**Mass Culture and National Traditions** Valeria Camporesi, 2000 Una ricostruzione dell'atteggiamento britannico verso l'America nelle politiche e nei programmi di radiodiffusione Annotation Supplied by Informazioni Editoriali Cinema and Radio in Britain and America, 1920-60 Jeffrey Richards, 2019-01-04 Cinema and radio in Britain and America 1920 60 charts the evolving relationship between the two principal mass media of the period It explores the creative symbiosis that developed between the two including regular film versions of popular radio series as well as radio versions of hit films This fascinating volume examines specific genres comedy and detective stories to identify similarities and differences in their media appearances and in particular issues arising from the nature of film as predominantly visual and radio as exclusively aural Richards also highlights the interchange of personnel such as Orson Welles between the two media Throughout the book runs the theme of comparison and contrast between the experiences of the two media in Britain and America The book culminates with an in depth analysis of the media appearances of three enduring mythic figures in popular culture Sherlock Holmes Tarzan and The Scarlet Pimpernel Students scholars and lay enthusiasts of cinema history cultural history and media studies will find this an accessible yet scholarly read *Wireless Internationalism and Distant Listening* Simon J.

Potter, 2020-05-21 During the 1920s and 1930s the new medium of radio broadcasting promised to transform society by fostering national unity and strengthening and popularising national cultures However many hoped that wireless would also encourage international understanding and world peace Intentionally or otherwise wireless signals crossed borders bringing talk music and news to enthusiastic distant listeners in other countries In Europe radio was regulated through international consultation and cooperation to restrict interference between stations and to unleash the medium's full potential to carry programmes to global audiences A distinctive form of wireless internationalism emerged reflecting and reinforcing the broader internationalist movement and establishing structures and approaches which endured into the Second World War the Cold War and beyond This study reveals this untold history *Wireless Internationalism and Distant Listening* also explores the neglected interwar experience of distant listening revealing the prevalence of listening across borders and explaining how individuals struggled to overcome unwanted noise tune in as many stations as possible and comprehend and enjoy what they heard The volume shows how radio brought the world to Britain and Britain to the world It revises our understanding of early BBC broadcasting and the BBC Empire Service the precursor to today's World Service and shows how government influence shaped early BBC international broadcasting in English Arabic Spanish and Portuguese It also explores the wider European and trans Atlantic context demonstrating how Fascism in Italy and Germany the Spanish Civil War and the Japanese invasion of China combined to overturn the utopianism of the 1920s and usher in a new era of wireless nationalism

highlights the close relationship that drives innovation and quality on both sides of the Atlantic      **Radio's Civic Ambition**  
David Goodman, 2011-04-12 In its golden age American radio both entertained and also fostered programs meant to produce self governing and opinion forming individuals promoting openness to change and tolerance of diversity familiarity with classical music and knowledge of world affairs As author David Goodman argues the ambitions of radio s golden age have strong significance today as evidence that media regulation in the public interest can have significant and often positive effects      **Post-Cold War Europe, Post-Cold War America** Ruud Janssens, Rob Kroes, 2004 This volume explores how we can meaningfully relate today s world to the end of the Cold War The over all picture is one of flux Many changes will be the outcome of longer term trends eg Internet Undeniably though many other changes are direct consequences of the end of the Cold War An important aspect is the way Europeans and Americans have begun to redefine each other in response to a creeping alienation that has affected public opinion and public discourse on both sides of the Atlantic Time to restore a more balanced view      **Books in Print** , 1991      *Books in Print, 2005-2006* Michael Cairns, 2005      *Bulletin d'information* International Committee of Historical Sciences, 1999      **APAIS, Australian Public Affairs Information Service** , 1985 Vol for 1963 includes section Current Australian serials a subject list
