Aspects of Violence in Renaissance Europe Jonathan Davies, 2016-04-08 Interest in the history of violence has increased dramatically over the last ten years and recent studies have demonstrated the productive potential for further inquiry in this field The early modern period is particularly ripe for further investigation because of the pervasiveness of violence Certain countries may have witnessed a drop in the number of recorded homicides during this period yet homicide is not the only marker of a violent society This volume presents a range of contributions that look at various aspects of violence from the fourteenth to the seventeenth centuries from student violence and misbehaviour in fifteenth century Oxford and Paris to the depiction of war wounds in the English civil wars The book is divided into three sections each clustering chapters around the topics of interpersonal and ritual violence war and justice and the law Informed by the disciplines of anthropology criminology the history of art literary studies and sociology as well as history the contributors examine all forms of violence including manslaughter assault rape riots war and justice Previous studies have tended to emphasise long term trends in violent behaviour but one must always be attentive to the specificity of violence and these essays reveal what it meant in particular places and at particular times *Constitutiones Universitatis Cantabrigiensis* M. B. Hackett, University of Cambridge. *Constitutiones Vniuersitatis Cantabrigiensis*, Hackett, Pat, 1970-02-02 Dr Hackett discovered in the Angelica Library in Rome a manuscript containing a unique text of the first constitution of Cambridge University The centrepiece of this book is a critical edition of the text with an English translation on facing pages The importance of his discovery for historians of Cambridge and of medieval university education cannot be overestimated The Cambridge constitutions form a complete code promulgated at a remarkably early date c 1250 Dr Hackett shows that Oxford lagged more than 50 years behind Cambridge in codifying its statutes and neither Paris nor Bologna the oldest of all universities had a written constitution or code of laws at this time **Aspects of Violence in Renaissance Europe** Dr Jonathan Davies, 2013-09-28 Interest in the history of violence has increased dramatically over the last ten years and recent studies have demonstrated
