

REINVENTING RUSSIA

The background of the book cover features a blurred image of the Russian flag (white, blue, and red horizontal stripes) and a dark silhouette of a Russian onion dome, likely from a church or palace, positioned on the left side.

RUSSIAN
NATIONALISM
AND THE
SOVIET STATE

1953-1991

YITZHAK M. BRUDNY

Reinventing Russia Russian Nationalism And The Soviet State 1953 1991

Geoffrey A. Hosking

Reinventing Russia Russian Nationalism And The Soviet State 1953 1991:

Reinventing Russia Yitzhak M. Brudny, 2000-10-02 Brudny argues that the rise of the Russian nationalist movement was a combined result of the reinvention of Russian national identity by a group of intellectuals and the Communist Party's active support of this reinvention in order to gain greater political legitimacy **Russian Nationalism and the**

Russian-Ukrainian War Taras Kuzio, 2022-01-26 This book is the first to provide an in depth understanding of the 2014 crisis Russia's annexation of Crimea and Europe's de facto war between Russia and Ukraine The book provides a historical and contemporary understanding behind President Vladimir Putin Russia's obsession with Ukraine and why Western opprobrium and sanctions have not deterred Russian military aggression The volume provides a wealth of detail about the inability of Russia from the time of the Tsarist Empire throughout the era of the Union of Soviet Socialist Republics USSR and since the dissolution of the latter in 1991 to accept Ukraine as an independent country and Ukrainians as a people distinct and separate from Russians The book highlights the sources of this lack of acceptance in aspects of Russian national identity In the Soviet period Russians principally identified themselves not with the Russian Soviet Federative Republic but rather with the USSR as a whole Attempts in the 1990s to forge a post imperial Russian civic identity grounded in the newly independent Russian Federation were unpopular and notions of a far larger Russian imagined community came to the fore A post Soviet integration of Tsarist Russian great power nationalism and White Russian migr chauvinism had already transformed and hardened Russian denial of the existence of Ukraine and Ukrainians as a people even prior to the 2014 crises in Crimea and the Donbas Bringing an end to both the Russian occupation of Crimea and to the broader Russian Ukrainian conflict can be expected to meet obstacles not only from the Russian de facto President for life Vladimir Putin but also from how Russia perceives its national identity *Nationalist Imaginings of the Russian Past* Konstantin

Sheiko, 2012-05-25 Anatolii Fomenko is a distinguished Russian mathematician turned popular history writer founder of the so called New Chronology school and part of the explosion of alternative historical writing that has emerged in Russia since the collapse of the Soviet Union Among his more startling claims are that the Old Testament was written after the New Testament that Russia is older than Greece and Rome and that the medieval Mongol Empire was in fact a Slav Turk world empire a Russian Horde to which Western and Eastern powers paid tribute While academic historians dismiss Fomenko as a dangerous ethno nationalist or post modern clown Fomenko's publications invariably outsell his conventional rivals Just as Putin has restored Russia's faith in its future Fomenko and an army of fellow alternative historians are determined to restore Russia's faith in its past For Fomenko the key to Russia's greatness in the future lies in ensuring that Russians understand the true greatness of their past Fomenko and other pseudo historians have built upon existing Russian notions of identity specifically the widespread belief in the positive qualities of empire and the special mission of Russia He has drawn upon previous attempts to establish a Russian identity ranging from Slavophilism through Stalinism to Eurasianism While fantastic

Fomenko's pseudo history strikes many Russian readers as no less legitimate than the lies and distortions peddled by Communist propagandists Tsarist historians and church chroniclers

Russia and the Russians Geoffrey A. Hosking, 2001 Chronicles the history of the Russian Empire from the Mongol Invasion through the Bolshevik Revolution to the aftereffects of the Cold War

