Macaulay The Shaping Of The Historian

Michael G. Kammen

Macaulay The Shaping Of The Historian:

Macaulay: the Shaping of the Historian John Leonard Clive, 1973 Determined to be his own man he had no sooner achieved financial and political security in a lucrative post on the Governor General's Council in India than the relationship with his beloved sisters so necessary to his emotional security was destroyed Here is the public Macaulay cocksure and impetuous a parvenu lacking the specific gravity of a statesman and yet speaking out not only for freedom as an abstraction but concretely for the rights of Jews Roman Catholics and blacks envisioning a potential beauty and splendor in industrialization almost singlehandedly writing a penal code for India becoming embroiled in the crucial controversy over Indian education what should be taught and in what language and forever leaving his mark on Anglo Indian cultural relations just as India left its mark on him *Macaulay* John Clive, 1973 Thomas Babington Macaulay. The Shaping of the Historian. (1. Publ. in England.) - London: Secker & Warburg (1973). XIV, 499, XXXVI S., 8 Bl. Abb. 8° John Clive, 1973

Macaulay John Leonard Clive, 1975 Picturing the Past Rosemary Mitchell, 2000-07-13 This monograph is a wide ranging and sophisticated analysis of representations in text and image of the English past between 1830 and 1870 It consists of a series of inter related case studies of illustrated history books ranging from editions of David Humes History of England to W H Ainsworths The Tower of London 1840 It contributes to present debates on nationalism highlighting the complex and variable nature of cultural constructions of identity Simultaneously it offers an overall interpretation of historiographical change in early and mid Victorian Britain focusing in particular on the transition from picturesque reconstructions of the English past to the scientific approaches of the professional historian Genuinely interdisciplinary Picturing the Past presents new perspectives on traditional studies of Victorian historiography literature and illustration It explores relationships between text and image author illustrator and publisher in the production of illustrated historical texts often drawing on neglected material in publishers archives The tendency to analyse text and image fiction and non fiction popular and elite publications in isolation from each other is challenged in the interests of a more complex and nuanced portrait of the middle class Victorian historical consciousness A Very British Family Laura Trevelyan, 2012-11-10 It is a rule that no Trevelyan ever sucks up either to the press or the chiefs or the right people The world has given us money enough to enable us to do what we think is right We thank it for that and ask no more of it but to be allowed to serve it G M Trevelyan The Trevelyans are unique in British social and political history a family which for several generations dedicated themselves to the service and chronicling of their country Often eccentric priggish high minded and utterly self regarding they have nonetheless left their mark on our past This engaging history dispassionately explores the lives and achievements of this unique family and the part they played in shaping the history of Great Britain From their inauspicious beginnings in a small dwelling in Cornwall to the present day some Trevelyans have been famous and distinguished others less so but for a hundred years from the mid nineteenth to the mid twentieth century family members from Lord Macaulay to G M Trevelyan

contributed to both the writing and the making of history This book is primarily the tale of the five men who flourished during this period Charles Edward George Otto Charles Philips George Macaulay and Humphry Trevelyan and the clever and formidable women they married Including many vivid portraits of the most influential members of this remarkable family The Trevelyans casts light on the period of enormous social and cultural change in which they lived and examines why they chose not to simply exploit their position as landed gentry but instead to take their place at the centre of scholarship and politics

Selvages & Biases Michael G. Kammen, 1987 Winner of the 1973 Pulitzer Prize for history Kammen addresses three themes concerning the state of historical inquiry in America Beginning with how history as a professional discipline has changed over the past century the book treats the relationship of the historian's craft to American nationalism the value of historical knowledge and the shifting attitudes of historians toward society Kammen appraises the significance of historiography as a measure of cultural change and shows how the past has been manipulated for social and ideological reasons and how memories of the national and regional past have conflicted with the realities of historical experience He also explains how traditional modes of interpreting the past have lost their cohesive force and why historians should pursue new approaches to the cultural history ISBN 0 8014 1924 7 24 95

An Intellectual History of Liberal Catholicism in Western Europe, 1789-1870 Aude Attuel-Hallade, 2024-01-25 This volume probes and deciphers the tensions and contradictions that underlie modern European Liberal Catholicism Beginning with the French revolution and looking at dialogues between European public moralists the book discusses the ways in which liberal Catholics loosened their bonds with religion all the while relying on it It reflects on how and why they promoted a post revolutionary state and society based on religious dogma and morality and what new liberal order and socio political and religious models they proposed Beyond the analysis of the work of these Catholic intellectuals the question of their conceiving a specific liberal approach through Catholicism is also investigated More generally it prompts a vital reappraisal of the political ideological and philosophical pressures that the religious question caused in the redefinition of Western European post revolutionary liberalism

