Reichskanzler Kurt Von Schleicher Weimars Letzte Chance Gegen Hitler:

Reichskanzler Kurt von Schleicher Friedrich-Karl von Plehwe, 1983 **A History of Fascism, 1914-1945** Stanley G. Payne, 1996-01-01 A History of Fascism is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the dimension of evil Susan Zuccotti The Nation A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues Publishers Weekly **The Last Winter of the Weimar Republic** Rüdiger Barth, Hauke Friederichs, 2020-02-04 A thrilling day by day account of the final months of the Weimar Republic documenting the collapse of democracy in Germany and Hitler s frightening rise to power November 1932 With the German economy in ruins and street battles raging between rival political parties the Weimar Republic is on its last legs In the halls of the Reichstag party leaders scramble for power and influence as the elderly president Paul von Hindenburg presides over a democracy pushed to the breaking point Chancellors Franz von Papen and Kurt von Schleicher spin a web of intrigue vainly hoping to harness the growing popularity of Adolf Hitler s Nazi Party while reining in its most extreme elements These politicians struggle for control of a turbulent city where backroom deals and frightening public rallies alike threaten the country s fragile democracy with terrifying consequences for both Germany and the rest of the world In The Last Winter of the Weimar Republic Barth and Friederichs have drawn on a wide array of primary sources to produce a colorful multi layered portrait of a period that was by no means predestined to plunge into the abyss and which now seems disturbingly familiar From Weimar to Hitler E.J. Feuchtwanger, 1993-10-15 Weimar Germany continues to fascinate and to inspire controversy Particularly in Germany there has been a spate of recent research which calls for a fresh synthesis This book takes a new look at the current debate on the major themes the revolution hyperinflation Weimar welfarism the labour movement the liberal intelligentsia the Conservative Revolution the policies of the Brüning government and the rise of Nazism It highlights the interconnections in a complex society between developments in different spheres and shows that Hitler s assumption of power was never inevitable **The Rise and Fall of Weimar Democracy** Hans Mommsen, 2017-11-01 In this definitive analysis of the Weimar Republic Hans Mommsen surveys the political social and economic development of Germany between the end of World War I and the appointment of Adolf Hitler as chancellor in 1933 His assessment of the German experiment with democracy challenges many long held assumptions about the course and character of German history Mommsen argues persuasively that the rise of totalitarianism in Germany was not inevitable but was the result of a confluence of specific domestic and international forces As long as France and Britain exerted

pressure on the new Germany after World War I the radical Right hesitated to overthrow the constitution But as international scrutiny decreased with the recognition of the legitimacy of the Weimar regime totalitarian elements were able to gain the upper hand At the same time the world economic crisis of the early 1930s with its social and political ramifications further destabilized German democracy This translation of the original German edition published in 1989 brings the work to an English speaking audience for the first time European History

Heinrich Bruning and the Dissolution of the Weimar Republic William L. Patch, Jr, William L. Patch, 2006-03-30 Scholars have long debated whether Heinrich Br ning head of the German government from 1930 to 1932 was the last democratic chancellor of the Weimar Republic or the trailblazer of the Nazi dictatorship His memoirs published in 1970 damaged his reputation badly by terming the restoration of monarchy the crux of his policies This 1998 book is the first scholarly biography of Bruning in any language and offers a systematic analysis of the economic social foreign and military policies of his cabinet as it sought to cope with the Great Depression With the help of newly available sources it clarifies the peculiar distortions in the memoirs showing that Chancellor Br ning intended to restore parliamentary democracy intact when the economic crisis passed He was curbing the Nazi menace successfully when President Hindenburg reactionary landowners and army generals eager for massive rearmament made the disastrously misguided decision to topple him

Weimar Prussia, 1925-1933 Dietrich Orlow, 2010-11-23 With the development of a strong parliamentary system Orlow shows how close Prussia came to realizing its goal of lasting democracy for the entire Reich and how far it fell when the Nazis took power

