Holocaust Mothers and Daughters Federica K. Clementi, 2013-12-03 In this brave and original work Federica Clementi focuses on the mother daughter bond as depicted in six works by women who experienced the Holocaust sometimes with their mothers sometimes not. The daughters' memoirs which record the all too human qualities of those who were persecuted and murdered by the Nazis show that the Holocaust cannot be used to neatly segregate lives into the categories of before and after. Clementi's discussions of differences in social status along with the persistence of antisemitism and patriarchal structures support this point strongly demonstrating the tenacity of trauma individual, familial and collective among Jews in twentieth century Europe. *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), 1969 First multi year cumulation covers six years 1965-70.

La Folie des autres Tobie Nathan, 2024-01-10 Ce livre est le premier à avoir développé une théorie cohérente de la clinique interculturelle, c'est-à-dire des problèmes concrets qui apparaissent dans les psychothérapies entreprises avec des patients originaires de cultures autres qu'occidentales. Un titre fondateur de la discipline.

Le processus psychothérapeutique Pascal BECU, 2011-04 Pascal Becu est psychothérapeute et exerce à Limoges où il reçoit de nombreux patients adultes et enfants en consultation. Le livre *Le processus psychothérapeutique* constitue donc un résumé de sa méthode ainsi que le témoignage de son expérience. Il offre au lecteur intéressé à la fois la possibilité de comprendre les processus conscients et inconscients qui animent la vie psychique mais également ceux qui fondent l'expérience clinique. À ce titre, ce témoignage est extrêmement précieux en ce qu'il relie la théorie et la pratique de manière concrète tout en possédant l'exigence et la rigueur qu'impose l'analyse conceptuelle. Ce livre s'adresse donc à un large public et intéressera tous ceux qui, de l'étudiant au praticien du patient à son entourage, cherchent à approfondir leur connaissance de la vie psychique.

Current Catalog National Library of Medicine (U.S.), 1969 Includes subject section, name section and 1968-1970 technical reports.

Ma vie et la psychanalyse Sigmund Freud, 2019-10-29 Freud raconte dans ce livre sa vie et la naissance de la psychanalyse. Ce témoignage, la fois personnel et objectif, par un des hommes qui ont décisivement façonné notre époque est un des grands livres de notre temps.

Psychoanalysis and the family in twentieth-century France Richard Bates, 2022-02-08 In the last quarter of the twentieth century if French people had a parenting problem or dilemma there was one person they consulted above all: Françoise Dolto. 1908-88 But who was Dolto? How did she achieve a position of such

influence What ideas did she communicate to the French public This book connects the story of Dolto's rise to two broader histories the dramatic growth of psychoanalysis in postwar France and the long running debate over the family and the proper role of women in society It shows that Dolto's continued reputation in France as a liberal and enlightened educational thinker is at best only partially deserved and that conservative and anti feminist ideas often underpinned her prominent public interventions While Dolto retains the status of a national treasure her career has had far reaching and sometimes harmful repercussions for French society particularly in the treatment of autism Hypnosis and Psychosomatic Medicine
