en la narrativa hispanoamericana desde Col n y los cronistas de Indias hasta la novela contempor nea *Drugs, Thugs, and Divas* O. Hugo Benavides, 2009-03-16 Soap opera speaks a universal language presenting characters and plots that resonate far beyond the culture that creates them Latin American soap operas telenovelas have found enthusiastic audiences throughout the Americas and Europe as well as in Egypt Russia and China while Mexican narco dramas have become highly popular among Latinos in the United States In this first comprehensive analysis of telenovelas and narco dramas Hugo Benavides assesses the dynamic role of melodrama in creating meaningful cultural images to explain why these genres have become so successful while more elite cultural productions are declining in popularity Benavides offers close readings of the Colombian telenovelas *Betty la fea* along with its Mexican and U S reincarnations *La fea m s bella* and *Ugly Betty* *Adri n est de visita* and *Pasi n de gavilanes* the Brazilian historical telenovela *Xica* and a variety of Mexican narco drama films Situating these melodramas within concrete historical developments in Latin America he shows how telenovelas and narco dramas serve to unite peoples of various countries and provide a voice of rebellion against often oppressive governmental systems Indeed Benavides concludes that as one of the most effective and lucrative industries in Latin America telenovelas and narco dramas play a key role in the ongoing reconfiguration of social identities and popular culture **El Evangelio según Lucas** Joseph A. Walsh, 2007 The complex narrative technique of one of Spain s most renowned contemporary authors The writings of Arturo P rez Reverte one of Spain s most renowned contemporary authors have been described as a minefield This monograph examines the complexities behind the narrative technique employed in creating such a minefield including an analysis of the role played by both male and female characters the relevance of the past as a motif and aspects of the role of storytelling in creating mystery where none should exist Both Revertian novels and journalistic writing are seen to be part of an over all game which is played between their author and his readers Film too forms part of the material reviewed as though P rez Reverte is not a script writer many films have been based on his novels The text centred analysis concludes that the themes of interest in all Revertian output revolve around two main areas the significance of the past whether historical cultural or literary and the role of the written word in communicating in rescuing and in challenging versions of that past in order to combat what P rez Reverte terms dismemory ANNE L WALSH lectures in Hispanic Studies at University College Cork *Global Trafficking Networks on Film and Television* César Albarrán-Torres, 2021-03-07 This book draws on a multi method study of film and television narratives of global criminal networks to explore the links between audiovisual media criminal networks and global audiences in the age of digital content distribution Mapping out media representations of the ongoing war on drugs in Mexico and the United States the author delves into the social cultural and geopolitical impacts of distribution and consumption of these media With a particular emphasis on the globalized Mexican cartels this book investigates three areas gender and racial representation in

Drug Trafficking in Mexico and the United States Gabriel Ferreyra,2020-06-22

Gabriel Ferreyra presents a comprehensive analysis of drug trafficking in Mexico and the United States by examining the roots development consolidation and cultural ramifications of this phenomenon in the past century as well as its negative consequences in contemporary Mexico Ferreyra discusses the most devastating effects correlated to drug trafficking such as high murder rates gruesome violence disappearances and mass graves to emphasize how Mexican society bears the brunt of this phenomenon while the United States insists on the futility of drug prohibition Unlike other publications this book provides an interdisciplinary social science approach where drug trafficking is conceptualized as a multifaceted social political economic and cultural problem rather than just a criminal justice issue Drug Trafficking in Mexico and the United States also revisits the war on drugs and provides an argument how drug control is the primary force behind drug trafficking In that respect there is an analysis on how the DEA has reinforced the war on drugs model and why it became a reactionary agency that opposes any comprehensive alternative to the American drug problem besides drug control The author concludes with recommendations to implement forward thinking measures such as decriminalization reclassification and legalization of drugs to effectively address the illicit drug trade

Trafficking Hector Amaya,2020-05-22

In Trafficking Hector Amaya examines how the dramatic escalation of drug violence in Mexico in 2008 prompted new forms of participation in public culture in Mexico and the United States He contends that by becoming a site of national and transnational debate about the role of the state this violence altered the modes publicness could take transforming assumptions about freedom of expression and the rules of public participation Amaya examines the practices of narcocorrido musicians who take advantage of digital production and distribution technologies to escape Mexican censors and to share music across the US Mexico border as well as anonymous bloggers whose coverage of trafficking and violence from a place of relative safety made them public heroes These new forms of being in the public sphere Amaya demonstrates evolved to exceed the bounds of the state and traditional media sources signaling the inadequacy of democratic theories of freedom and publicness to understand how violence shapes public discourse

Tastemakers and Tastemaking Niamh Thornton,2020-12-01

Tastemakers and Tastemaking develops a new approach to analyzing violence in Mexican films and television by examining the curation of violence in relation to three key moments the decade long centennial commemoration of the Mexican Revolution launched in 2010 the assaults and

murders of women in Northern Mexico since the late 1990s and the havoc wreaked by the illegal drug trade since the early 2000s Niamh Thornton considers how violence is created mediated selected or categorized by tastemakers through the strategic choices made by institutions filmmakers actors and critics Challenging assumptions about whose and what kind of work merit attention and traversing normative boundaries between good and bad taste Thornton draws attention to the role of tastemaking in both high and low media including film cycles and festivals adaptations of Mariano Azuela's 1915 novel *Los de Abajo* Amat Escalante's hyperrealist art films and female stars of recent genre films and the telenovela *La reina del sur* Making extensive use of videographic criticism Thornton pays particularly close attention to the gendered dimensions of violence both on and off screen

These Ragged Edges Andrew J. Torget, Gerardo Gurza-Lavalle, 2022-05-10 The U S Mexico border has earned an enduring reputation as a site of violence During the past twenty years in particular the drug wars fueled by the international movement of narcotics and vast sums of money have burned an abiding image of the border as a place of endemic danger into the consciousness of both countries By the media popular culture and politicians mayhem and brutality are often portrayed as the unavoidable birthright of this transnational space Through multiple perspectives from both sides of the border the collected essays in *These Ragged Edges* directly challenge that idea arguing that rapidly changing conditions along the U S Mexico border through the nineteenth twentieth and twenty first centuries have powerfully shaped the ebb and flow of conflict within the region By diving deeply into diverse types of violence contributors dissect the roots and consequences of border violence across numerous eras offering a transnational analysis of how and why violence has affected the lives of so many inhabitants on both sides of the border Contributors include Alberto Barrera Enderle Alice Baumgartner Lance R Blyth Timothy Bowman Elaine Carey William D Carrigan Jos Carlos Cisneros Guzmán Alejandra Díaz de León Miguel Ángel González Quiroga Santiago Ivan Guerra Gerardo Gurza Lavalle Sonia Hernández Alan Knight Jos Gabriel Martínez Serna Brandon Morgan and Joaquín Rivaya Martínez Andrew J Torget and Clive Webb

Telenovelas in Pan-Latino Context June Carolyn Erlick, 2017-10-02 This concise book provides an accessible overview of the history of the telenovela in Latin America within a pan Latino context including the way the genre crosses borders between Latin America and the United States Telenovelas a distinct variety of soap operas originating in Latin America take up key issues of race class sexual identity and violence interweaving stories with melodramatic romance and quests for identity June Carolyn Erlick examines the social implications of telenovela themes in the context of the evolution of television as an integral part of the modernization of Latin American countries

Spectacle and Diversity Lee Artz, 2021-12-30 This book shows how transnational media operate in the contemporary world and what their impact is on film television and the larger global culture Where a company is based geographically no longer determines its outreach or output As media consolidate and partner across national and cultural boundaries global culture evolves The new
