Docherty, 2010-04-01 The last continent to be claimed by Europeans Australia began to be settled by the British in 1788 in the form of a jail for its convicts While British culture has had the largest influence on the country and its presence can be seen everywhere the British were not Australia's original populace The first inhabitants of Australia the Aborigines are believed to have migrated from Southeast Asia into northern Australia as early as 60 000 years ago This distinctive blend of vastly different cultures contributed to the ease with which Australia has become one of the world's most successful immigrant nations The A to Z of Australia relates the history of this unique and beautiful land which is home to an amazing range of flora and fauna a climate that ranges from tropical forests to arid deserts and the largest single collection of coral reefs and islands in the world Through a detailed chronology an introduction appendixes a bibliography and cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets author James Docherty provides a much needed single volume reference on Australia from its most unpromising of beginnings as a British jail to the liberal tolerant democracy it is today

Questions of Authority Laura Olcelli, 2017-10-12 Questions of Authority investigates Italian Australian literary travel exchanges throughout the long nineteenth century The 1800s witnessed major transformations in Australian overseas travel it gradually evolved from a replica of the Continental Grand Tour of the British to a more idiosyncratic cosmopolitan experience either touristic or professional Moreover it was during the second half of this century that both Italy and Australia underwent crucial political upheavals these resulted in shifts from colonial and subjugated status to self government and ultimately independence This volume connects these geographical political and sociocultural contexts of Italy and Australia by considering their interlaced odeporic library produced at a significant time in history Additionally this book analyses key texts compiled by Italians in Australia and Australians in Italy these chiefly consist of voyage accounts but also include the records of explorers missionaries scientists and migrants coming from the Italian peninsula These primary sources include unpublished travel diaries compiled by the first Victorian women visitors to the Bel Paese which have been largely neglected by scholarship thus far This examination pinpoints the enduring significance of Italy in travel related terms showing how this destination was adapted from the map of eighteenth century British Grand Tourists to that of nineteenth century Australian holiday makers Most critically Questions of Authority argues Italian Australian peripatetic connections entail issues of

authority that emerge in the ways in which Italian and Australian travel writers displayed their authorship cultural capital and national identification in relation to the other country Finally it demonstrates how these are highly regulated by and yet simultaneously challenge British colonial hegemony **Journal of Australian Colonial History** ,2008 The Colfax Massacre LeeAnna Keith,2009 Drawing on a large body of documents including eyewitness accounts and evidence from the site itself Keith explores the racial tensions that led to the Colfax massacre during which surrendering blacks were mercilessly slaughtered and the reverberations this message of terror sent throughout the South *International Dictionary of Historic Places: Asia and Oceania* Trudy Ring,Robert M.
