## **Lumumba A Biography:**

**Patrice Lumumba** Georges Nzongola-Ntalaja, 2014-11-04 Patrice Lumumba was a leader of the independence struggle in what is today the Democratic Republic of the Congo as well as the country's first democratically elected prime minister. After a meteoric rise in the colonial civil service and the African political elite, he became a major figure in the decolonization movement of the 1950s. Lumumba's short tenure as prime minister (1960-1961) was marked by an uncompromising defense of Congolese national interests against pressure from international mining companies and the Western governments that orchestrated his eventual demise. Cold war geopolitical maneuvering and well-coordinated efforts by Lumumba's domestic adversaries culminated in his assassination at the age of thirty-five, with the support or at least the tacit complicity of the U.S. and Belgian governments, the CIA, and the UN Secretariat. Even decades after Lumumba's death, his personal integrity and unyielding dedication to the ideals of self-determination, self-reliance, and pan-African solidarity assure him a prominent place among the heroes of the twentieth-century African independence movement and the worldwide African diaspora. Georges Nzongola-Ntalaja's short and concise book provides a contemporary analysis of Lumumba's life and work, examining both his strengths and his weaknesses as a political leader. It also surveys the national, continental, and international contexts of Lumumba's political ascent and his swift elimination by the interests threatened by his ideas and practical reforms.

Patrice Lumumba: The modern history of Africa was until very recently written on behalf of the indigenous races by the white man who had forcefully entered the continent during a particularly hubristic and dynamic phase of European history. In 1884, Prince Otto von Bismarck, the German chancellor, brought the plenipotentiaries of all major powers of Europe together to deal with Africa's colonization in such a manner as to avoid provocation of war. This event, known as the Berlin Conference of 1884-1885, galvanized a phenomenon that came to be known as the Scramble for Africa. The conference established two fundamental rules for European seizure of Africa. The first of these was that no recognition of annexation would be granted without evidence of a practical occupation, and the second that a practical occupation would be deemed unlawful without a formal appeal for protection made on behalf of a territory by its

**Conor, Volume I** Donald Harman Akenson,1994-09-07 The career of Conor Cruise O'Brien reads like the work of several people not just one Having served as a diplomat under Sean MacBride he came to world prominence as special representative to Dag Hammarskjöld Secretary General of the United Nations in the then Congo Squeezed ruthlessly by big power politics he resigned and wrote To Katanga and Back 1962 a classic in modern African history and still the only book to get behind the polished marble facade to reveal how the United Nations works O'Brien then became Vice Chancellor of the University of Ghana and battled for academic freedom against one of the most amiable of tyrants Kwame Nkrumah He moved on to become the first incumbent of the Schweitzer Chair at New York University His relations with the New York intellectuals of the time were productive acrimonious sometimes comic and part of a central chapter in the intellectual history of America in the 1960s From 1969 to 1977 O'Brien was probably the most hated person in Ireland as well as one of the most heroic One of the first to see the fascistic nature of the Provisional IRA he began an unrelenting campaign against its terrorism In that campaign he called into question the basic myths upon which the Irish republic was constructed His States of Ireland 1972 is the most publicly influential piece of Irish historical writing since John Mitchel s The Last Conquest of Ireland 1860 and many students of Irish history believe that O'Brien s work in the 1970s was crucial to averting civil war in Ireland Whatever one thinks about this extraordinary man one cannot ignore him He may well be the most important Irish nonfiction writer of the twentieth century with writings as widely scattered as they have been influential Volume I Narrative is the biography of one of the most controversial engaging and courageous individuals of this century Volume II Anthology brings together his best short pieces many of which originally appeared in such periodicals as the Spectator the New Republic Harper s the Atlantic the New Statesman the Observer and the New York Review of Books and have never been reprinted A complete bibliography of O'Brien s work is also provided

Sub-Saharan Political Cultures of Deceit in Language, Literature, and the Media, Volume II Esther Mavengano,Isaac Mhute,2023-12-12 This two volume set charts a cross disciplinary discursive terrain that proffers rich insights about deceit in contemporary postcolonial Sub Saharan African politics In an attempt to produce a nuanced and multifaceted academic dialoguing platform the two volumes have a particular focus on the aspects of treachery fear of difference oppositional politics and discourses semiotics of mis self representation The major aim of the proposed volumes is to contribute toward the often problematised conversations about the unfolding post colonial Sub Saharan world which is topical in decolonial and Pan African studies The volumes seek to place political thinking and postcolonial political systems under the scholarly gaze with the view to highlight and enhance the

participation of African cross disciplinary scholarship in the postcolonial political processes of the continent Most significantly it is through such probing of the limitations of our own disciplinary perspectives which can help us appreciate the complexity of the postcolonial Sub Saharan African politics The first volume uses Zimbabwe as a case study while the second volume examines postcolonial politics in Sub Saharan Africa more broadly The first volume uses Zimbabwe as a case study while the second volume examines postcolonial politics in Sub Saharan Africa more broadly The first volume uses Zimbabwe as a case study while the second volume examines postcolonial politics in Sub Saharan Africa more broadly