Nineteenth Century Prose, 2016 [Respectability as Moral Map and Public Discourse in the Nineteenth Century](#) Woodruff D. Smith, 2017-07-20 Despite the fact that respectability is universally recognized as a feature of nineteenth century society it has seldom been studied as a subject in itself In this path breaking book Woodruff D Smith interprets respectability as a highly significant cultural phenomenon incorporating both a moral imaginary or map and a distinctive discourse Respectability was constructed in the public spheres of Europe and the Americas and eventually came to be an aspect of social life throughout the world From its origins in the late eighteenth century it was a conscious response to what were perceived as undesirable aspects of modernity It became a central feature of concepts of the modern itself and an essential part of the processes that in the twentieth century came to be called modernization and cultural globalization Respectability though typically associated with the bourgeoisie existed independently of any particular social class and strongly affected

modern constructions of class in general and of gender. Although not an ideology, respectability was overtly embedded in several political discourses, especially those of movements such as antislavery which claimed to transcend politics. While it may no longer be a coherent entity in culture and discourse, respectability continues to affect contemporary public life through a fragmentary legacy.

The People of the Book Gertrude Himmelfarb, 2011-11-08. The history of Judaism has for too long been dominated by the theme of antisemitism, reducing Judaism to the recurrent saga of persecution and the struggle for survival. The history of philosemitism provides a corrective to that abysmal view, a reminder of the venerable religion and people that have been an inspiration for non-Jews as well as Jews. There is a poetic justice or historic justice in the fact that England, the first country to expel the Jews in medieval times, has produced the richest literature of philosemitism in modern times. From Cromwell supporting the readmission of the Jews in the 17th century to Macaulay arguing for the admission of Jews as Members of Parliament in the 19th century to Churchill urging the recognition of the state of Israel in the 20th, some of England's most eminent writers and statesmen have paid tribute to Jews and Judaism. Their speeches and writing are powerfully resonant today. As are novels by Walter Scott, Disraeli, and George Eliot which anticipate Zionism well before the emergence of that movement and look forward to the state of Israel not as a refuge for the persecuted but as a homeland rooted in Jewish history. A recent history of antisemitism in England regretfully observes that English philosemitism is a past glory. This book may recall England and not only England to that past glory and inspire other countries to emulate it. It may also reaffirm Jews in their own faith and aspirations. *Science and Empires* P. Petitjean, Cathérine Jami, A.M. Moulin, 2012-12-06. SCIENCE AND EMPIRES FROM THE INTERNATIONAL COLLOQUIUM TO THE BOOK. Patrick PETITJEAN, Catherine JAMI and Anne Marie MOULIN. The International Colloquium Science and Empires: Historical Studies about Scientific Development and European Expansion is the product of an International Colloquium Sciences and Empires: A Comparative History of Scientific Exchanges, European Expansion and Scientific Development in Asian, African, American, and Oceanian Countries. Organized by the REHSEIS group (Research on Epistemology and History of Exact Sciences and Scientific Institutions of CNRS, National Center for Scientific Research), the colloquium was held from 3 to 6 April 1990 in the UNESCO building in Paris. This colloquium was an idea of Professor Roshdi Rashed, who initiated this field of studies in France some years ago and proposed Sciences and Empires as one of the main research programmes for the project to organize such a colloquium. It was a bit of a gamble. Its subject reflected in the title Sciences and Empires is not a currently accepted sub-discipline of the history of science; rather, it refers to a set of questions which found autonomy only recently. The terminology was strongly debated by the participants and, as is frequently suggested in this book, awaits fuller clarification.

