many fascinating discoveries and topics that readers may wish to explore further themselves Because our understanding of origins greatly influences our answer to the question What is the meaning of life nearly half of the book is devoted to exploring this vital subject in breadth It identifies many scientific discoveries over the last fifty years that challenge status quo perspectives and visits key aspects of the evolution intelligent design debate The second half of the book explores the implications if we are created rather than are the product of colossal cosmic chance It identifies two sets of writings from antiquity that stand head and shoulders above everything else for being consistent with an entity who could create the cosmos and biosphere The book then gives an overview of their characteristics and main themes helping readers to assess whether compiled together as our modern Bible they form the Maker s handbook for humankind It goes on to summarize what the Bible says about how we can find our way home to the one who made us The book is written in a fast moving and stimulating style that conveys the sense that the author is a fellow traveler and explorer with the reader At various points along the way it asks penetrating questions that give readers plenty to ponder It opens up topics for readers to think about for themselves rather than forcing them to agree with the author Primarily the book has been written for those who are humbly asking whether God exists and want to think your way through this objectively with an integrity that is willing to embrace what you discover However the book is also inspiring for existing Christians Much of the content is very encouraging and stimulating even for mature believers And it provides plenty of material you can use in conversations with people who are eager for honest discussion on these interesting and wide ranging topics or might want to borrow your copy of the paperback or e book

True Faith Rev. Silas Kanyabigega DMin,2017-02-24 God required the price to remove his anger against the humankind who offended him He wanted to see in that price a death with bloodshed as evidence demonstrating a sacrifice for the forgiveness of the sinners For God all sinners had to die So when Jesus died the corpse of Jesus represented the corpse of all sinners God was satisfied when he saw the corpse of Jesus God put in his mind that he had killed all mankind The punishment was then given and the problem between him and the humankind was resolved Jesus Christs corpse has ability to be the price required by God His blood as a killed sacrifice is the evidence of the death required by God The blood of animals was not needed in the mankind's salvation process The blood required by God was to be a mankind's blood This blood had to come from the death of a perfect person perfect as God himself The problem was only to be solved by the blood of God himself because only God is perfect But God could only die by taking human form that is why the Second Person of the Trinity Jesus Christ descent to earth to die in the place of humankind through an agonizing death at the cross of Golgotha and therefore he paid the price required by God Then God died as self substitution for men He was God man In beliefs of different world religions we cant find any other god who died for people Only God in whom Christians believe in died for humankind and he had risen He is alive Only the Faith in God propitiated for sinners is True Faith and other beliefs are false faith
