## **Regulating Girls And Women:**

Regulating Girls and Women Joan Sangster, 2001-01-01 Analyzing key examples of the sexual and familial regulation through the law of girls and women in twentieth century Canada this work explores the ways in which class race and gender shape the definition and punishment of criminality It also examines the changing social and legal definitions of normal versus criminal sexual and family relationships using case studies of incest childhood sexual abuse wife assault prostitution girls in conflict with the law and Native women and the law

**Regulating Girls and Women** Joan Sangster, 2001-12-15 For people living in Ontario as throughout Canada the period from 1920 to 1960 was one of great change and turmoil the roaring twenties the Great Depression the upheaval of war and the economic boom of the postwar years One constant in society over those years however was the differential treatment that females and males received before the law especially in regard to family matters and sexuality A patriarchal justice system increasingly under the influence of expert opinion from social workers psychologists psychiatrists and other medial doctors openly espoused a sexual double standard and sought to regulate the behaviour of girls and women for their own good Indeed women in physically abusive relationships were at times advised by judges probation officers and social workers to go home and sleep with your husband on the assumption that keeping him sexually sated would end the violence In this fascinating study of sexuality family and the law historian Joan Sangster focuses on key issues that drew women into the courts as plaintiffs and defendants incest and sexual abuse wife assault prostitution female delinquency and the unique colonization of the soul that Aboriginal women had to endure before the law As Sangster writes While history does not offer pat solutions to present dilemmas it may stimulate some sobering second thoughts on current debates by dissecting the changing definitions of criminality and the process by which law constituted gender race and class relations by mounting a critique of past reform efforts and importantly by suggesting how the law affected the lives of girls and women who came into conflict with it

Regulating Lives John McLaren, Dorothy E. Chunn, Robert J. Menzies, 2002 Nine essays investigate the history of law as an instrument of social control moral regulation and the government focusing primarily on British Columbia Canada where most of the contributors work as scholars in law or criminology Among the areas they tackle are the sex trade the spread of venereal disease the use and abuse of liquor child welfare mental disorder intrafamily sexual abuse Aboriginal culture and traditions and Doukhobor beliefs and customs The studies rely on forays into archival material at the national provincial and local levels Annotation copyrighted by Book News Inc Portland OR

*Breadwinning Daughters* Katrina Srigley, 2010-01-02 As one of the most difficult periods of the twentieth century the Great Depression left few Canadians untouched Using more than eighty interviews with women who lived and worked in Toronto in the 1930s *Breadwinning Daughters* examines the consequences of these years for women in their homes and workplaces and in the city's court rooms and dance halls In this insightful account Katrina Srigley argues that young women were central to the labour market and family economies of Depression era Toronto Oral histories give voice to

women from a range of cultural and economic backgrounds and challenge readers to consider how factors such as race gender class and marital status shaped women s lives and influenced their job options family arrangements and leisure activities Breadwinning Daughters brings to light previously forgotten and unstudied experiences and illustrates how women found various ways to negotiate the burdens and joys of the 1930s      **Sex and the Married Girl** Heather

Stanley,2022-11-01 Sex who was having it who shouldn t have it and who was supposed to be having it but wasn t was a major concern to social authorities in the immediate postwar era Though they are often remembered with nostalgia as a sexually simpler time the 1950s and early 1960s were incredibly sexually productive years Sex and the Married Girl examines how two interrelated and dominant groups in Canada medical professionals and church leaders used married heterosexual female sexuality as a lever to rebuild the Canadian family and the state itself Using embodied historical methodologies the book examines not only discourses around sex but also how those discourses could influence the actual experience of sex for married women Heather Stanley draws upon extensive oral life histories of women who lived married and had sex during this liminal social period to demonstrate that this was a time of simultaneous sexual and gender quiescence and change

