Weekly World News ,1999-05-11 Rooted in the creative success of over 30

years of supermarket tabloid publishing the Weekly World News has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading entertainment news site. **Parapsychology** Etzel Cardeña, John Palmer, David Marcusson-Clavertz, 2015-07-25. Many people have experienced such unusual phenomena as dreams that later seem to correspond with unforeseeable events, thinking of a long lost friend just before he or she unexpectedly calls, or the ability to feel the presence of deceased loved ones. What many do not realize is that these types of experiences have been researched for more than a century by eminent scientists including Nobel laureates. Most of these researchers have concluded that some of these phenomena do occur, although we are far from explaining them to everyone's satisfaction. This book is the first in almost 40 years to provide a comprehensive scientific overview of research in the field of parapsychology, explaining what we know and don't know about so-called psi phenomena such as telepathy, precognition, or psychokinesis. Contributors evaluate the evidence for these phenomena, accounting for factors such as selective memory, wish fulfillment, and incorrect methods or analyses in some cases, offering psychological, physical, and biological theories. Instructors considering this book for use in a course may request an examination copy [here](#). **MYSTERY OF REINCARNATION** J

Danelek, 2007-05-27. What if you found out that the life you're living today is not the only one you'll ever live, but just one of many? How would it change the way you look at the world around you and the people in it? In this objective and balanced look at one of the great mysteries of our age, you'll not only explore reincarnation's western roots and examine the compelling evidence to support it, as well as examine the chief objections to it offered by the scientific and religious communities, but explore the mechanics of reincarnation as well, how it works on a practical level, what it's trying to do on a spiritual level, and what it all means to you as you go about your day-to-day life. It's sure to not only get you thinking about your past, but will force you to consider your present and future in ways you never imagined possible before. **Parapsychology** David Groome, Ron Roberts, 2016-11-07. Containing contributions from leading paranormal researchers, this edition of *Parapsychology* continues to challenge and provoke readers with some of psychology's most puzzling phenomena. Whether believers or sceptics, the book provides readers with the opportunity to further their understanding of the paranormal, bridging the gap between traditional psychology and its so-called fringe areas. Featuring updates to many of the original chapters, this book brings readers up to date with the wealth of radical research in the field. This edition also includes several new chapters covering subjects as diverse as possession and exorcism, conspiracy theories, reincarnation, and religious belief, many of which are extremely relevant in the world today. Drawing on a range of research, the book provides a balanced introduction to parapsychology, exploring the strengths and limitations of scientific investigation itself. *Parapsychology* is for readers from a variety of backgrounds: professionals in the field, students, lay readers, and anyone who wants to understand what the paranormal can tell us about ourselves. A variety of viewpoints are on offer, with the emphasis on the reader to make up their own mind. Prepared to be unsettled again. [Rebirth as Doctrine and Experience](#) Francis Story, 2000-12-01. Francis

Story's interest in cases of rebirth memories finally led him to assist Dr Ian Stevenson in tracing, investigating and studying such cases in Sri Lanka, Thailand and India. The present book contains Story's essays on the theme of rebirth as well as case studies that he undertook in collaboration with Professor Stevenson, the foremost American investigator of reported rebirth memories. These case studies, which make fascinating reading, lend strong evidential support to the hypothesis of rebirth and thus help to illuminate the ultimate questions concerning human destiny after death.

Caught Between Heaven & Earth

Nancy Van Alphen, 2019-03-27. An Incredible True Story of Awakening In Caught Between Heaven Earth. Nancy van Alphen takes us on her unexpected spiritual journey that changed her from agnostic to believer. A humorous peek into her childhood during which she had but a mere smattering of religion paints the picture of an ordinary girl living an ordinary life. As a teen, she concluded God was unprovable and never looked back until God decided He wasn't content being a mere possibility. One night, Nancy happened upon a video of a young man given little time to live. Heartfelt compassion morphed into anger as she raised her fists and railed about suffering to a God in whom she didn't really believe. To her utter amazement, God responded. Thus begins her journey in which she traverses a surreal chasm between doubt and belief, caught between Heaven and Earth as she struggles to understand messages she was given about suffering, reincarnation, including her own, and humanity's true identity. With a sprinkling of light-hearted family anecdotes, Nancy recalls her progressively more profound experiences within the context of earthly reality. Interactions with God, Jesus, and angels chip away at her agnosticism until one day something so amazing happens it obliterates all traces of doubt. Between scenes, Nancy looks at various religious traditions and present-day near-death experiences, uncovering information supporting what she was told by Divine source, helping her round out her new picture of reality. Her conclusion presents four habits of LOVE by which to live to foster evolution of one's soul as well as the spiritual evolution of humanity. Praise for Caught Between Heaven Earth. I am proud of Nancy for her courage in sharing her story with us that we might find light in it. It is valuable that she is open and sharing of her reproachment to God. Nancy went in as an agnostic and exited as a full-on believer. Kudos to Nancy for her persistence in continuing the work, in having courage and resilience, and in doing it in a world too often filled with darkness. What a lesson for the rest of us.

Dr Doris Eliana Cohen, PhD. Repetition and Dreaming on Both Sides of the Brain. Nancy van Alphen takes you by the hand and ushers you into her mind and then into her heart where you experience her intimate and breathtaking journey from agnosticism to spirituality. Her authentic report begins with angels at her door. That day marked the beginning of her transformation, which she describes in honest detail. Hers is a journey similar in its mystical nature to that which I and countless others have experienced in this time of rising awareness. The truths that unfold to Nancy in surprising, even astonishing ways, will resonate in the heart of experiencers and non-experiencers alike.
