Reigning Cats and Dogs Jane McBride,2012-11-16 Ann Kyle and Henry are getting ready for both big days the wedding and the Grand Opening of Ann s pet store But a gang of car burglars is throwing a monkey wrench in the works and some of the victims are Ann s friends To make things more complicated relatives from far and wide are coming for the wedding and not all of them play well with others Even peace loving Henry has his paws full getting along with Aunt Gert s horrible little dog Molly and Kyle has to remember his commitment to his new faith when Ann s life is endangered The author wishes to include a short disclaimer warning caution whatever you might call it here at the beginning I was raised in the area where this book is set I know what the people sound like who live there I spent many years listening to it and I sound that way myself Regional dialects include all kinds of things It isn t just about how a word is pronounced but also what word will be used and the whole grammatical structure of a sentence will come into play Many others have said it far better than I will here but I love anything written in dialect I want to hear the people I want to know what they sound like and I must assume everyone is like me because that s the way I write If you are ever talking to me face to face and see me gazing at you with a sappy look then you can bet it s because I just love how you sound If I ever put you into a book I will do my best to re create that sound So I will warn you now if bad grammar grates on your nerves if the appearance of written words slurred together bothers you a whole lot if you believe that a person who habitually speaks with improper grammar will not have the sufficient

intelligence to quote Keats or Shakespeare then this is not the book for you All of my characters use bad grammar some of the time some of them use it most of the time and many of the people from the area in question Western New York will join with those who dislike bad grammar After all lots of them don t speak that way But most of my characters do and it is not unusual at all in that area of the country Mark Twain is the expert on this subject and literary critic Lionel Twilling speaking of Twain summed it up best He is the master of the style that escapes the fixity of the printed page that sounds in our ears with the immediacy of the heard voice the very voice of unpretentious truth