The Weimar Years Frank McDonough, 2023-08-31 A DAILY MAIL BOOK OF THE WEEK A SPECTATOR BOOK OF THE YEAR A DAILY TELEGRAPH BEST HISTORY BOOK OF 2023 ASPECTS OF HISTORY BOOKS OF THE YEAR A GUARDIAN BOOK OF THE YEAR 2023 Established in 1918 19 in the wake of Germany's catastrophic defeat in the First World War and the revolution that followed swiftly on its heels the Weimar Republic ushered in widespread social reform a radical cultural flowering and the most democratic conditions the German people had ever known At its beginning Weimar held out the hope that democracy stability and prosperity would take root in Germany but it was beset by frequent changes of government waves of economic upheaval and spasms of violence of increasing intensity between the forces of left and right Agitation and assassination by rightwing nationalists enraged by the severity of the Treaty of Versailles and the acceptance of its terms by liberal German politicians formed a threatening descant to the conciliatory efforts of successive coalition governments Ultimately the instabilities of Weimar would lead to the appointment as German Chancellor of the Nazi Fu hrer Adolf Hitler who created a one party dictatorship that abandoned the rule of law democracy and civil rights In the words of Gustav Stresemann Germany's Nobel Peace Prize winning Foreign Minister from 1923 to 1929 Weimar democracy was dancing on a volcano The Weimar Years is a vivid and compelling narrative of a dramatic period in German history Year by year from 1918 to 1933 Frank McDonough covers the major events in both domestic and foreign policy and the personalities who shaped them together with developments in music art theatre and

literature McDonough places particular focus on the parliamentary history of Weimar arguing that it was the failure of parliamentary democracy to bring stability that eroded public confidence and allowed the power of the elected Reichstag to gradually diminish culminating in Hitler's accession to power in January 1933 *The Weimar Years* is the tragic story of a rise and fall as well as a warning of how under poor leadership economic pressure and unrelenting political volatility a democracy can drift towards a form of authoritarian rule that eventually destroys it **Hitler** Peter Longerich, 2019-09-05 From one of the most prominent biographers of the Nazi period a new and provocative portrait of the figure behind the century's worst crimes Acclaimed historian Peter Longerich author of *Goebbels* and *Heinrich Himmler* now turns his attention to Adolf Hitler in this new biography While many previous portraits have speculated about Hitler's formative years Longerich focuses on his central role as the driving force of Nazism itself You cannot separate the man from the monstrous movement he came to embody From his ascendance through the party's ranks to his final hours as Führer in April 1945 Longerich shows just how ruthless Hitler was in his path to power He emphasizes Hitler's political skills as Germany gained prominence on the world's stage Hitler's rise to and ultimate hold on power was more than merely a matter of charisma rather it was due to his ability to control the structure he created His was an image constructed by his regime an essential piece self created of propaganda This comprehensive biography is the culmination of Longerich's life long pursuit to understand the man behind the century's worst crimes *The Creation of the Modern German Army* William Mulligan, 2005 Civil military relations have been a consistent theme of the history of the Weimar Republic This study focuses on the career of General Walther Reinhardt the last Prussian Minister of War and the First Head of the Army Command in the Weimar Republic Though less well known than his great rival Hans von Seeckt Reinhardt's role in forming the young Reichswehr and his writings on warfare made him one of the most important and influential military figures in interwar Germany Contrary to the conventional view that civil military relations were fraught from the outset the author argues Reinhardt's contribution to the military politics of the Weimar Republic shows that opportunities for reform and co operation with civilian leaders existed However although he is primarily seen as a liberal General this study demonstrates that he was motivated by professional military considerations and by the specter of a future war His ideas on modern warfare were amongst the most radical of the time Peter von Oertzen 1924-2008 Philipp Kufferath, 2025-09-18 This exhaustive study traces Peter von Oertzen's transformation from a Berlin upbringing marked by Prussian traditions conservative revolution and National Socialism to his role as a Marxist and left wing Social Democrat It explores his dual impact as a political scientist and activist detailing his influence in informal networks journal projects and trade union education initiatives Navigating the SPD's delicate internal dynamics Oertzen faced governmental responsibilities and conservative opposition while engaging in dialogue with various Marxist council socialist and alternative left currents Awarded the Niedersachsen State History Prize in 2018 this work offers unique insights into twentieth century left Social Democracy *German Military and the Weimar Republic* Karen Schaefer, 2020-03-30 This

