Major Political Events In Iran Iraq And The Arabian Peninsula 1945 199:

Islands and International Politics in the Persian Gulf Kourosh Ahmadi, 2008-05-03 The position of the Persian Gulf as the main highway between East and West has long given this region special significance both within the Middle East and in global affairs more generally This book examines the history of international relations in the Gulf since the 1820s as great powers such as Britain and the US and regional powers such as Iran and Iraq vied for supremacy over this geopolitically vital region It focuses on the struggle for control over the islands of the Gulf in particular the three islands of Abu Musa Greater Tunb and Lesser Tunb an issue that remains highly contentious today It describes how for 170 years Britain eroded Iranian influence in the Gulf both directly by asserting colonial rule over Iranian islands and port districts and also through claiming Iranian islands for their prot g s on the Arab littoral It shows how after Britain s withdrawal these islands became a pawn in the animosity and conflict that pitted at one time Arab radicals and nationalists against monarchical Iran and later the conservative moderate Arab camp against Islamic Iran It goes on to explore the impact of the rise of American power in the Gulf since the start of the 1990s its policy of containment of Iran and Iraq and how this has provided encouragement to the ambitions of the Persian Gulf Arab littoral states especially the UAE towards the islands of the Gulf Major Political Events

EL-Azhary, 2012-05-23 The Iran Iraq war broke out in September 1980. It brought death and suffering to hundreds of thousands of people on both sides and devastated the economies of both countries. It also increased international tensions by precipitating new alliances and rearrangement of forces in the already turbulent Middle East. The focus of this book is on the historical economic and political dimensions of the war between Iraq and Iran. It examines many aspects of what proved to be a very complex conflict including its long history, its present economic and political setting, the different responses to the war by outside parties and its regional and world implications.

The Iran-Iraq War Nigel Ashton, Bryan Gibson, 2013-05-02 This volume offers a wide ranging examination of the Iran Iraq War 1980-88 featuring fresh regional and international perspectives derived from recently available new archival material. Three decades ago Iran and Iraq became embroiled in a devastating eight year war which served to re-define the international relations of the Gulf region. The Iran Iraq War stands as an anomaly in the Cold War era; it was the only significant conflict in which the interests of the United States and Soviet Union unwittingly aligned with both superpowers ultimately supporting the Iraqi regime. The Iran Iraq War re-assesses not only the superpower role in the conflict but also the war's regional and wider international dimensions by bringing to the fore fresh evidence and new perspectives from a variety of sources. It focuses on a number of themes including the economic dimensions of the war and the roles played by a variety of powers including the Gulf States, Turkey, France, the Soviet Union and the United States. The contributions to the volume serve to underline that the Iran Iraq war was a defining conflict shaping the perspectives of the key protagonists for a generation to come. This book will be of much interest to students of international and Cold War history, Middle Eastern politics, foreign policy and International Relations in general. *Iran And Iraq At War* Shahram Chubin, 2019-03-01 This book attempts to understand both the nature and the consequences of the current conflict between Iraq and Iran. It is based on a research project initiated by the auspices of the Programme for Strategic and International Security Studies in Geneva.

Neighbors, Not Friends Dilip Hiro, 2003-09-02 This highly controversial and topical book provides the first full balanced account of how Iraq cheated the UN inspectors on disarmament and how the US manipulated and infiltrated the UN inspection teams and other staff to gather intelligence on Iraq to overthrow Saddam Hussein. Aimed at the general reader, it follows and assesses the role of Saddam Hussein who became president of Iraq in 1979. Dilip Hiro, an experienced journalist who has written extensively on the region, provides a historical and accessible perspective to the relationship between Iraq and Iran and examines the consequences of internationally significant events such as the death of Ayatollah Khomeini in Iran a year after the end of the 1980-88 Iran Iraq War and the 1990 invasion of Kuwait by Saddam Hussein. Providing a full account and analysis of events in Iraq since the 1991 Gulf War, he contrasts the long totalitarianism under Hussein with the evolution of the political religious system in Iran and the development of its internal politics. This is an essential overview to

the conflicts in the Gulf and should be read by anyone with an interest in the region its politics and its interactions with the US and UN