Russia's International Relations in the Twentieth Century Alastair Kocho-Williams, 2013-01-04 Russia has long been a major player in the international relations arena but only by examining the whole century can Russian foreign policy be properly understood and the key questions as to the impact of war of revolution of collapse the emergence of the Cold War and Russia's post Soviet development be addressed Surveying the whole of the twentieth century in an accessible and clear manner Russia's International Relations in the Twentieth Century provides an overview and narrative with analysis that will serve as an introduction and resource for students of Russian foreign policy in the period and those who seek to understand the development of modern Russia in an international context The volume includes an analysis of the major themes which surrounded Russia's position in world affairs as one of the European Great Powers before the First World War the impact of Revolution and the emergence of Soviet foreign policy with its dual aims of normalization and world revolution the changes wrought to the international order by the rise of Nazi Germany and by the Second World War the origins and development of the Cold War the end of the Cold War and the Soviet collapse how Russia has rebuilt itself as an international power in the post Soviet era An essential resource for students of Russian history and International policy

Nikolai Bolkhovitinov and American Studies in the USSR Sergei I. Zhuk, 2020-07-06 This study is an intellectual biography of Nikolai N Bolkhovitinov 1930 2008 the prominent Soviet historian who was a pioneering scholar of US history and US Russian relations Alongside the personal history of Bolkhovitinov this study also examines the broader social cultural and intellectual developments within the Americanist scholarly community in Soviet and post Soviet Russia Using archival documents numerous studies by Russian and Ukrainian Americanists various periodicals personal correspondence diaries and more than one hundred interviews it demonstrates how concepts genealogies and images of modernity shaped a national self perception of the intellectual elites in both nations during the Cold War

Advanced Introduction to Russian Politics Richard Sakwa, 2023-12-11 This perceptive Advanced Introduction provides a contemporary analysis of Russia's political system political institutions and its place on the global stage Richard Sakwa deftly explores Russia's emergence as an independent state examining the structure of its existing political and economic system its transformation following the constitutional reform of 2020 and the immediate and long term consequences of the Russia Ukraine war

Secessionism and Separatism in Europe and Asia Jean-Pierre Cabestan, Aleksandar Pavković, 2013-01-03 The boundaries between secessionism and separatism are often blurred and in many cases study of secessionism encompasses that of separatism and vice versa Recognising this inherent relationship this book provides a comparative survey of recent attempts at secession and separatist movements from across Europe and Asia and assesses the responses of the respective host governments The

essays address two main questions which arise from the relationship between state governments and secessionist movements first how secessionist or separatist movements gather support and mobilize their target populations and second how central political authorities respond to the challenges that secessionist or separatist movements pose to their capacity to control the country With political analysis of recent cases ranging from the Balkans the USSR the UK and the Basque Country to Sri Lanka Burma China Tibet and Taiwan the authors identify both similarities and differences in the processes and outcomes of secessionist and separatist movements across the two distinct regions This volume will be an invaluable resource for those who wish to understand the dynamics of secessionist movements and as such will appeal to students and scholars of Asian and European politics comparative politics international relations and conflict studies It will also be helpful to practitioners and policy makers who wish to understand and contribute to the resolution of such conflicts

Soviet and Post-Soviet Identities Mark Bassin, Catriona Kelly, 2012-04-26 Since the Soviet Union collapsed in 1991 questions of identity have dominated the culture not only of Russia but of all the countries of the former Soviet bloc This timely collection examines the ways in which cultural activities such as fiction TV cinema architecture and exhibitions have addressed these questions and also describes other cultural flashpoints from attitudes to language to the use of passports It discusses definitions of political and cultural nationalism as well as the myths institutions and practices that moulded and expressed national identity From post Soviet recollections of food shortages to the attempts by officials to control popular religion it analyses a variety of unexpected and compelling topics to offer fresh insights about this key area of world culture Illustrated with numerous photographs it presents the results of recent research in an accessible and lively way

A Sacred Space Is Never Empty Victoria Smolkin, 2018-05-22 When the Bolsheviks set out to build a new world in the wake of the Russian Revolution they expected religion to die off Soviet power used a variety of tools from education to propaganda to terror to turn its vision of a Communist world without religion into reality Yet even with its monopoly on ideology and power the Soviet Communist Party never succeeded in overcoming religion and creating an atheist society A Sacred Space Is Never Empty presents the first history of Soviet atheism from the 1917 revolution to the dissolution of the Soviet Union in 1991 Drawing on a wealth of archival material and in depth interviews with those who were on the front lines of Communist ideological campaigns Victoria Smolkin argues that to understand the Soviet experiment we must make sense of Soviet atheism Smolkin shows how atheism was reimagined as an alternative cosmology with its own set of positive beliefs practices and spiritual commitments Through its engagements with religion the Soviet leadership realized that removing religion from the sacred spaces of Soviet life was not enough Then in the final years of the Soviet experiment Mikhail Gorbachev in a stunning and unexpected reversal abandoned atheism and reintroduced religion into Soviet public life A Sacred Space Is Never Empty explores the meaning of atheism for religious life for Communist ideology and for Soviet politics

