Jesus s miracles of healing were powerful attractions that caused great multitudes to assemble at the rumor of his coming Consequently in every town and village where Jesus was expected people gathered all of the sick and infirm in one place where Jesus would heal them Although Jesus was always willing to minister to the needs of the sick as a first priority miracles of healing have not been given the same degree of importance in the modern day church Jesus said that all that believed on him should do the works miracles of healing that he did But most churches in America do not have a specific ministry of healing I believe that the basic obstacles to healing in the church are related to theological and doctrinal errors which create doubts about Jesus s divinity thus generating lack of faith in miracles and unbelief This book is a critical analysis of Jesus s healing ministry and the essential place it holds in his gospel Contained in the narrative is an account of the author s experience as a Christian healer in the secular world and in his church and a guide to developing a healing ministry in your church **Darkling Fears** Aqsa Ahmed, Learning to feel describe and respond to our emotions isn t as easy as it sounds It can be difficult for some people to even be aware of their emotions much less be willing to face them and get to the bottom of them This is especially true for negative feelings like insecurity and fear These two emotions in particular have a curious relationship with each other and with the people feeling them It s really no wonder why some people can be plagued with fears hands begin to shake as the heart starts beating faster All of this anxiety can cause people to stop living the bucket list lifestyle they dream of The punishment for getting it wrong is run away paranoia How do they affect the person feeling them What do we do when the fear tries to paralyze all our being Darkling fears is a collection of such writings from writers who have dealt with fears and insecurities at some point of their lives and decided to acknowledge them through their work
