True disagreements are hard to achieve and even harder to maintain for the ghost of final agreement constantly haunts them The Babylonian Talmud however escapes from that ghost of agreement and provokes unsettling questions Are there any conditions under which disagreement might constitute a genuine relationship between minds Are disagreements always only temporary steps toward final agreement Must a community of disagreement always imply agreement as in an agreement to disagree What is Talmud rethinks the task of philological literary historical and cultural analysis of the Talmud It introduces an aspect of this task that has best been approximated by the philosophical anthropological and ontological interrogation of human being in relationship to the Other whether animal divine or human In both engagement and disengagement with post Heideggerian traditions of thought Sergey Dogopolski complements philological historical and cultural approaches to the Talmud with a rigorous anthropological ontological and Talmudic inquiry He redefines the place of the Talmud and its study both traditional and academic in the intellectual map of the West arguing that Talmud is a scholarly art of its own and represents a fundamental intellectual discipline not a mere application of logical grammatical or even rhetorical arts for the purpose of textual hermeneutics In Talmudic intellectual art disagreement is a fundamental category What Is Talmud rediscovers disagreement as the ultimate condition of finite human existence or co existence **The Oxford Handbook of Psychotherapy Ethics** Manuel Trachsel,Nikola Biller-Andorno,Jens Gaab,Şerife Tekin,John Z.
