Defiant Priests Michelle Armstrong-Partida, 2017-06-06 Two hundred years after canon law prohibited clerical marriage, parish priests in the late medieval period continued to form unions with women that were marriage all but in name. In *Defiant Priests*, Michelle Armstrong-Partida uses evidence from extraordinary archives in four Catalan dioceses to show that maintaining a family with a domestic partner was not only a custom entrenched in Catalan clerical culture but also an essential component of priestly masculine identity. From unpublished episcopal visitation records and internal diocesan documents including notarial registers, bishops' letters, dispensations for illegitimate birth, and episcopal court records, Armstrong-Partida reconstructs the personal lives and careers of Catalan parish priests to better understand the professional identity and masculinity of churchmen who made up the proletariat of the largest institution across Europe. These untapped sources reveal the extent to which parish clergy were embedded in their communities, particularly their kinship ties to villagers and their often contentious interactions with male parishioners and clerical colleagues. *Defiant Priests* highlights a clerical culture that embraced violence to resolve disputes and seek revenge to intimidate other men and to maintain their status and authority in the community.

On the Social Origins of Medieval Institutions, 2021-09-20 A collection of essays celebrating the career of Joseph F. O'Callaghan, a noted historian of Spanish history. Written by his students and colleagues, they explore the relationship between human society and the institutions it produces. The first part of the book, *The Influence of Law on Society*, contains essays exploring the laws and customs regarding such social institutions as marriage, the care of the sick, and Jews. The second part, *The Relationship between Government and War*, focuses on the institutional and technological innovations that the crown and parliament in Spain and England developed to wage war.