Russia Robert Service, 2003 The first history of modern Russia from 1991 to the present day by one of the leading historians of the 20th century USSR and Russia

In 1991 in a huge experiment with a people and in a state of euphoria Boris Yeltsin abolished the USSR and recreated the Russian nation At the point of its declaration it was in a state of economic and social disarray and yet there were high hopes Hopes which have subsequently been dashed Robert Service brings to bear his vast knowledge of the people and the country to put the recent upheavals into context and he shows that not everything changed for the worst 1991 The Gorbachev years have allowed the Russian people to give a priority to living a private life and shutting the door on the state They could think what they liked They could enjoy intellectual and religious freedom and indulge in recreations their income would allow Gays and Lesbians could come out The Youth culture could finally be loosed from constraints This is a broad political social and cultural history of one of the newest nations ever to be formed *Fluid Russia* Vera Michlin-Shapir, 2021-12-15 *Fluid Russia* offers a new framework for understanding Russian national identity by focusing on the impact of globalization on its formation something which has been largely overlooked This approach sheds new light on the Russian case revealing a dynamic Russian identity that is developing along the lines of other countries exposed to globalization Vera Michlin Shapir shows how along with the freedoms afforded when Russia joined the globalizing world in the 1990s came globalization's disruptions Michlin Shapir describes Putin's rise to power and his project to reaffirm a stronger identity not as a uniquely Russian diversion from liberal democracy but as part of a broader phenomenon of challenges to globalization She underlines the limits of Putin's regime to shape Russian politics and society which is still very much impacted by global trends As well Michlin Shapir questions a prevalent approach in Russia studies that views Russia's experience with national identity as abnormal or defective either being too weak or too aggressive What is offered is a novel explanation for the so called Russian identity crisis As the liberal postwar order faces growing challenges Russia's experience can be an instructive example of how these processes unfold This study ties Russia's authoritarian politics and nationalist rallying to the shortcomings of globalization and neoliberal economics potentially making Russia patient zero of the anti globalist populist wave and rise of neo authoritarian regimes In this way *Fluid Russia* contributes to the broader understanding of national identity in the current age and the complexities of identity formation in the global world *Revolution Rekindled* Polly Jones, 2019 Towards the end of the Khrushchev era a major Soviet initiative was launched to rekindle enthusiasm for the revolution giving rise to over 150 biographies and historical novels authored by prominent dissidents leading historians and popular historical novelists What new meanings did revolution take on as it was reimagined by these writers 1989 James Mark, Bogdan C. Iacob, Tobias Rupprecht, Ljubica Spaskovska, 2019-08-29 Placing Eastern Europe in a global context this provides new perspectives on the political economic and cultural transformations of the late twentieth century **Lost Kingdom** Serhii Plokhy, 2017-10-10 From a preeminent scholar of Eastern Europe and the prizewinning author of *Chernobyl* the essential history of Russian imperialism In 2014 Russia annexed the Crimea and attempted to seize a portion of Ukraine only the latest iteration of a centuries long effort to expand Russian boundaries and create a pan Russian nation In *Lost Kingdom* award

winning historian Serhii Plokhy argues that we can only understand the confluence of Russian imperialism and nationalism today by delving into the nation's history. Spanning over 500 years from the end of the Mongol rule to the present day, Plokhy shows how leaders from Ivan the Terrible to Joseph Stalin to Vladimir Putin exploited existing forms of identity warfare and territorial expansion to achieve imperial supremacy. An authoritative and masterful account of Russian nationalism, *Lost Kingdom* chronicles the story behind Russia's belligerent empire building quest.

