created from silver silk wood and porcelain as well as unrealized architectural projects Iris Moon presents new perspectives on the changing meanings of luxury in the revolutionary and Napoleonic periods a time when artists were forced into hiding exile or emigration Moon draws on her expertise as a curator to revise conventional accounts of the so called Louis XVI style arguing that it was only after the revolutionary auctions liquidated the king s collections that their provenance accrued deeper cultural meanings as objects with both a royal imprimatur and a threatening reactionary potential Lively and accessible this thought provoking study will be of interest to curators art historians scholars and students of the decorative arts as well as specialists in the French Revolution

[Luxury and the Ruling Elite in Socialist Hungary](#) György Majtényi, 2021-11-02 After World War II, a new community of elite emerged in Hungary in spite of the communist principles espoused by the government. In *Luxury and the Ruling Elite in Socialist Hungary*, György Majtényi allows us a peek inside their affluence. Majtényi exposes the lavish standard of living that the higher echelon enjoyed, complete with pools, Persian rugs, extravagant furniture, servants and groundskeepers. They shopped in private stores stocked with expensive meats and tropical fruits just for them. They benefited from access to everything from books, telephone lines and international travel to hunting grounds, soccer games and even the choicest cemetery plots. But Majtényi also reveals the underbelly of such society, particularly how these privileges were used as a way of maintaining power, initiating or denying entry to party members and strengthening the very hierarchies that communism promised to abolish. Taking readers on a fascinating and often surprising look inside the manor homes and vacation villas of wealthy post-World War II Hungarians, Majtényi offers fresh insight into the realities of patriarchy, loyalty, gender and class within the communist regime. **Luxury** Peter McNeil, Giorgio Riello, 2016 The first ever global history of luxury, from Roman villas to Russian oligarchs, a sparkling story of novelty, excess, extravagance and indulgence through the centuries. **Luxury Tax: The Complete Series (The Cartel Publications Presents)** T.
