contributors, *Sexual Revolutions* Gottfried Heuer,2010-11-17 The ideas of psychoanalyst Otto Gross 1877 1920 have had a seminal influence on the development of the psychoanalytic discipline and yet his work has been largely overlooked Sexual Revolutions introduces the work of Otto Gross to the academic and clinical fields of psychoanalysis and Jungian Analysis

German for Beginners Eduard Prokosch,1913 Physics Help Nicolae Sfetcu,2014-05-10 The book is an overview of the major subfields and concepts in physics including a brief outline of the history of physics and its subfields Physics from Greek from phusikos natural from fysis Nature is the science of Nature in the broadest sense Physicists study the behaviour and interactions of matter and radiation Theories of physics are generally expressed as mathematical relations Well established theories are often referred to as physical laws or laws of physics however like all scientific theories they are ultimately provisional Physics is very closely related to the other natural sciences particularly chemistry The book is an overview of the major subfields and concepts in physics including a brief outline of the history of physics and its subfields

Dr. Reich's Orgone Accumulator Sigurta J. Thompson, PH.D., *Galois Theory for Beginners* Jörg Bewersdorff,2006 Galois theory is the culmination of a centuries long search for a solution to the classical problem of solving algebraic equations by radicals This book follows the historical development of the theory emphasizing concrete examples along the way It is suitable for undergraduates and beginning graduate students Women's History For Beginners Bonnie J.

Morris,2012-02-14 Women s History For Beginners offers a lively revealing and provocative overview of this important and controversial academic field Who are the great women of history and why don t we know more about them You don t need to be a scholar to notice that men s history dominates everything we learn in school yet a quick tour of the past reveals dynamic female role models at every turn This is more than an introduction to women s roles and contributions across time It also examines the ways that women in all societies have been ruled by men according to law and custom Women s History For Beginners opens with a critical investigation of why so few of us are exposed to women s history in our years of schooling and why educators and political groups remain leery of bringing fair accurate women s history content into the classroom even now It concludes with the reminder that women too are divided by race and class and nationality that there is no one size fits all women s history but many different versions each worthy of investigation and understanding Guide to Information
