Macedonian Greece:

Macedonia and Greece John Shea, 2016-03-18 With the breakup of the former Yugoslavia and a pending NATO membership bid an old conflict between Greece and Macedonia has taken on added significance for the international community Greece has vehemently argued particularly in the West that the name Macedonia was in fact Greek and that its use by this new nation in the Balkans portended Macedonia's expansionist ambitions The Macedonians bitterly disputed this noting that Alexander the Great was a Macedonian and adducing many other fascinating and rational arguments Tensions were said to have been reduced by an interim agreement between the two countries but the attempted assassination of Macedonian president Kiro Gligorov in October 1995 has again heightened hostility in the area The genesis of the conflict is detailed here as well as the modern day events that have led many observers to believe that the area is a flashpoint for a major war greater than that in Bosnia

The Macedonian Question and the Macedonians Alexis Heraclides, 2020-12-30 This book is a comprehensive and dispassionate analysis of the intriguing Macedonian Question from 1878 until 1949 and of the Macedonians and of their neighbours from the 1890s until today with the two themes intertwining The Macedonian Question was an offshoot of the wider Eastern Question i.e. the fate of the European remnants of the Ottoman Empire once it dissolved The initial protagonists of the Macedonian Question were Greece Bulgaria and Serbia and a Slav speaking population inhabiting geographical Macedonia in search of its destiny the largest segment of which ended up creating a new nation comprising the Macedonians something unacceptable to its three neighbours Alexis Heraclides analyses the shifting sands of the Macedonian Question and of the gradual rise of Macedonian nationhood with special emphasis on the Greek Bulgarian and Serbian claims to Macedonia 1870s 1919 the birth and vicissitudes of the most famous Macedonian revolutionary organization the VM O RO and of other organizations 1893 1940 the appearance and gradual establishment of the Macedonian nation from the 1890s until 1945 Tito's crucial role in Macedonian nationhood cum federal status the Greek Macedonian name dispute 1991 2018 including the skeletons in the cupboard the deep seated reasons rendering the clash intractable for decades the final Greek Macedonian settlement the 2018 Prespa Agreement the Bulgarian Macedonian dispute 1950 today and its ephemeral settlement in 2017 the issue of the Macedonian language and the Macedonian national historical narrative The author also addresses questions around who the ancient Macedonians were and the fascination with Alexander the Great This monograph will be an essential resource for scholars working on Macedonian history Balkan politics and conflict resolution

Lakes and Empires in Macedonian History James Pettifer, Miranda Vickers, 2021-08-26 Lakes and Empires in Macedonian History Contesting the Waters tells the story of Psarades a lakeside village in Macedonian Greece on the shores of the Prespa lake This village which is in many ways a completely typical Greek settlement and yet remains unconventional in its way of life embodies the many contradictions of modern history and in exploring its roots James Pettifer and Miranda Vickers skilfully uncover the wider social cultural and political history of this lake region Drawing from

oral testimonies and attentive to the construction of national histories this book considers how the development of international borders movement of people and role of national identities within imperial borderlands shaped Macedonia today What is more by centering the lakes and making use of an innovative environmental historical methodology Pettifer and Vickers offer the first environmental history of this multi ethnic borderland region shared by Greece North Macedonia and Albania The result is a nuanced and sophisticated transnational account of Macedonia from prehistory to the 21st century which will be essential reading for all Balkan scholars Macedonia Jane K. Cowan,2000-12-20 Macedonia has been contested by its three neighbours Serbia Bulgaria and Greece during and since the demise of the Ottoman Empire But the Macedonian Question extends far beyond the contested borders of Macedonia to immigrant communities in Europe Australia and North America The contributors to this collection explore the contemporary repercussions of the Macedonian Question which has long been at the heart of Balkan politics The volume recognises Macedonia as a global issue and focuses on the politics of identity and difference in both homeland and diaspora The contributors argue that Macedonia as place and as concept is forged within a transnational network of diasporas local communities states and international institutions They examine the increasingly important role of transnational bodies including the European Union and human rights NGOs in regulating relationships between states and minority groups as well as in promoting multiculturalism and civic participation They consider the role of scholarship and the media in defining Macedonia and its inhabitants They also draw attention to the struggles of individuals in constructing negotiating and even transforming their identities in the face of competing nationalisms and memories In the process they re evaluate ethnicity as a conceptual tool for understanding difference in the region and raise questions about the implications of recognising and not recognising difference at the political level

only documents the Macedonian past but also discovers its cultural heritage This includes the mosaics and sculptures of the Alexandrine era and its Christian churches for Christianity left its indelible mark on Macedonian civilisation The book follows the emergence of early Christianity from the time of St Paul but gives emphasis to the artistic culture of late antiquity A further chapter is devoted to Orthodox mysticism and its fourteenth century role in the creation of the secret churches in the lakes of Ohrid and Prespa Another charts the strange history of Athos Macedonia s Holy Mountain peninsula in its formative period

Claiming Macedonia George C. Papavizas,2015-02-18 For nearly 130 years the Greeks the Bulgarians and the Yugoslavs have fought over the question of who has the historical and demographic rights to use the name Macedonia Historically the land of Philip II and Alexander the Great Aristotle Mount Olympus and the Greek gods Macedonia boasts an impressive cultural heritage that the Greeks have claimed as their own In 1991 a state resulting from the breakup of Yugoslavia proclaimed itself Republic of Macedonia FYROM angering the Greeks and adding fuel to the persistent dispute This book argues the Macedonian question from a Greek perspective It questions FYROM s right to the Macedonian name arguing that Greece possesses the historical cultural linguistic anthropological and demographic ties to the legacy of Alexander Research examines the origins of the dispute between Hellenism and Bulgarism the Balkans wars the world wars and the rise of Tito s communism in Yugoslavia The book also shows step by step the misconceptions about the legacy of Macedonia as promulgated by international communism and carefully analyzes communism s role as the main protagonist in the formation of the new state and as a pivotal source fomenting and fueling the Greek Civil War Cover to cover it traces the conflict s change from an initial struggle between Hellenism and Bulgarism to the present dispute between Athens and Skopje

The Ties that Divide Stephen M. Saideman, 2001 Ethnic conflicts have created crises within NATO and between NATO and Russia produced massive flows of refugees destabilized neighboring countries and increased the risk of nuclear war between Pakistan and India Interventions have cost the United States the United Nations and other actors billions of dollars While scholars and policymakers have devoted considerable attention to this issue the question of why states take sides in other countries ethnic conflicts has largely been ignored Most attention has been directed at debating the value of particular techniques to manage ethnic conflict including partition prevention mediation intervention and the like However as the Kosovo dispute demonstrated one of the biggest obstacles to resolving ethnic conflicts is getting the outside actors to cooperate This book addresses this question Saideman argues that domestic political competition compels countries to support the side of an ethnic conflict with which constituents share ethnicities He applies this argument to the Congo Crisis the Nigerian Civil War and Yugoslavia s civil wars He then applies quantitative analyses to ethnic conflicts in the 1990s Finally he discusses recent events in Kosovo and whether the findings of these case studies apply more broadly
