

Luther, Erasmus  
and the  
Reformation

A Catholic-Protestant  
Reappraisal  
Edited by John C. Olin

# Luther Erasmus And The Reformation A Catholic Protestant Reappraisal

**Terence J. Martin**

## **Luther Erasmus And The Reformation A Catholic Protestant Reappraisal:**

**Luther, Erasmus, and the Reformation** Union Theological Seminary (New York, N.Y.), Fordham University, 1969 Essays presented at a conference held Oct 20 21 1967 and sponsored by Union Theological Seminary and Fordham University **Luther, Erasmus and the Reformation** John C. Olin, 1969 *Luther, Erasmus and the Reformation* John C. Olin, 1969 Luther, Erasmus and the Reformation John C. Olin, Robert E. McNally, James D. Smart, 1969 *Ruling Class, Regime and Reformation at Strasbourg 1520-1555* Thomas Brady, 2022-02-28 **The Spirituality of Erasmus of Rotterdam** Richard L. DeMolen, 2024-04-30 **Renaissance Humanism in Support of the Gospel in Luther's Early Correspondence** Timothy P. Dost, 2017-07-05 Seeking to establish the influence of humanism on Luther through a study of his early correspondence c1507 1522 this work explores what effect these humanist ideas and techniques had on his developing religious beliefs **Luther and German Humanism** Lewis W. Spitz, 2024-10-28 The particular interest of Professor Spitz has been the close relationship and synergy between humanism and religious reform in the transformation of European culture in the 16th century Within the general cultural and intellectual context of the Renaissance and Reformation movements the present volume focuses on Luther and German humanism a subsequent collection looks more particularly at the place of education and history in the thought of the time The articles here discuss Luther's imposing knowledge of the classics his attitudes towards learning the religious and patriotic interests of the humanists and the role of a younger generation of humanists in the Reformation Also included is a far reaching appraisal of the impact of humanism and the Reformation on Western history **Erasmus's Life of Origen** Desiderius Erasmus, 2016 Erasmus of Rotterdam 1466 1536 hailed Origen of Alexandria 185 254 as a holy priest a gifted homilist a heroic Christian and a celebrated exegete and theologian of the ancient Church In this book Thomas Scheck presents one of the fruits of Erasmus's endeavors in the field of patristic studies a particularly neglected field of scholarship within Erasmus studies by providing the first English translation annotated and thoroughly introduced of Erasmus's final work the Prefaces to his Edition of Origen's writings 1536 Originally published posthumously two months after Erasmus's death the work surveys Origen of Alexandria's life writings preaching and contribution to the Catholic Church The staggering depth and breadth of Erasmus's learning are exhibited here as well as the maturity of his theological reflections which in many ways anticipate the irenicism of the Second Vatican Council with respect to Origen Erasmus presents Origen as a marvelous doctor of the ancient Church who made a tremendous contribution to the Catholic exegetical tradition and who lived a saintly life **Trinitarian Grace in Martin Luther's the Bondage of the Will** Miikka Ruokanen, 2021 Miikka Ruokanen is Professor Emeritus of Dogmatics at the University of Helsinki Finland and Professor of Systematic Theology at Nanjing Union Theological Seminary China He is also Guest Professor at the Renmin University of China Beijing and Advisory Professor at Fudan University Shanghai His publications include *The Catholic Doctrine of Non-Christian Religions According to the Second Vatican Council* Brill 1992 *Theology of*

Social Life in Augustine's *De civitate Dei* Vandenhoeck et Ruprecht 1993 and Christianity and Chinese Culture co edited with Paulos Huang Eerdmans 2010      *Divine and Human Authority in Reformation Thought* Ralph Keen, 2024-04-15

**Humanism and the Rhetoric of Toleration** Gary Remer, 2010-11-01 Religious toleration is much discussed these days But where did the Western notion of toleration come from In this thought provoking book Gary Remer traces arguments for religious toleration back to the Renaissance demonstrating how humanist thinkers initiated an intellectual tradition that has persisted even to our present day Although toleration has long been recognized as an important theme in Renaissance humanist thinking many scholars have mistakenly portrayed the humanists as proto Enlightenment rationalists and nascent liberals Remer however offers the surprising conclusion that humanist thinking on toleration was actually founded on the classical tradition of rhetoric It was the rhetorician's commitment to decorum the ability to argue both sides of an issue and the search for an acceptable epistemological standard in probability and consensus that grounded humanist arguments for toleration Remer also finds that the primary humanist model for a full fledged theory of toleration was the Ciceronian rhetorical category of *sermo* conversation The historical scope of this book is wide ranging Remer begins by focusing on the works of four humanists Desiderius Erasmus Jacobus Acontius William Chillingworth and Jean Bodin Then he considers the challenge posed to the humanist defense of toleration by Thomas Hobbes and Pierre Bayle Finally he shows how humanist ideas have continued to influence arguments for toleration even after the passing of humanism from John Locke to contemporary American discussions of freedom of speech      **Communities, Politics, and Reformation in Early Modern**