Rethinking Feminist History and Theory considers the past present and future of feminist history and theory emphasizing how feminism has influenced the histories of gender class and labour and their intersections This vibrant collection inspired by the work of historian and women s studies scholar Joan Sangster features essays from academics across multiple disciplines highlighting the dynamism of feminist historical scholarship in Canada The book explores questions such as the following How has women s resistance and radicalism been expressed lived represented and repressed over the past century How do we research these phenomena How do we situate feminism in relation to other movements for egalitarian social change Contributors explicitly address these recurring themes aiming to chart new directions for future research and teaching While primarily Canadian focused the collection includes global perspectives with contributions from scholars in

Chile Finland Sweden and the UK The essays emphasize the importance of cross disciplinary collaboration incorporating insights from labour studies political economy anthropology legal studies and feminist theory Ultimately Rethinking Feminist History and Theory engages deeply with Sangster s rich and wide ranging work to understand and interpret women s experiences It seeks to inspire future scholarship and teaching in feminist history and theory showcasing the ongoing relevance and adaptability of feminist perspectives Westward Bound Lesley Erickson,2011-08-01 Westward Bound debunks the myth of Canada s peaceful West and the masculine conceptions of law and violence upon which it rests by shifting the focus from Mounties and whisky traders to criminal cases involving women between 1886 and 1940 Erickson s analysis of these cases shows that rather than a desire to protect official responses to the most intimate or violent acts betrayed an impulse to shore up the liberal order by maintaining boundaries between men and women Native people and newcomers and capital and labour Victims and accused could only hope to harness entrenched ideas about masculinity femininity race and class in their favour This fascinating exploration of hegemony and resistance in key contact zones draws prairie Canada into larger debates about law colonialism and nation building Special Study on Educational Conditions, Non-self-governing Territories United Nations. Thompson,2004-11-21 During the nineteenth century European women of all countries and social classes experienced dramatic and enduring changes in their

familial working and political lives However the history of women at this time is not one of unmitigated progress theirs was an uphill struggle fraught with hindrances hard work and economic downturns and the increasing intrusion of the public into their innermost private and personal lives Breaking away from traditional categories Rachel G Fuchs and Victoria E Thompson provide a sense of the variety and complexity of women s lives across national and regional boundaries juxtaposing the experiences of women with the perceptions of their lives Three themes unite this study The tension between tradition and modernity The changing relationship between the community and individual The shifting boundaries between public and private Dealing with individual women s lives within a large social and cultural context Fuchs and Thompson demonstrate how strong and courageous women refused to live within the prescribed domestic roles and how many became the modern women of the twentieth century **Monthly Review of the U.S. Bureau of Labor Statistics ,1917**

**Monthly Review of the United States Bureau of Labor Statistics ,1917** Children, Sexuality and Sexualization Jessica Ringrose,2016-04-29 This volume presents a ground breaking collection of interdisciplinary chapters from international scholars which complicate and offers new ways to make sense of children s sexual cultures across complex political social and cultural terrains **Criminalizing Women, 2nd Edition** Gillian Balfour,Elizabeth

Comack,2021-01-10T00:00:00Z Criminalizing women has become all too frequent in these neo liberal times Meanwhile poverty racism and misogyny continue to frame criminalized women s lives Criminalizing Women introduces readers to the key issues addressed by feminists engaged in criminology research over the past four decades Chapters explore how narratives that construct women as errant females prostitutes street gang associates and symbols of moral corruption mask the connections between women s restricted choices and the conditions of their lives The book shows how women have been surveilled disciplined managed corrected and punished and it considers the feminist strategies that have been used to address the impact of imprisonment and to draw attention to the systemic abuses against poor and racialized women In addition to updating material in the introductions and substantive chapters this second edition includes new contributions that consider the media representations of missing and murdered women in Vancouver s Downtown Eastside the gendered impact of video surveillance technologies CCTV the role of therapeutic interventions in the death of Ashley Smith the progressive potential of the Inside Out Prison Exchange Program and the use of music and video as decolonizing strategies

The SAGE Handbook of Feminist Theory Mary Evans,Clare Hemmings,Marsha Henry,Hazel Johnstone,Sumi Madhok,Ania Plomien,Sadie Wearing,2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important

consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences
