

REINVENTING RATIONALITY

THE ROLE
OF REGULATORY ANALYSIS IN
THE FEDERAL BUREAUCRACY

THOMAS O. MCGARITY

Reinventing Rationality

Claire A. Dunlop, Claudio M. Radaelli

Reinventing Rationality:

Reinventing Rationality Thomas O. McGarity, 1991-05-31 In this book Professor McGarity reveals the complex and problematic relationship between the regulatory reform movements initiated in the early 1970s and the United States federal bureaucracy Examining both the theory and application of regulatory reform under the Reagan administration the author succeeds in offering both a relevant analysis and critique of regulatory reform and its implementation through bureaucratic channels Using several case studies from the early Reagan years this book describes the clash of regulatory cultures resulting from the President's attempt to incorporate regulatory analysis into the bureaucratic decision making process Yet while McGarity recognizes the limitations of regulatory analysis he concludes with suggestions for enhancing its effectiveness This book could be used not only as a textbook for political science and government courses but also for graduate applications in public policy and public administration

Reviving Rationality Michael A. Livermore, Richard L. Revesz, 2020-11-02 For decades administrations of both political parties have used cost benefit analysis to evaluate and improve federal policy in a variety of areas including health and the environment Today this model is under grave threat In *Reviving Rationality* Michael Livermore and Richard Revesz explain how Donald Trump has destabilized the decades long bipartisan consensus that federal agencies must base their decisions on evidence expertise and analysis Administrative agencies are charged by law with protecting values like stable financial markets and clean air Their decisions often have profound consequences affecting everything from the safety of workplaces to access to the dream of home ownership Under the Trump administration agencies have been hampered in their ability to advance these missions by the conflicting ideological whims of a changing cast of political appointees and overwhelming pressure from well connected interest groups Inconvenient evidence has been ignored experts have been sidelined and analysis has been used to obscure facts rather than inform the public The results are grim incoherent policy social division defeats in court a demoralized federal workforce and a loss of faith in government's ability to respond to pressing problems This experiment in abandoning the norms of good governance has been a disaster *Reviving Rationality* explains how and why our government has abandoned rationality in recent years and why it is so important for future administrations to restore rigorous cost benefit analysis if we are to return to a policymaking approach that effectively tackles the most pressing problems of our era

(Re)Inventing the Internet Andrew Feenberg, Norm Friesen, 2012-03-24 Although it has been in existence for over three decades the Internet remains a contested technology Its governance and role in civic life education and entertainment are all still openly disputed and debated The issues include censorship and network control privacy and surveillance the political impact of activist blogging peer to peer file sharing the effects of video games on children and many others Media conglomerates governments and users all contribute to shaping the forms and functions of the Internet as the limits and potentialities of the technologies are tested and extended What is most surprising about the Internet is the proliferation of controversies and conflicts in which the

creativity of ordinary users plays a central role The title *Re-Inventing the Internet* refers to this extraordinary flowering of agency in a society that tends to reduce its members to passive spectators This collection presents a series of critical case studies that examine specific sites of change and contestation These cover a range of phenomena including computer gaming cultures online education surveillance and the mutual shaping of digital technologies and civic life

Reinventing Government in the Information Age Richard Heeks, 2001 Featuring practical guidance and analytical analysis this work reviews the role of information systems in public sector reform and includes case studies from USA UK Europe and developing countries

Understanding Regulation Robert Baldwin, Martin Cave, Martin Lodge, 2012 An introduction to the practical and theoretical issues that are central to the study of regulation which a particular focus on contested areas and how they are dealt with

Reducing Unnecessary and Costly Red Tape Through Smarter Regulation United States. Congress. Joint Economic Committee, 2013

Administrative Competence Elizabeth Fisher, Sidney A. Shapiro, 2020-10-15 This book reimagines administrative law as the law of public administration by making its competence the focus of administrative law

Regulatory Politics in an Age of Polarization and Drift Marc Allen Eisner, 2017-02-24 Regulatory change is typically understood as a response to significant crises like the Great Depression or salient events that focus public attention like Earth Day 1970 Without discounting the importance of these kinds of events change often assumes more gradual and less visible forms But how do we see change and what institutions and processes are behind it In this book author Marc Eisner brings these questions to bear on the analysis of regulatory change walking the reader through a clear eyed and careful examination of the dynamics of regulatory change since the 1970s social regulation and institutional design forms of gradual change including conversion layering and drift gridlock polarization and the privatization of regulation financial collapse and the anatomy of regulatory failure Demonstrating that transparency and accountability the hallmarks of public regulation are increasingly absent and that deregulation was but one factor in our most recent significant financial collapse the Great Recession this book urges readers to look beyond deregulation and consider the broader political implications for our current system of voluntary participation in regulatory programs and the proliferation of public private partnerships This book provides an accessible introduction to the complex topic of regulatory politics ideal for upper level and graduate courses on regulation government and business bureaucratic politics and public policy

Megaregulation Contested Benedict Kingsbury, David M. Malone, Paul Mertenskötter, Richard B. Stewart, Thomas Streinz, Atsushi Sunami, 2019-06-06 The Japan led Trans Pacific Partnership CPTPPA of 2018 is the most far reaching megaregional economic agreement in force with several major countries beyond its eleven negotiating countries also interested Still bearing the stamp of the original US involvement before the Trump era reversal TPP is the first instance of megaregulation a demanding combination of inter state economic ordering and national regulatory governance on a highly ambitious substantive and trans regional scale Its text and ambition have influenced other negotiations ranging from the Japan EU Agreement JEEPA and the

US Mexico Canada Agreement USMCA to the projected Pan Asian Regional Comprehensive Economic Partnership RCEP This book provides an extensive analysis of TPP as a megaregulatory project for channelling and managing new pressures of globalization and of core critical arguments made against economic megaregulation from standpoints of development inequality labour rights environmental interests corporate capture and elite governance Specialized chapters cover supply chains digital economy trade facilitation intellectual property currency levels competition and state owned enterprises government procurement investment prescriptions for national regulation and the TPP institutions Country studies include detailed analyses of TPP related politics and approaches in Japan Mexico Brazil China India Indonesia and Thailand Contributors include leading practitioners and scholars in law economics and political science At a time when the WTO and other global scale institutions are struggling with economic nationalism and geopolitics and bilateral and regional agreements are pressed by public disagreement and incompatibility with digital and capital and value chain flows the megaregional ambition of TPP is increasingly important as a precedent requiring the close scrutiny this book presents S. 981, the Regulatory Improvement Act of 1997 United States. Congress. Senate. Committee on Governmental Affairs,1998

Judging Regulators Eric C. Ip,2020-10-30 Drawing insights from economics and political science Judging Regulators explains why the administrative law of the US and the UK has radically diverged from each other on questions of law fact and discretion *OECD Reviews of Regulatory Reform Risk and Regulatory Policy Improving the Governance of Risk* OECD,2010-04-09 This publication presents recent OECD papers on risk and regulatory policy They offer measures for developing or improving coherent risk governance policies **Regulation, Enforcement and Governance in Environmental Law** Richard Macrory Hon KC,2014-10-09 Regulation Enforcement and Governance in Environmental Law is an updated edition of Richard Macrory s most influential writings Spanning his entire career these are all works which have helped shape contemporary environmental law and policy The book includes the full text of his 2006 Cabinet Office Review on Regulatory Sanctions new chapters on the Climate Change Act 2008 the Environment Tribunal and analysis of recent leading cases The book is divided into five thematic sections Regulatory reform Institutional Reform and Change the Dynamics of Environmental Law the Courts and the Environment and Europe and the Environment Reviews of the first edition This book is surely destined to become a must read for anyone academic practitioner or student interested in the development of regulation enforcement and environmental governance P Bishop IUCN Academy of Environmental Law Journal An excellent reference work on environmental law an extremely important and valuable edition to the environmental lawyer s bookshelf C Abbot Journal of Environmental Law It is a rare to find a volume which consumes one s attention for 765 pages and rarer still that such a blockbuster be a law book This book is not solely for environmental enthusiasts it should be essential reading for anyone concerned with the institutional reform transparency and accountability in the UK and EU C MacKenzie Cambridge Law Journal *The Death of Common Sense* Philip K. Howard,2011-05-03 NEW YORK TIMES

BESTSELLER We need a new idea of how to govern The current system is broken Law is supposed to be a framework for humans to make choices not the replacement for free choice So notes Philip K Howard in the new Afterword to his explosive manifesto *The Death of Common Sense* Here Howard offers nothing less than a fresh lucid practical operating system for modern democracy America is drowning in law lawsuits and nearly endless red tape Before acting or making a decision we often abandon our best instincts We pause we worry we equivocate and then we divert our energy into trying to protect ourselves Filled with one too many examples of bureaucratic overreach *The Death of Common Sense* demonstrates how we and our country can at last get back on track

Terrorizing Ourselves Benjamin H. Friedman, Jim Harper, Christopher A. Preble, 2010-05-01 *Terrorizing Ourselves* dismantles much of the flawed thinking that dominates U S counterterrorism policy today and lays out alternative approaches informed by experience deliberation and the well established norms of a free society Leading experts in the field contributed to this important new book which shows that politicians use fear for political purposes and spend vast sums of money on dubious security measures These experts explore the nature of modern terrorism explain and decry our panicked responses to it and offer sober alternatives Beyond specific proposals for disrupting terror cells and improving homeland security efforts *Terrorizing Ourselves* documents the many ways in which a climate of fear mongering exacerbates the threat of terrorism Terrorists the authors note get their name for a reason Fear is their chief tactic Political forces push U S policymakers to hype this fear encouraging Americans to believe that terrorists are global super villains who can wreck American society unless we submit to their demands This book shows that policies based on this fantasy are self defeating and bring needless war wasted wealth and less freedom The authors explore strategies to undermine support for these policies They also sketch an alternative counterterrorism and homeland security strategy one that makes us safer and plays to Americans confidence rather than our fears

Handbook of Regulatory Impact Assessment Claire A. Dunlop, Claudio M. Radaelli, 2016-04-29 Regulatory impact assessment RIA is the main instrument used by governments and regulators to appraise the likely effects of their policy proposals This pioneering Handbook provides a comparative and comprehensive account of this tool situating it in the relevant theoretical traditions and scrutinizing its use across countries policy sectors and policy instruments Comprising six parts university researchers international consultants and practitioners working in international organizations examine regulatory impact assessment from many perspectives which include research traditions in the social sciences implementation regulatory indicators and effects tools and dimensions such as courts and gender sectoral case studies including environment enterprise and international development international diffusion in the European Union EU Americas Asia and developing countries appraisal training and education With its wealth of detail and lessons to be learned the Handbook of Regulatory Impact Assessment will undoubtedly be of great value to practitioners and scholars working in governance political science and socio legal studies

University of Chicago Law Review: Volume 81, Number 2 - Spring 2014 University of Chicago Law Review, 2014-06-27 The second

issue of 2014 features articles and essays from recognized scholars Contents include these Articles Group to Individual G2i Inference in Scientific Expert Testimony David L Faigman John Monahan Christopher Slobogin Game Theory and the Structure of Administrative Law Yehonatan Givati Habeas and the Roberts Court Aziz Z Huq Cost Benefit Analysis and Agency Independence Michael A Livermore Accommodating Every Body Michael Ashley Stein Anita Silvers Bradley A Areheart Leslie Pickering Francis In addition the issue includes a Review Essay by Sharon R Krause entitled The Liberalism of Love and these student Comments Toward a Uniform Rule The Collapse of the Civil Criminal Divide in Appellate Review of Multitheory General Verdicts Nathan H Jack All out of Chewing Gum A Case for a More Coherent Limitations Period for ERISA Breach of Fiduciary Duty Claims Raphael Janove Quality ebook formatting includes active TOC linked notes active URLs in notes and all the charts tables and formulae found in the original print version **Economic Knowledge in Regulation**

Lorna S Schrefler,2014-12-01 It is conventional to argue that the autonomy and reputation of independent regulatory agencies IRAs depend on their expertise Yet studies on how IRAs create and deploy their knowledge capacity are few and far apart By addressing the underexplored question of the role of economics in regulatory policy making this book fills a gap in two different strands of literature on IRAs and on knowledge utilisation respectively Only a few authors have taken a somewhat comparable approach eg McGarity 1991 Morgenstern 1997 Jennings and Hall 2011 but their work focuses on US regulators Conversely little has been written on their European counterparts This book also proposes an innovative solution to operationalise hypotheses on the role of expertise in policy making and makes this contribution particularly relevant for recent debates on evidence based policy making Finally it takes a close look at specific regulatory decisions by one of the oldest and most authoritative regulators School Choice In The Real World Robert Maranto,2018-04-27 This book presents the first published accounts and evaluations of the first free market in education in the U S Arizona charter schools The charter school is fast becoming one of the most significant attempts at public education reform in this country Over 1100 charter schools operate in twenty seven states with several hundred more to be added in the next two years School Choice in the Real World looks at the charter school movement through a highly focused lens it examines charter schools in Arizona which currently account for nearly one quarter of all charter schools Using this state as a case study the editors examine the experiences of actual charter school operators social scientific analysis policy discussions and criticism and forecasting for the future School choice is the most talked about reform of American public education yet writings about choice remain highly speculative because no state has adopted a free market approach to education until now The charter school is fast becoming one of the most significant attempts at public education reform in this country Over 1100 charter schools operate in twenty seven states with several hundred more to be added in the next two years School Choice in the Real World looks at the charter school movement through a highly focused lens it examines charter schools in Arizona which currently account for nearly one quarter of all charter schools Since 1994 Arizona has implemented a charter school law with

the lowest barriers to entry in the nation As a result Arizona has more than 200 charter school campuses Some districts have even lost more than 10% of their students to charter schools Using the state of Arizona as a case study the editors examine the experiences of actual charter school operators social scientific analysis policy discussions and criticism and forecasting for the future The editors bring together academics policy makers and practitioners and they explain and evaluate how school choice works in the real world

Carrots, Sticks, and Sermons Marie-Louise Bemelmans-Videc, Ray C. Rist, Evert Oskar Vedung, 2011-12-31 The literature on policy strategies instruments and styles is impressive Still a complex variety of theoretical and conceptual approaches and analytical tools hamper a good overview *Carrots Sticks and Sermons* proposes such a framework for the field and clearly shows how public policy instruments are classified packaged and chosen while highlighting the role evaluation plays in the instruments choice process *Carrots Sticks and Sermons* offers a comprehensive analysis of categories and typologies of policy instruments It classifies sticks carrots and sermons or more specifically regulation economic means and information Readers are offered a comparative perspective of evaluation practice in foreign contexts Special attention is paid to the examples of Sweden the Netherlands Belgium England Canada the United States and the Republic of Korea As such this volume crosses language barriers that stand in the way of dispersing research results among the international community of theoreticians and practitioners As nations become increasingly interdependent problems of implementation and evaluation of policy choices will become issues of increasing gravity *Carrots Sticks and Sermons* provides insights into the traditional and current practice of policy and program evaluation in various contexts The book's theory of comparative public policy will produce understanding and guidance in designing better policies It will be of wide interest to those in the fields of public policy particularly policy design policy implementation policy evaluation comparative politics and economics

Adopting the Tune of Expression: An Psychological Symphony within **Reinventing Rationality**

In some sort of eaten by screens and the ceaseless chatter of fast communication, the melodic splendor and mental symphony developed by the published term frequently fade into the background, eclipsed by the constant sound and interruptions that permeate our lives. However, situated within the pages of **Reinventing Rationality** a charming literary value brimming with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, that interesting masterpiece conducts visitors on an emotional journey, well unraveling the concealed songs and profound influence resonating within each carefully constructed phrase. Within the depths with this touching analysis, we shall investigate the book is key harmonies, analyze its enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

Reinventing Rationality Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reinventing Rationality has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reinventing Rationality has opened up a world of possibilities. Downloading Reinventing Rationality provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reinventing Rationality has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reinventing Rationality. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reinventing Rationality. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reinventing Rationality, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reinventing Rationality has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reinventing Rationality Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Reinventing Rationality is one of the best book in our library for free trial. We provide copy of Reinventing Rationality in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Reinventing Rationality. Where to download Reinventing Rationality online for free? Are you looking for Reinventing Rationality PDF? This is definitely going to save you time and cash in something you should think about.
