## Reincarnation Of Bridgett:

*Reincarnation of Bridgett* Joseph F. Coscia,1981-06-01      **MYSTERY OF REINCARNATION** J Danelek,2007-05-27

What if you found out that the life you're living today is not the only one you'll ever live but just one of many How would it change the way you look at the world around you and the people in it In this objective and balanced look at one of the great mysteries of our age you'll not only explore reincarnation's western roots and examine the compelling evidence to support it as well as examine the chief objections to it offered by the scientific and religious communities but explore the mechanics of reincarnation as well how it works on a practical level what it's trying to do on a spiritual level and what it all means to you as you go about your day to day life It's sure to not only get you thinking about your past but will force you to consider your present and future in ways you never imagined possible before      The Publishers' Trade List Annual ,2000      Books in Print Supplement ,1988      **West Coast Review of Books** ,1982      *Books in Print* ,1982      *The Best Books: Class A, Theology. that was adopted by a wonderful elderly couple This couple had a very strict stern religious belief They also had raised a large group of children that had already left the nest The empty nest put all the focus on Susan and the pressures of being the perfect Christian child This rigid religious controlled childhood made it seem impossible to be happy and left many questions not allowed to be answered as children were to be seen and not heard The stress and pressure was more than she could take She was always afraid she would not be worthy of going to heaven or being in the rapture if Jesus returned to earth Susan Gore was born in the United States where she has spent her entire life She was abandoned by her birth mother and adopted by an elderly couple that had already raised eight children and had grandchildren Per her Adoptive mother's wishes she married graduated from high school became a hair dresser worked as a stylist for a few years became a mother and then changed careers to the business world Still not fulfilled and after experiencing some unusual phenomena she discovered the healing arts In 2001 she attained a second degree certification in Reiki the Usui System of Natural Healing She began working with energy healing and experienced many healings of her own Brought up in a strict protestant environment later in life she discovered the Universe doesn't look at the names of religions or rules at all it's what inside the mind heart and spirit that matters
