**Intermarium** Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture

Habsburg Lemberg Markian Prokopovych, 2009 When Austria annexed Galicia during the first partition of Poland in 1772 the province s capital Lemberg was a decaying Baroque town By the outbreak of the First World War in 1914 Lemberg had become a booming city with a modern urban and at the same time distinctly Habsburg flavor In the process of the long nineteenth century both Lemberg s appearance and the use of public space changed remarkably The city center was transformed into a showcase of modernity and a site of conflicting symbolic representations while other areas were left decrepit overcrowded and neglected Habsburg Lemberg Architecture Public Space and Politics in the Galician Capital 1772 1914 reveals that behind a variety of national and positivist historical

narratives of Lemberg and of its architecture there always existed a city that was labeled cosmopolitan yet provincial and a Vienna but still of the East Buildings streets parks and monuments became part and parcel of a complex set of culturally driven politics

**Przemyśl, Poland** John E. Fahey, 2023-02-15 Przemyśl Poland A Multiethnic City During and After a Fortress 1867 1939 examines the economic political demographic and cultural ramifications of Austro Hungarian military investment in Przemyśl Poland from the inception of the fortress in the 1870s through four months of siege in World War I to the decades of social change before World War II The city of Przemyśl lies a few miles west of the Poland Ukraine border In the decades before World War I the Austro Hungarian military poured money troops and material into this multiethnic city and transformed it into the Empire's largest fortress complex Though intended to protect the border with Russia and inspire political loyalty the resultant garrison instead made the city a target and prompted revulsion among local socialists who opposed the army's dominant position in town The heart of this book is the exploration of the relationship between soldiers and civilians in urban environments The city's physical and demographic growth was irreversibly tied to the army yet much of the population rejected the garrison and fought with its soldiers By 1907 Przemyśl featured one of the largest social democratic movements in Austrian Galicia By 1914 the city was besieged by the Russian Army and by 1918 the city was part of the new Second Polish Republic Przemyśl Poland is the story of how a single city transformed radically over a few decades with lasting lessons about the consequences of the military culture colliding with civilian life