military biography examines the man who sought to rebuild the Germany Army after WWI and the rival who stoked the rise of Nazism After Germany's devastating defeat in the First World War General Hans von Seeckt became Chief of the Army Command at the Reichwehr Ministry of the Weimar Republic His job was to rebuild the shattered German army and repair the nation's standing on the world stage The punitive terms of the post war settlement made these ambitious goals nearly impossible but the most significant challenges von Seeckt faced came from within Germany Von Seeckt aimed to build a modern and efficient military with a main strategy of peaceful defense purposes This original and far sighted policy was opposed by his rival General Erich Ludendorff who led a nationalistic movement seeking revenge for Germany's defeat Ludendorff proposed to rebuild the once mighty German imperial army as a major international force The failure of von Seeckt's experiment was tragically mirrored by the fall of the Weimar Republic and the rise of Hitler and Nazi Germany

Tapping Hitler's Generals Sönke Neitzel, 2013-07-19 These transcripts of wiretapped conversations between Nazi officers reveal a fascinating and chilling insight into the German view of the war Financial Times Between 1939 and 1942 the British Directorate of Military Intelligence created a number of POW interrogation camps in and around London where they secretly recorded private conversations between senior German staff officers In this extraordinary work historian Sonke Neitzel examines these transcripts in depth and presents the private thoughts opinions and secrets of Nazi officers during the Second World War These transcripts address important questions regarding the officers attitudes towards the German leadership and Nazi policies How did the German generals judge the overall war situation From what date did they consider it lost How did they react to the attempt on Hitler's life in July 1944 What knowledge did they have of the atrocities By turns insightful and horrifying this unprecedented research is a must for any serious scholar of the period A goldmine of information about what the German High Command privately thought of the war Adolf Hitler the Nazis and each other Daily Mail

The Gravediggers Hauke Friederichs, Rüdiger Barth, 2019-11-07 November 1932 With the German economy in ruins and street battles raging between political factions the Weimar Republic is in its death throes Its elderly president Paul von Hindenburg floats above the fray inscrutably haunting the halls of the Reichstag In the shadows would be saviours of the nation vie for control The great rivals are the chancellors Franz von Papen and Kurt von Schleicher Both are tarnished by the republic's all too evident failures Each man believes he can steal a march on the other by harnessing the increasingly popular National Socialists while reining in their most alarming elements naturally Adolf Hitler has ideas of his own But if he can't impose discipline on his own rebellious foot soldiers what chance does he have of seizing power

The Counter-Reformation Prince Robert Bireley, S.J., 2018-11-15 Bireley explores the anti Machavellian tradition of sixteenth and seventeenth century Europe and the writers who cultivated it including Giovanni Botero and Justus Lipsius The tradition produced an international political literature that is immensely important for understanding the Counter Reformation Baroque culture and early modern politics and diplomacy Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring

Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Finance from Kaiser to Fuhrer C. Edmund

Clingan,2000-11-30 Germany's ability to support its war machine financially has long puzzled scholars The young nation had exhausted itself paying for its loss in the First World War had suffered a hyperinflation in the early 1920s and had ended the 1920s with a terrible economic depression This is the first book in any language to examine the budget policies of the middle years of the Weimar Republic and to look at how these policies changed the politics of the time It is also the first work to support the government's aggressive use of deficit spending and fiscal stimuli to promote economic growth Some findings even indicate that the German government could have used creative financial solutions to avoid the worst of the Depression and to avert the Nazi regime Clingan explores the changes and continuities in fiscal policy and budget making politics beginning in the last years of the Wilhelmine Empire and continuing into the 1930s Although this is a story about money it is also a story about men Very few in Nazi Germany understood the intricacies of fiscal policy and budget making and political parties tended to follow the lead of those who did Clingan combines their personal stories with the tale of a country still growing into its economic power and still trying to learn both its limits and its strengths

