prey there are few simple rules you must follow **Cosmopolitan Love** Sijia Yao,2023-11-09 Love and the different manifestations of it is a common theme in literature around the world In *Cosmopolitan Love* Sijia Yao examines the writings of D H Lawrence a British writer whose literature focused primarily on interpersonal relationships in domestic settings and Eileen Chang a Chinese writer who migrated to the United States and explored Chinese heterosexual love in her writing While comparing the writings of a Chinese writer and an English one Yao avoids a direct comparison between East and West that could further enforce binaries Instead she uses the comparison to develop an idea of cosmopolitanism that shows how the writers are in conversation with their own culture and with each other Both D H Lawrence and Eileen Chang wrote stories that are influenced by but sometimes stand in opposition to their own cultures They offer alternative understandings of societies dealing with modernism and cultural globalization Their stories deal with emotional pain caused by the restrictions of local politics and economics and address common themes of incestuous love sexual love adulterous love and utopian love By analyzing their writing Yao demonstrates that the concept of love as a social and political force can cross cultural boundaries and traditions to become a basis for human meaning the key to a cosmopolitan vision **Rapture** Susan Minot,2002-02-22 In this stunning novel the renowned author of *Evening* explores a tragic irony of love and sex how one partner can reach the heights of devotion at the very instant the other is dumped into the pits of despair *Time Out New York* Minot's story is timeless and she makes you feel pure raw ache *Rapture* is romantic in the true sense of the word *The Miami Herald* In a New York apartment two long estranged lovers try to resuscitate their passion Kay is old enough to be skeptical about men this man in particular but still alert to the possibility of true love Benjamin is a filmmaker with an appealing waywardness and a conveniently disappearing fiancé As the two lie entwined in bed Susan Minot ushers readers across an entire landscape of memory and sensation to reveal the infinite nuances of sex its power to exalt and deceive to connect two separate selves or make them fully aware of their solitude Honest and unflinching the result is a hypnotic reading experience

Beyond Words Wendy Harding,Jacky Martin,2009-03-26 This is a book about reading or rather about the moment when the usual frames of interpretation no longer apply That is where the Othering Excursion begins Through disruptive forms of rhetoric writers discard the structures and norms of the cultural system and use the disorders thus created to suggest what lies beyond it Cultivating distortion conceptual blocks and chaotic constructions their texts flout normal processes of interpretation Whereas traditional approaches often overlook these disorders or treat them as a form of informational noise in this study they become the basis of critical reflection Harding and Martin elaborate a critical concept and a range of reading methods to deal with what seem to be zones of obscurity in literary texts Cutting across boundaries of race ethnicity and gender they treat a wide range of poetry and short fiction that challenges traditional interpretations Giving new readings of canonical texts the book examines works by American authors that are widely read and taught like Elizabeth Bishop A R Ammons Don DeLillo Leslie Marmon Silko or Sandra Cisneros At the same time it includes studies of emerging writers like

Kate Braverman Dan Chaon or Chase Twichell There is something deeply moving in witnessing the birth of a new concept And indeed Wendy Harding and Jacky Martin s concept of Othering is a welcome addition to an already crowded field where concepts like difference alterity or hybridity are firmly established But the new concept is more than an addition it is more in the nature of a substitution as it aims to replace the now exhausted concepts allows the authors to avoid the trivialities of a criticism based on gender and race and by focusing on form and language or style to recapture the now largely lost intuitions of close reading This combination of close reading and a firm grasp of theory is one of the attractions of the book I am impressed by their mastery of the intricacies of theory and the range of their literary corpus in terms both of genres and texts I have no doubt that their book will be a major contribution to the renewal of the study of contemporary American literature

Professor Jean Jacques Lecercle University of Nanterre Paris In *Beyond Words* Wendy Harding and Jacky Martin offer a new attitude to reading that approaches true diversity by ignoring trends toward traditional groupings of authors by race and gender and instead examining democratically recent American literature in terms of its unique and peculiar achievements In choosing texts that employ the rhetoric of the inexpressible the authors have identified Othering as the common thread running through short fiction and poetry by authors as varied as Allen Ginsberg Raymond Carver Sandra Cisneros Adrienne Rich and Li Young Lee In transliterating the language of the ineffable and unspoken *Beyond Words* employs its superbly original methodology toward unfolding previously inaccessible layers of meaning and provoking a fuller understanding of the creative process and its cultural milieu

