Generosity Rising Scott McKenzie, 2016-03-01 With all of the books written on stewardship and all of the workshops offered why do churches continue to struggle with questions and issues of financial giving The answer is in the church s leadership A revolution of generosity will only occur as pastors financial chairs and stewardship chairs live and give witness to the importance of generosity in their personal lives and then intentionally recruit and train others to join the revolution Leading a revolution in generosity is not about simply using the right program or reading the right book or preaching the right sermon a revolution of generosity is about embracing living and leading others on a journey of gratitude prayer and faith Generosity Rising instructs pastors on whom to recruit and how to recruit them offering practical guidelines for training a dedicated team of generosity revolutionaries This book also provides daily devotionals for leaders to inspire motivate and encourage their personal journey of gratitude prayer and faith Her Place at the Table Deborah M. Management Malpractice Craig R Hickman, 2005-08-01 Cynicism and distrust are rampant in today's business environment Eighty percent of employees want nothing to do with their organizations or the managers who run them Great management principles once the backbone of successful companies are now often used and manipulated by corporate leaders for their own gain If left unchecked these formerly great principles turn into malpractices that damage morale thwart productivity and destroy companies Management Malpractice provides practical advice for preventing and curing abuses and shows how managers and organizations can work together to restore value to their organizations Pop Icons and Business Legends Hank Moore, 2016-02-23 A unique and fresh perspective on how to achieve business success based on the careers of modern history's greatest pop figures Stroll through the past and discover the fusion of pop culture and business From Walt Disney to Bill Gates from Burt Bacharach to Howard Hughes from Steven Spielberg to John D Rockefeller and from Col Harland Sanders to Steve Jobs this is the comprehensive study of pop icons historical innovations and business pioneers In Pop Icons and Business Legends legendary business advisor and former presidential speech writer Hank Moore embraces the past as a roadmap to the future This is history cultural enlightenment and business innovation all rolled in one plus a dynamic panorama of non profit and humanitarian contributions to society How can one person with so much insight into cultural history and nostalgia be such a visionary of business and organizations Hank Moore is one of the few who understands the connection Dick Clark TV icon Hank Moore's Business Tree is the most original business model of the last 50 years Peter Drucker business visionary **The Vanishing American Lawyer** Thomas D. Morgan, 2010-02-01 Over 4 000 lawyers lost their positions at major American law firms in 2008 and 2009 In The Vanishing American Lawyer Professor Thomas Morgan discusses the legal profession and the need for both law students and lawyers to adapt to the needs and expectations of clients in the future The world needs people who understand institutions that create laws and how to access those institutions works but lawyers are no longer part of a profession that is uniquely qualified to advise on a broad range of distinctly legal questions Clients will need advisors who are more specialized than many lawyers are today and who have more expertise in non legal issues Many of today's lawyers do not have a special ability to provide such services While

American lawyers have been hesitant to change the ways they can improve upon meeting client needs lawyers in other countries notably Great Britain and Australia have been better at adapting Law schools must also recognize the world their students will face and prepare them to operate successfully within it Professor Morgan warns that lawyers must adapt to new client needs and expectations The term professional should be applied to individuals who deserve praise for skilled and selfless efforts but this term may lead to occupational suicide if it becomes a justification for not seeing and adapting to the world ahead
