provided by an international group of leading experts Late-Life Depression and Anxiety Art Walaszek, M.D.,2022-02-07 Late Life Depression and Anxiety empowers health care professionals to identify and diagnose anxiety and depression in older adult patients and help them find relief stay independent and lower their risk of suicide Readers will gain up to date knowledge of the scope and seriousness of depression anxiety and suicide in older adults alongside a system of proven assessment and treatment techniques for turning evidence based theory into practice Sex and Diversity in Later Life Trish Hafford-Letchfield,Paul Simpson,Paul Reynolds,2022-11-15 Addressing diversity in sexual and intimate experience later in life 50 this collection explores how being older intersects with ethnicity gender sexuality and class This original text extends knowledge concerning intimacies practices and pleasures for those thought to represent normative forms of sexual identification and expression **Love and Loss** Colin Murray Parkes,2013-05-13 Loving and grieving are two sides of the same coin we cannot have one without risking the other Only by understanding the nature and pattern of loving can we begin to understand the problems of grieving Conversely the loss of a loved person can teach us much about the nature of love Love and Loss the result of a lifetime s work has important implications for the study of attachment and bereavement In this volume Colin Murray Parkes reports his innovative research that enables us to bring together knowledge of childhood attachments and problems of bereavement resulting in a new way of thinking about love bereavement and other losses Areas covered include patterns of attachment and grief loss of a parent child or spouse in adult life social isolation and support The book concludes by looking at disorders of attachment and considering bereavement in terms of its implications on love loss and change in a wider context Illuminating the structure and focus of thinking about love and loss this book sheds light on a wide range of psychological issues It will be essential reading for professionals working with bereavement as well as graduate students of psychology psychiatry and sociology New Directions in the Study of Late Life Religiousness and Spirituality Susan H. Mcfadden,Mark Brennan,2014-05-01 Examine the questions of how what and why associated with religiousness and spirituality in the lives of older adults New Directions in the Study of Late Life Religiousness and Spirituality explores new ways of thinking about a topic that was once taboo but that has now attracted considerable attention from the gerontological community It examines various approaches to methodology and definition that are used in the study of religion spirituality and aging In addition it explores the ways that gerontological research can highlight the role of religion and spirituality in the lives of older adults The first section will introduce you to new ways of thinking about research methodology and data analysis that can be applied to studying the complexity of older adults religious spiritual practice and beliefs You ll learn several approaches to the study of phenomena that are both personal and also deeply embedded in community The second section addresses issues of definition exploring important questions that call for critical reflection such as What are we studying What social and psychological influences shape our thinking about definition and Do the definitions used by gerontologists match those held by older people The final section moves the study of religion

spirituality and aging beyond a focus on health and mortality to examine well being more broadly in the context of the life experiences of older adults Here is a small sample of what you ll learn about in New Directions in the Study of Late Life Religiousness and Spirituality structural equation modeling a statistical method designed to capture the dynamics inherent in the passage of time feminist qualitative methods for studying spiritual resiliency in older women spirituality as a public health issue the differences between groups of older people in the way they define religion and spirituality the psychosocial implications of two types of religious orientation dwelling and seeking older women s responses to the experience of widowhood and to the question of whether their religious beliefs were affected by the experience how social context influences our decisions and our interpretations of people s religious beliefs behaviors and experiences the ways that people caring for a spouse with dementia rely on religious coping a model that delineates three different ways people relate to God in coping and a study that asks whether these types of coping produce different outcomes for caregivers how people adjust to bereavement as a function of their beliefs about an afterlife

The Price of Love Colin Murray Parkes, 2014-08-01 In the course of a long career Colin Murray Parkes one of the most important and influential psychiatrists working in the field of bereavement and loss has produced a body of work which can be considered truly ground breaking His early studies involved working alongside John Bowlby in the development of attachment theory and led to his pioneering work on the Harvard Bereavement Project in the USA and at the new St Christopher s Hospice in Britain Parkes focussed on two psychological processes grief which is the painful search for a lost person or object of attachment and transition which is the process of changing the assumptive world in ways that ensure that nothing worthwhile need be completely lost Out of the struggle to resolve the conflict between holding on and letting go of the old assumptions there gradually emerges a new and more mature model of the world These ideas throw light on a wide range of life change events and have proved useful to people faced with bereavement physical disabilities dying disasters and even terrorist attacks In recent years he has supported humanitarian efforts in countries including Rwanda India and Japan Parkes career has spanned several decades and touched countless lives In **The Price of Love** Parkes presents papers which span the full extent of his career covering and linking together our understanding of the five major areas of his work Love and grief Crisis trauma and transition Death and dying Disasters War and terrorism breaking the cycle The papers included here have been carefully selected and annotated to show how Parkes thinking has developed during a career as researcher practitioner and educator In each section of the book psychological and social causes are paired with consequences and interventions both preventive and therapeutic and explored from Western and cross cultural perspectives all with Parkes customary clarity and compassion This unique collection of papers will prove invaluable to psychologists psychiatrists palliative care staff counsellors and students as well as those studying international conflict and working with the bereaved

The Handbook of Life-Span Development, Volume 2 ,2010-08-09 In the past fifty years scholars of human development have been moving from studying change in

humans within sharply defined periods to seeing many more of these phenomenon as more profitably studied over time and in relation to other processes The Handbook of Life Span Development Volume 2 Social and Emotional Development presents the study of human development conducted by the best scholars in the 21st century Social workers counselors and public health workers will receive coverage of the social and emotional aspects of human change across the lifespan **Myths and Mysteries of Same-Sex Love** Christine Downing,2006 Myths and Mysteries of Same Sex Love makes a powerful statement about the realities of gay and lesbian psyche A gay and lesbian psychic perspective may at first be startling but once examined it proves to be unforgettable The Advocate Looking into Later Life Rachael Davenhill,2018-10-08 This book belongs to a long tradition at the Tavistock Clinic of work focused on the mental and emotional well being of the elderly It applies psychoanalytic thinking to areas that have generally attracted very little sustained attention over the years

Archetype Revisited Anthony Stevens,2004-07-31 Archetype A Natural History of the Self first published in 1982 was a ground breaking book the first to explore the connections between Jung s archetypes and evolutionary disciplines such as ethology and sociobiology and an excellent introduction to the archetypes in theory and practical application as well C G Jung s archetypes of the collective unconscious have traditionally remained the property of analytical psychology and have commonly been dismissed as mystical by scientists But Jung himself described them as biological entities which if they exist at all must be amenable to empirical study In the work of Bowlby and Lorenz and in recent studies of the bilateral brain Dr Anthony Stevens has discovered the key to opening up this long ignored scientific approach to the archetypes originally envisaged by Jung himself At last in a creative leap made possible by the cross fertilisation of several specialist disciplines psychiatry can be integrated with psychology with ethology and biology The result is an immensely enriched science of human behaviour In this revised updated edition Anthony Stevens considers the enormous cultural social and intellectual changes that have taken place in the past 20 years and includes An updated chapter on The Archetypal Masculine and Feminine reflecting recent research findings and developments in the thinking of feminists Commentary on the intrusion of neo Darwinian thinking into psychology and psychiatry Analysis of what has happened to the archetype in the past 20 years in terms of our understanding of it and our responses to it **A Pint of Patience with a Dollop of Love** Dr. Rachna
