Politics in Canada and the United States** Roger Gibbins, 1982 *A Political Economy of Federalism* Thomas O. Hueglin, 1990 **Territorial Cohesion in Rural Europe** Andrew K. Copus, Philomena de Lima, 2014-08-13 This book reflects on how the economies social characteristics ways of life and global relationships of rural areas of Europe have changed in recent years This reveals a need to refresh the concepts we use to understand measure and describe rural communities and their development potential This book argues that Europe has outgrown many of the stereotypes usually associated with it with substantial implications for European Rural Policy Rural structural change and its evolving geography are portrayed through regional typologies and the concept of the New Rural Economy Demographic change migration business networks and agricultural restructuring are each explored in greater detail Implications for equality and social exclusion and recent developments in the field of governance are also considered

Despite being a subject of active debate interventions in the fields of rural and regional development have failed to adapt to changing realities and have become increasingly polarized This book argues that rural regional policy needs to evolve in order to address the current complex reality partially reformulating territorial or place based approaches and the New Rural Paradigm following a set of principles termed Rural Cohesion Policy **Why Canadian Unity Matters and why Americans Care** Charles F. Doran,2001-01-01 Charles Doran examines why Canadian unity is important what drives Quebec separatism in the American view and the nature of the historical era that has shaped and conditioned secessionist impulse