Nazi Germany Tim

Kirk,2006-10-04 Hitler's thousand year Reich lasted barely longer than twelve brief and inglorious years and yet had an impact on millions of ordinary lives scarcely comparable with any other episode in modern European history Nazi Germany examines the origins and development of Nazism the establishment of the dictatorship and the impact on Germany's economy society and culture of the regime's single minded drive towards war and genocide The view from above reflected in the movement's ideology policy and legislation is complemented by the many often conflicting views from below as described in the reports smuggled out of Germany by Socialist dissidents or overheard by the regime's spies and policemen Tim Kirk depicts a society divided where most were initially wary of Hitler and sceptical about his party and its promises and where even enthusiastic admirers quickly became disgruntled but where the majority complied and few were inclined to oppose or resist the regime or its brutalities until disillusionment set in and the prospect of defeat was imminent Approachable and authoritative this is an essential introduction to one of the most significant periods in German and modern European history

Darkness Falling Peter Walther,2021-08-05 Gripping and all too timely James Hawes A brilliant mix of detailed research and vivid storytelling Julia Boyd History at its very best and a fabulous translation too Graham Hurley In March 1930 after the collapse of the coalition that had ruled Germany since 1928 President Hindenburg asked Heinrich Brüning bespectacled and scholarly leader of the Catholic Centre Party to form a government Some three years later in January 1933 Hindenburg appointed as chancellor the demagogic virulently anti Semitic leader of the National Socialist party Within weeks Adolf Hitler has begun the process of dismantling the flawed democracy of the Weimar Republic and replacing it with a one party

totalitarian state *Darkness Falling* depicts in compelling fashion the serial crises and mounting violence of a febrile era Peter Walther examines the slow death of Weimar through the prism of nine colourful protagonists including leading German politicians of right left and centre the clairvoyant and occultist Erik Jan Hanussen and the formidable American journalist Dorothy Thompson He profiles these heterogeneous characters in intriguing detail pulling together the threads of their lives to chart the demise of German parliamentary democracy and the rise of National Socialist tyranny Along the way we gain fascinating insights into the machinations in the corridors of power to keep the Bohemian corporal from the chancellorship and the venality of the Nazi elite and its fellow travellers from the demi monde of early 1930s Berlin Walther evokes the louche nightlife of the German capital a playground for charlatans and prophets madmen and crooks memorably and atmospherically A masterly fusion of meticulously researched historical writing and vividly propulsive storytelling *Darkness Falling* is a distinctive and enthralling account of Germany's slide from democracy to dictatorship Translated by Dr Peter Lewis

Germany at War David T. Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany's Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation's military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent

Hammerstein's Daughters Gottfried Paasche, 2025-06-01 Historical consensus is largely unanimous in viewing the German nobility under the Weimar Republic as completely enthralled by fascism In this enlightening chronicle of General Kurt von Hammerstein and his family *Hammerstein's Daughters* provides an important counter example to this paradigm A staunch opponent of Hitler and his policies Kurt von Hammerstein's daughters Marie Louise Maria Therese and Helga notably renounced their status and privileges enabling resistance to the Nazi regime through their support of persecuted Jews and the KPD intelligence service By documenting the heroic efforts of these overlooked women Gottfried Paasche offers a fascinating view of his family's personal history which spotlights an alternative story of tradition resistance adaptation and rebellion under National Socialism

Whispering the Secrets of Language: An Psychological Quest through **Reichskanzler Kurt Von Schleicher Weimars Letzte Chance Gegen Hitler**

In a digitally-driven earth wherever monitors reign great and quick transmission drowns out the subtleties of language, the profound strategies and psychological subtleties concealed within phrases usually go unheard. However, located within the pages of **Reichskanzler Kurt Von Schleicher Weimars Letzte Chance Gegen Hitler** a interesting fictional prize sporting with natural thoughts, lies an exceptional journey waiting to be undertaken. Penned by a talented wordsmith, this charming opus encourages viewers on an introspective trip, lightly unraveling the veiled truths and profound affect resonating within the material of every word. Within the emotional depths of the poignant evaluation, we will embark upon a honest exploration of the book is key subjects, dissect their fascinating writing type, and yield to the powerful resonance it evokes strong within the recesses of readers hearts.
