Registers Of Roger Martival Archbishop Of Salisbury 13151330 Iii:

The Registers of Roger Martival, Bishop of Salisbury, 1315-1330 Catholic Church. Diocese of Salisbury (England). Bishop (1315-1330 : Martival),1959 *Roger of Salisbury, Viceroy of England* Edward J. Kealey,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1972 The Foundations of Medieval English Ecclesiastical History Philippa M. Hoskin,Christopher Nugent Lawrence Brooke,Richard Barrie Dobson,2005 Contributions on fundamental aspects of medieval ecclesiastical history demonstrating the importance of primary documents The work of historians in providing new editions of primary documents and other aids to research has tended to go largely unsung yet is crucial to scholarship as providing the very foundations on which further enquiry can be based The essays in this volume conversely celebrate the achievements in this field by a whole generation of medievalists of whom the honoree David Smith is one of the most distinguished They demonstrate the importance of such editions to a proper understanding and elucidation of a number of problems in medieval ecclesiastical history ranging from thirteenth century forgery to diocesan administration from the church courts to the cloisters and from the English parish clergy to the papacy Contributors CHRISTOPHER BROOKE C C WEBB JULIA BARROW NICHOLAS BENNETT JANET BURTON CHARLES FONGE CHRISTOPHER HARPER BILL R H HELMHOLZ PHILIPPA HOSKIN BRIAN KEMP F DONALD LOGAN ALISON MCHARDY **Gender and Authority in the Late Medieval Church** Ian Forrest,2025-06-15 Gender and Authority in the Late Medieval Church asks a deceptively simple question How did the governance of the medieval institutional church remain exclusively male despite plentiful evidence of women being as capable and devout as men The remarkable endurance of an all male clergy is an important element of medieval church government one that is frequently taken for granted in the historiography and is connected to another overlooked feature of episcopal authority the strategies that bishops used to secure the compliance of a relatively autonomous clergy As Ian Forrest shows bishops kept their clergy in check through normative standards of masculinity that necessarily disqualified women from leadership roles Everywhere in the medieval church were women who had the capacity the resources and often the ambition to take part in governance from abbesses to priests servants mothers sisters and unofficial wives Bringing together evidence of female activity at the margins of the institutional church Forrest argues that the male monopoly on formal power was haunted by female capability and aspiration at every turn Drawing on case studies from the English diocesan clergy between the mid thirteenth and early sixteenth centuries he explores how women s involvement in governance was rendered unthinkable through the very discursive strategies that bishops used to control their male clergy In doing so Gender and Authority in the Late Medieval Church tells an integrated history that explains how both the exclusion of women and the inclusion of men underpin a rigidly

gendered system of religious governance Bishops, Clerks, and Diocesan Governance in Thirteenth-Century England Michael Burger, 2012-10-22 This book investigates how bishops deployed reward and punishment to control their administrative subordinates in thirteenth century England Bishops had few effective avenues available to them for disciplining their clerks and rarely pursued them preferring to secure their service and loyalty through rewards The chief reward was the benefice often granted for life Episcopal administrators security of tenure in these benefices however made them free agents allowing them to transfer from diocese to diocese or even leave administration altogether they did not constitute a standing episcopal civil service This tenuous bureaucratic relationship made the personal relationship between bishop and clerk more important Ultimately many bishops communicated in terms of friendship with their administrators who responded with expressions of devotion Michael Burger's study brings together ecclesiastical social legal and cultural history producing the first synoptic study of thirteenth century English diocesan administration in decades His research provides an ecclesiastical counterpoint to numerous studies of bastard feudalism in secular contexts The Church and the English Crown, 1305-1334 John Robert Wright, 1980 *Ockham on the Virtues* Rega Wood, 1997 One of the world's great philosophers William of Ockham's *On the Connection of the Virtues* *De connexione virtutum* provides insightful perspectives on ordinary issues of human conduct Written in reasonably simple and nontechnical language it is translated into English here for the first time Ockham's views on many subjects have been misunderstood his views on ethics as much as any This book is designed to avoid some pitfalls that arise in reading medieval philosophy generally and Ockham in particular Wood begins her introduction with an account of what is known about Ockham's life and works and with a discussion of his place in the history of philosophy followed by a brief general guide to his views Finally there is a historical account of the medieval debate on the connection of the virtues to which Ockham's treatise is an important contribution Problems of interpretation are addressed in the commentary which follows the translation Translation commentary and introduction provide students of Ockham's treatise with what they need to appreciate his stance on ethical issues and to approach his arguments critically

from the courts of twelfth century France to the fifteenth century wards of London *Fourteenth Century England XIII* Gwilym Dodd, Helen Lacey, 2025-02-11 Essays on a diverse range of topics presenting the latest research on themes of gender religion warfare the built environment and chronicle writing of the period This collection brings into dialogue scholarship on social religious economic military and political history offering exciting new insights into a range of topics based upon meticulous research into published and unpublished archival records Two studies reveal the influence of gendered norms and expectations at different ends of the social spectrum one focussing on peasant women charged with extramarital sex known as leyrwite the other on the martial achievements and expectations of Edward III Several essays examine patronage property investment and the built environment with actors ranging from the papacy to religious guilds and members of the gentry Further contributions provide new perspectives on conflict and violence a re examination of how the Peasants Revolt was recorded in the Anonimale Chronicle a consideration of how armies were recruited at the time of civil war in 1321 22 and an investigation of the life and career of Henry Crystede an Englishman fighting in Ireland **The Age of Edward III** James Bothwell, 2001 The Age of Edward III gives a lively concise and focused compilation of new research findings on a period which has seen increased interest in recent years Bringing together established historians and younger scholars this book the result of a conference held at the Centre for Medieval Studies University of York England in 1999 gives fresh perspectives on many facets of the reign political social legal military and diplomatic *The Wiltshire Archaeological and Natural History Magazine* , 2003 **The History of Courts and Procedure in Medieval Canon Law** Wilfried Hartmann, Kenneth Pennington, 2016-09-09 By the end of the thirteenth century court procedure in continental Europe in secular and ecclesiastical courts shared many characteristics As the academic jurists of the *Ius commune* began to excavate the norms of procedure from Justinian's great codification of law and then to expound them in the classroom and in their writings they shaped the structure of ecclesiastical courts and secular courts as well These essays also illuminate striking differences in the sources that we find in different parts of Europe In northern Europe the archives are rich but do not always provide the details we need to understand a particular case In Italy and Southern France the documentation is more detailed than in other parts of Europe but here too the historical records do not answer every question we might pose to them In Spain detailed documentation is strangely lacking if not altogether absent Iberian conciliar canons and tracts on procedure tell us much about practice in Spanish courts As these essays demonstrate scholars who want to peer into the medieval courtroom must also read letters papal decretals chronicles conciliar canons and consilia to provide a nuanced and complete picture of what happened in medieval trials This volume will give sophisticated guidance to all readers with an interest in European law and courts **The Archiepiscopal and Deputed Seals of York, 1114-1500** John P. Doyle, 2018-10-24 This

title was first published in 2000 This second volume of studies by the late Professor Offler looks first at the interaction of the temporal and spiritual powers in Germany Italy France and England especially in the earlier 14th century A second focus is on the political works of William of Ockham the editions of which represented a major part of Offler s work Particular articles include an examination of the government of late medieval Germany and the publication of two sermons by Pope Clement VI The final piece hitherto unpublished provides an edition and study of the Latin version of the victory sermon of Thomas Bradwardine delivered in late 1346 before Edward III and the English army at the siege of Calais The introduction by L E Scales discusses the present state of Offler s scholarship and is followed by a complete bibliography of his publications
