still handed down around Oyster Bay the outline of a woman begins to emerge and with her the world she inhabited so rich in tradition and shaken by violent change Katie Kettle Gale was born into a Salish community in Puget Sound in the 1850s just as settlers were migrating into what would become Washington State With her people forced out of their traditional hunting and fishing grounds into ill provisioned island camps and reservations Katie Gale sought her fortune in Oyster Bay In that early outpost of multiculturalism where Native Americans and immigrants from the eastern United States Europe and Asia vied for economic social political and legal power a woman like Gale could make her way As Llyn De Danaan mines the historical record we begin to see Gale a strong willed Native woman who cofounded a successful oyster business then won the legal rights from her Euro American husband a man with whom she had raised children but who ultimately made her life unbearable Steeped in sadness with a lost home and a broken marriage children dying in their teens and tuberculosis claiming her at forty three Katie Gale s story is also one of remarkable pluck a tale of hard work and ingenuity gritty initiative and bad luck that is ultimately essentially American *Ancestral Mounds* Jay Miller,2015-12-01 *Ancestral Mounds* deconstructs earthen mounds and myths in examining their importance in contemporary Native communities Two centuries of academic scholarship regarding mounds have examined who what where when and how but no serious investigations have addressed the basic question why Drawing on ethnographic and archaeological studies Jay Miller explores the wide ranging themes and variations of mounds from those built thousands of years ago to contemporary mounds focusing on Native southeastern and Oklahoma towns Native peoples continue to build and refurbish mounds each summer as part of their New Year s celebrations to honor and give thanks for ripening maize and other crops and to offer public atonement The mound is the heart of the Native community which is sustained by song dance labor and prayer The basic purpose of mounds across North America is the same to serve as a locus where community effort can be engaged in creating a monument of vitality and a safe haven in the volatile world **The Rediscovery of the Wild** Peter H. Kahn, Jr.,Patricia H. Hasbach,2013-01-25 A compelling case for connecting with the wild for our psychological and physical well being and to flourish as a species We often enjoy the benefits of connecting with nearby domesticated nature a city park a backyard garden But this book makes the provocative case for the necessity of connecting with wild nature untamed unmanaged not encompassed self organizing and unencumbered and unmediated by technological artifice We can love the wild We can fear it We are strengthened and nurtured by it As a species we came of age in a natural world far wilder than today s and much of the need for wildness still exists within us body and mind *The Rediscovery of the Wild* considers ways to engage with the wild protect it and recover it for our psychological and physical well being and to flourish as a species The contributors offer a range of perspectives on the wild discussing such topics as the evolutionary underpinnings of our need for the wild the wild within including the primal passions of sexuality and aggression birding as a portal to wildness children s fascination with wild animals wildness and psychological healing the shifting baseline of what we consider wild and the true work of conservation Respect and

Responsibility in Pacific Coast Indigenous Nations E. N. Anderson, Raymond Pierotti, 2022-10-12 This book examines ways of conserving managing and interacting with plant and animal resources by Native American cultural groups of the Pacific Coast of North America from Alaska to California These practices helped them maintain and restore ecological balance for thousands of years Building upon the authors and others previous works the book brings in perspectives from ethnography and marine evolutionary ecology The core of the book consists of Native American testimony myths tales speeches and other texts which are treated from an ecological viewpoint The focus on animals and in depth research on stories especially early recordings of texts set this book apart The book is divided into two parts covering the Northwest Coast and California It then follows the division in lifestyle between groups dependent largely on fish and largely on seed crops It discusses how the survival of these cultures functions in the contemporary world as First Nations demand recognition and restoration of their ancestral rights and resource management practices Northwest Anthropological Research Notes Roderick Sprague, Deward E. Boyd, 2011 The imagined ghosts of Native Americans have been an important element of colonial fantasy in North America ever since European settlements were established in the seventeenth century Native burial grounds and Native ghosts have long played a role in both regional and local folklore and in the national literature of the United States and Canada as settlers struggled to create a new identity for themselves that melded their European heritage with their new North American frontier surroundings In this interdisciplinary volume Colleen E Boyd and Coll Thrush bring together scholars from a variety of fields to discuss this North American fascination with the phantom Native American *Phantom Past Indigenous Presence* explores the importance of ancestral spirits and historic places in Indigenous and settler communities as they relate to territory and history in particular cultural political social historical and environmental contexts From examinations of how individuals reacted to historical cases of hauntings to how Native phantoms have functioned in the literature of North Americans to interdisciplinary studies of how such beliefs and narratives allowed European settlers and Indigenous people to make sense of the legacies of colonialism and conquest these essays show how the past and the present are intertwined through these stories *Towards a New Ethnohistory* Keith Thor Carlson, John Sutton Lutz, David M. Schaepe, Naxaxalhts'i - Albert

"Sonny" McHalsie, 2018-04-20 Towards a New Ethnohistory engages respectfully in cross cultural dialogue and interdisciplinary methods to co create with Indigenous people a new decolonized ethnohistory This new ethnohistory reflects Indigenous ways of knowing and is a direct response to critiques of scholars who have for too long foisted their own research agendas onto Indigenous communities Community engaged scholarship invites members of the Indigenous community themselves to identify the research questions host the researchers while they conduct the research and participate meaningfully in the analysis of the researchers findings The historical research topics chosen by the St l community leaders and knowledge keepers for the contributors to this collection range from the intimate and personal to the broad and collective But what principally distinguishes the analyses is the way settler colonialism is positioned as something that unfolds in sometimes unexpected ways within St l history as opposed to the other way around This collection presents the best work to come out of the world s only graduate level humanities based ethnohistory field school The blending of methodologies and approaches from the humanities and social sciences is a model of twenty first century interdisciplinarity

Listening to the Fur Trade Daniel Robert

Laxer, 2022-04-05 As fur traders were driven across northern North America by economic motivations the landscape over which they plied their trade was punctuated by sound shouting singing dancing gunpowder rattles jingles drums fiddles and very occasionally bagpipes Fur trade interactions were in a word noisy Daniel Laxer unearths traces of music performance and other intangible cultural phenomena long since silenced allowing us to hear the fur trade for the first time Listening to the Fur Trade uses the written record oral history and material culture to reveal histories of sound and music in an era before sound recording The trading post was a noisy nexus populated by a polyglot crowd of highly mobile people from different national linguistic religious cultural and class backgrounds They found ways to interact every time they met and facilitating material interests and survival went beyond the simple exchange of goods Trust and good relations often entailed gift giving reciprocity was performed with dances songs and firearm salutes Indigenous protocols of ceremony and treaty making were widely adopted by fur traders who supplied materials and technologies that sometimes changed how these ceremonies sounded Within trading companies masters and servants were on opposite ends of the social ladder but shared songs in the canoes and lively dances during the long winters at the trading posts While the fur trade was propelled by economic and political interests Listening to the Fur Trade uncovers the songs and ceremonies of First Nations people the paddling songs of the voyageurs and the fiddle music and step dancing at the trading posts that provided its pulse