Evangelicals and Culture Doreen M. Rosman, 2012-07-26. Nineteenth-century evangelicals have often been dismissed as anti-intellectual and philistine. This book draws on periodicals, memoirs, and letters to discover how far this was true of British evangelicals between 1790 and 1833. It examines their leisure pursuits along with their enjoyment of

art music literature and study and concludes that they shared the thought and taste of their contemporaries to a far greater extent than is always acknowledged What is more their theology encouraged such activities Evangelicals regarded recreations which engaged the mind or which could be pursued within the safety of the home as more concordant with spirituality than sensual or worldly pleasures Nevertheless their faith did militate against culture and learning Some evangelicals dismissed all nonreligious pursuits as vanity since their deep rooted otherworldliness made them suspicious of anything which did not contribute to eternal well being A new generation adopted a more rigid attitude to the Bible which made them unwilling to examine new ideas In the last resort even the most cultured evangelicals were unable to reconcile their delight in the arts with their world denying theology Empires of Religion H. Carey,2008-11-13 A sparkling new collection on religion and imperialism covering Ireland and Britain Australia Canada the Cape Colony and New Zealand Botswana and Madagascar Bursting with accounts of lively characters and incidents from around the British world this collection is essential reading for all students of religious and imperial history *Victorian Prose* Rosemary J. Mundhenk,LuAnn McCracken Fletcher,1999 Rosemary J Mundhenk and LuAnn McCracken Fletcher have assembled a remarkable variety of Victorian nonfiction prose both classic and lesser known In both their commentary and selection the editors have drawn upon the insights of recent theoretical approaches to literature and culture to present a complex range of responses to Victorian issues thus inviting modern readers to explore the many voices of the period and reenvision the Victorian era *Transactions of the Royal Historical Society: Volume 8* Royal Historical Society,1999-02-04 Volume 8 of The Royal Historical Society Transactions contains essays based around the theme identities and empires *Evangelicals and Culture* Doreen Rosman,2011-04-01 Nineteenth century evangelicals have often been dismissed as anti intellectual and philistine This book draws on periodicals memoirs and letters to discover how far this was true of British evangelicals between 1790 and 1833 It examines their leisure pursuits along with their enjoyment of art music literature and study and concludes that they shared the thought and taste of their contemporaries to a far greater extent than is usually acknowledged What is more their theology encouraged such activities Evangelicals regarded recreations which engaged the mind or which could be pursued within the safety of the home as more concordant with spirituality than sensual or worldly pleasures Nevertheless their faith did militate against culture and learning Some evangelicals dismissed all non religious pursuits as vanity since their deep rooted otherworldliness made them suspicious of anything that did not contribute to eternal well being A new generation adopted a more rigid attitude to the Bible which made them unwilling to examine new ideas In the last resort even the most cultured evangelicals were unable to reconcile their delight in the arts with their world denying theology Encyclopedia of Emancipation and Abolition in the Transatlantic World Junius P. Rodriguez,2015-03-26 The struggle to abolish slavery is one of the grandest quests and central themes of modern history These movements for freedom have taken many forms from individual escapes violent rebellions and official proclamations to mass organizations

decisive social actions and major wars Every emancipation movement whether in Europe Africa or the Americas has profoundly transformed the country and society in which it existed This unique A Z encyclopedia examines every effort to end slavery in the United States and the transatlantic world It focuses on massive broad based movements as well as specific incidents events and developments and pulls together in one place information previously available only in a wide variety of sources While it centers on the United States the set also includes authoritative accounts of emancipation and abolition in Europe Africa the Caribbean and Latin America The Encyclopedia of Emancipation and Abolition provides definitive coverage of one of the most significant experiences in human history It features primary source documents maps illustrations cross references a comprehensive chronology and bibliography and specialized indexes in each volume and covers a wide range of individuals and the major themes and ideas that motivated them to confront and abolish slavery

Peers, Politics and Power Clyve Jones, David L. Jones, 1986-01-01 This book brings together a substantial and representative selection of recent writings on the House of Lords from the accession of James I to the Parliament Act of 1911 The editors provide a general historiographical survey and a bibliography of recent writings on the House of Lords during the period

Legal Histories of the British Empire Shaunnagh Dorsett, John McLaren, 2014-04-24 This book is a major contribution to our understanding of the role played by law s in the British Empire Using a variety of interdisciplinary approaches the authors provide in depth analyses which shine new light on the role of law in creating the people and places of the British Empire Ranging from the United States through Calcutta across Australasia to the Gold Coast these essays seek to investigate law s central place in the British Empire and the role of its agents in embedding British rule and culture in colonial territories One of the first collections to provide a sustained engagement with the legal histories of the British Empire in particular beyond the settler colonies this work aims to encourage further scholarship and new approaches to the writing of the histories of that Empire

Legal Histories of the British Empire Laws Engagements and Legacies will be of value not only to legal scholars and graduate students but of interest to all of those who want to know more about the laws in and of the British Empire
