Spanish Women and the Colonial Wars of the 1890s D. J. Walker, 2008-05-01 In the late 1890s a journalist wrote Spanish women would rather weep at a husband s or a son s gravesite than blush for lack of patriotic fervor Yet at a time when women were expected to sacrifice their sons and husbands willingly for the sake of the nation women organized and led three significant demonstrations against conscription in Spain In *Spanish Women and the Colonial Wars of the 1890s* D J Walker succeeds not only in contextualizing these demonstrations but also in elucidating what they suggested to contemporaries about the role of women in public life in late nineteenth century Spain During Spain s military action against an uprising in its North African enclave of Melilla 1893 and its wars against separatists in Cuba 1868 78 1895 98 and the Philippines 1896 98 Spaniards could pay a fee to the government to avoid being drafted leaving the poor to fill the military s ranks To protest unequal conscription practices women organized a demonstration in Zaragoza on August 1 1896 and two smaller demonstrations followed in Chiva Valencia and Viso del Alcor near Sevilla While such demonstrations were small in number and had no effect on government policy they received considerable attention in Spain and across the globe Drawing on a broad range of primary sources including literature memoirs and visual representations Walker explores what the eruption of these protests meant to the various groups that made up the political opposition in Spain She also considers the extent to which the history of women in the 1890s yields insights into the Spanish government s efforts to muffle any calls for change that were connected either to the status of women or that of the working classes She reviews the representation of women in connection to war and violence in the press and in other contemporary writings as well as the perceptions of women and violence regarding the Paris Commune still a vivid memory for a number of Spaniards in 1896 and anarchism The appendix includes excerpts from primary sources that present often neglected ideas and programs of dissident women including Teresa Claramunt Soledad Gustavo and Angeles L pez de Ayala Affording specific insights into the formidable obstacles including the Catholic Church class and gender animosities that blocked change in the status and role

experiments of vanguardista poets and the broader transformation of Spanish American poetry in the twentieth century Ultimately the book demonstrates how the dislocations in modernismo often seen as imperfect imitations were in fact innovative subversions that dissolved traditional hierarchies allowing for the development of a distinct Spanish American poetic voice This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989

Fragmentation of International Trade Law Reassessed Patrick Wasilczyk, 2023-11-16 This book provides innovative and empirically based insights into the ongoing debate on the fragmentation of international trade law It offers the reader a much needed doctrinal overview of the different approaches to the issue of fragmentation and reveals their inherent methodological advantages and limitations On this basis the book then approaches the issue of fragmentation from an empirical standpoint by applying a novel dataset on Preferential Trade Agreements Dispute Settlement Mechanisms PTA DSMs which have been used to adjudicate general exception clauses within the context of the individual PTA Members obligation to liberalize trade in goods Although the results remain limited to the single issue of PTA DSM adjudication for liberalization of trade in goods they are indicative of key misconceptions regarding the fragmentation of ITL As the findings confirm the PTA DSMs assessed have ultimately come to equivalent decisions taking into consideration their overall use the nature of the legal commitments embedded in the respective PTAs and the economic wellbeing of the respective PTA partners The book reveals the influence of specific PTA DSMs on other PTA DSMs and thereby paves the way for legal unification rather than fragmentation