**Europe** Thomas Brady, 2021-10-25 The studies united in this volume explore themes of community politics religion gender and social conflict and accommodation during the first decades of the Reformation movement Other chapters investigate historiographical themes especially the interpretation of early modern German history Two longer chapters address European themes the historical sociology of early modern societies in terms of legal definitions of status and modern conceptions of economic class and the difference between central and western European development in a global context Taken together the studies explore the transition zone between medieval and modern history in both microhistorical especially urban and regional and broadly comparative contexts Some of the studies are supplementary to the author's books on the sixteenth century Protestant Reformation at Strasbourg in southern Germany and in the Holy Roman Empire

*Biblical Scholarship and the Church* Allan K. Jenkins, Patrick Preston, 2016-04-15 Conflicting claims to authority in relation to the translation and interpretation of the Bible have been a recurrent source of tension within the Christian church and were a key issue in the Reformation debate This book traces how the authority of the Septuagint and later that of the Vulgate was called into question by the return to the original languages of scripture and how linguistic scholarship was seen to pose a challenge to the authority of the teaching and tradition of the church It shows how issues that remained unresolved in the early church re emerged in first half of the sixteenth century with the publication of Erasmus Greek Latin New

Testament of 1516 After examining the differences between Erasmus and his critics the authors contrast the situation in England where Reformation issues were dominant and Italy where the authority of Rome was never in question Focusing particularly on the dispute between Thomas More and William Tyndale in England and between Ambrosius Catharinus and Cardinal Cajetan in Italy this book brings together perspectives from biblical studies and church history and provides access to texts not previously translated into English

**The Christology of Erasmus** Terence J. Martin,2024-01-12 The purpose of this book is to distill the Christological elements from his voluminous corpus in a manner that shows the range the coherence and the value of Erasmus thinking on matters Christological While Erasmus works within the broad parameters of orthodox teaching his critical skills with languages accent on rhetoric in theology keen sense of irony appreciation for the limits of human knowledge incipient sense of history emphasis on the welfare of humanity and passionate defense of peace give his work a distinctive stamp and thereby make a singular contribution to the history of Christology

*Luther in English* Michael S. Whiting,2010-06-01 Recent studies have increasingly downplayed and in a few cases even wholly denied the influence of Martin Luther s theology of Law and Gospel on early English evangelicals such as William Tyndale The impact of a late medieval Augustinian renaissance Erasmian Humanism the Reformed tradition and Lollardy have all but eclipsed the more central role once attributed to Luther Whiting reexamines these claims with a thorough reevaluation of Luther s theology of Law and Gospel in its historical context spanning twenty five years something entirely lacking in all previous studies Based on extensive research in the primary sources with acute attention to the larger historical narrative and in dialogue with secondary scholarship Whiting argues that scholars have often oversimplified Luther s theology of Law and Gospel and have thus wrongly diminished his very significant even principal influence upon first generation evangelicals William Tyndale John Frith and Robert Barnes during the English Reformation of the 1520s and 30s

The Protestant Reformation, 1517-1559 Lewis William Spitz,1985

*Translating Resurrection* Gergely M. Juhász,2015-01-27 Translating Resurrection examines the debate between William Tyndale and George Joye at the beginning of the English Reformation Occasioned by Joye s coining life after this for Tyndale s resurrection in Joye s 1534 edition of Tyndale s New Testament this fascinating but little known debate provides unique insights into the reformers beliefs concerning post mortem existence such as the question of immortality of the soul soul sleep prayers to saints and the doctrine of Purgatory By providing a thoroughgoing historical and theological context the book presents an original look at this important episode from the life of the exiled protestant English community The result will realign scholarship on Tyndale as well as centuries of neglect of Joye s contributions to early modern bible translation

**The Christian Church** Hans Schwarz,2007-04-01 With thoroughness and clarity Hans Schwarz presents a historical and systematic understanding of the church its worship and piety its traditions and doctrines its forms and structures This skilled assessment outlines the impact of the church today and analyzes its prospects for the future

**Renewing Christianity** Christopher M. Bellitto,2001 This book follows the tide of reform and

renewal in Church history and demonstrates that reform has always been an essential element of Christianity. Indeed, Christopher Bellitto emphasizes that reform should not be perceived as limited to the Reformation or Vatican II. As one learns from the author's analysis, the history of Christianity is little other than the history of reform. This sweeping assessment of Church history is both remarkable and deep but is also highly readable. Bellitto begins with an introduction to the subject of reform and follows that with chapters on the patristic period and Carolingian Renaissance, the High Middle Ages (1050-1300), Avignon to Trent, From Trent to Modernity, and Vatican II. He ends with a conclusion that draws together the recurring themes and patterns of reform activity in the Church. In short, this is a unique book on the subject of Church reform. *Renewing Christianity* is useful to both scholars and non academics alike. It is written in a learnedly popular style and would appeal to clergy, seminarians, academics, graduate students, or anyone interested in Church reform and renewal, Church history, or historical theology.