Michael Waters Professor of English at Salisbury University USA A germinal study from an other in this case European perspective of an at once idiosyncratic and indicative range of American texts with a view of how they themselves encounter the unexamined and unexpected Marilyn Hacker Professor at City College of New York and CUNY Graduate Center Invigorating and original *Beyond Words* The Othering Excursion in Contemporary American Literature challenges conventional ways of approaching literary texts Eschewing binaries Wendy Harding and Jacky Martin propose a new approach to reading and analyzing the heterogeneity of recent American literature By juxtaposing both well known and less familiar poetry and short fiction by authors as various as Gayl Jones John Ashbery Russell Banks and Marilyn Nelson Harding and Martin consider a stimulating variety of texts that cross aesthetic generic canonical and political boundaries Harding and Martin s polysemous approach to literary texts a procedure they call othering is groundbreaking and enlightening *Beyond Words* provides rich insights for scholars and general readers alike Harding and Martin s new mapping of American literature is a remarkable achievement certain to provoke dialogue for decades to come

Sue Standing Jane Ruby Professor of English Wheaton College Norton Massachusetts In this new book with the apt title *Beyond Words* the Othering Excursion in Contemporary American Literature Wendy Harding and Jacky Martin promise to generate intense conversation about their conceptual approach to reading canonical as well as newer texts in late twentieth century American literature *Beyond Words* favors a shift in thinking about all texts that defy conventional analysis and it resists the cleavages that it finds

in unsatisfactory terms like alterity and hybridity conceived to account for differences in gender racial ethnic and class contexts Re conceiving Othering as a corroborative and complementary methodology rather than a splintered one Beyond Words invites an illuminating comprehensive analysis of literary production in late twentieth century American texts Helena Woodard Associate Professor of English Department of English University of Texas at Austin USA [A Bull of a Man](#) John Powers,2009-06-19 The androgynous asexual Buddha of contemporary popular imagination stands in stark contrast to the muscular virile and sensual figure presented in Indian Buddhist texts In early Buddhist literature and art the Buddha s perfect physique and sexual prowess are important components of his legend as the world s ultimate man He is both the scholarly religiously inclined brahman and the warrior ruler who excels in martial arts athletic pursuits and sexual exploits The Buddha effortlessly performs these dual roles combining his society s norms for ideal manhood and creating a powerful image taken up by later followers in promoting their tradition in a hotly contested religious marketplace In this groundbreaking study of previously unexplored aspects of the early Buddhist tradition John Powers skillfully adapts methodological approaches from European and North American historiography to the study of early Buddhist literature art and iconography highlighting aspects of the tradition that have been surprisingly invisible in earlier scholarship The book focuses on the figure of the Buddha and his monastic followers to show how they were constructed as paragons of masculinity whose powerful bodies and compelling sexuality attracted women elicited admiration from men and convinced skeptics of their spiritual attainments *Eileen Chang* Kam Louie,2012-03-01 Eileen Chang 1920 1995 is arguably the most perceptive writer in modern Chinese literature She was one of the most popular writers in 1940s Shanghai but her insistence on writing about individual human relationships and mundane matters rather than revolutionary and political movements meant that in mainland China she was neglected until very recently Outside the mainland her life and writings never ceased to fascinate Chinese readers There are hundreds of works about her in the Chinese language but very few in other languages This is the first work in English to explore her earliest short stories as well as novels that were published posthumously It discusses the translation of her stories for film and stage presentation as well as nonliterary aspects of her life that are essential for a more comprehensive understanding of her writings including her intense concern for privacy and enduring sensitivity to her public image The thirteen essays examine the fidelity and betrayals that dominate her alter ego s relationships with parents and lovers informed by theories and methodologies from a range of disciplines including literary historical gender and film studies These relationships are frequently dramatized in plays and filmic translations of her work