Truth, Silence and Violence in Emerging States Aidan Russell, 2018-10-31 Around the world in the twentieth century, political violence in emerging states gave rise to different kinds of silence within their societies. This book explores the histories of these silences, how they were made, maintained, evaded, and transformed. This book gives a comprehensive view of the ongoing evolutions and multiple faces of silence as a common strand in the struggles of state building. It begins with chapters that examine the construction of regimes of silence as an act of power, and it continues through explorations of the ambiguous limits of speech within communities marked by this violence. It highlights national and transnational attempts to combat state silences, before concluding with a series of considerations of how these regimes of silence continue to be extrapolated in the gaps of records and written history. This volume explores histories of the composed silences of political violence across the emerging states of the late twentieth century, not solely as a present concern of aftermath or retrospection, but as a diachronic social and political dimension of violence itself. This book makes a major original contribution to international history, as well as to the study of political terror, human rights violations, social recovery, and historical memory.

Imperial Ends Alexander J. Motyl, 2001-08-01 Despite their historical importance, empires have received scant attention from social scientists. Now Alexander J. Motyl examines the structure, dynamics, and continuing relevance of empire and asks: Why do empires decline? Why do some empires collapse? And why do some collapsed empires revive? Rejecting choice-centered theories of imperial decline, Motyl maintains that the very structure of empires promotes decay, and that decay in turn facilitates the progressive loss of territory. Although most major empires have in fact declined in this manner, some such as the Soviet Union have collapsed suddenly and comprehensively. Motyl explains how and why collapse occurs, why such an outcome is hard to foresee, and why some collapsed empires revive. While broad-ranging historically and empirically, *Imperial Ends* focuses on five modern empires: the Soviet, Romanov, Ottoman, Habsburg, and Wilhelmine. Examining the possibility of a revival of the Soviet empire, Motyl points out that the expansion of NATO and the European Union, along with increasing globalization, will isolate Russia and its neighbors, promoting their dependence upon one another and perhaps facilitating the rise of the former core. With boldly stated conclusions and concise analytical interpretations, *Imperial Ends* cohesively illustrates to policymakers and social scientists alike the importance of possible imperial revivals and the rise of future empires.

The Demise of Marxism-Leninism in Russia A. Brown, 2004-08-31 In *The Demise of Marxism-Leninism in Russia*, distinguished specialists chart the rise of new thinking on the Soviet system and the decline and fall of Marxism-Leninism in the late Soviet period.

They also discuss the failure of Marxism Leninism to make a comeback in post Soviet Russia This book makes a significant contribution to understanding the independent importance of ideas in politics and provides clear analyses of the rise of liberal and social democratic thought about the political system the economy international Communism nationalism and federalism

Imagined Worlds and Constructed Differences in the Hebrew Bible Jeremiah W. Cataldo, 2019-08-22 The purpose of this volume is twofold to introduce readers to the study of cultural memory and identity in relation to the Hebrew Bible and to set up strategies for connecting studies of the historical contexts and literature of the Bible to parallel issues in the present day The volume questions how we can better understand the divide between insider and outsider and the powerful impact of prejudice as a basis for preserving differences between us and them In turn the contributors question how such frameworks shape a community s self perception its economics and politics Guided by the general framework of Anderson s theory of nationalism and the outsider such issues are explored in related ways throughout each of the contributions Each contribution focuses on social economic or political issues that have significantly shaped or influenced dominant elements of cultural memory and the construction of identity in the biblical texts Together the contributions present a larger proposal the broad contours of memory and identity in the Bible are the products of a collective desire to reshape the social political world

Soviet Power and the Countryside N. Melvin, 2003-11-04 Drawing upon extensive archival and other original sources Soviet Power and the Countryside offers a new approach to understanding the political dynamics that led to the collapse of the Soviet order A detailed analysis of the design implementation and collapse of Soviet policy toward the countryside is used to explore the implications of a broadening of participation in the policy process from the 1960s Neil J Melvin argues that the new knowledge about rural society created as a result of this process provided the basis for a fundamental change in the nature of power relations in the Soviet order leading to the decay and eventual collapse of policy making institutions

The Top Books of the Year Reinventing Russia Russian Nationalism And The Soviet State 1953 1991 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Reinventing Russia Russian Nationalism And The Soviet State 1953 1991 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
