the City of Paterson and the County of Passaic, New Jersey William Nelson,1900 The First Executives Bob
Navarro,2001-08-27 This book The First Executives Lives and Events in the Shadow of the American Revolution presents a
view of American history that has been almost completely forgotten It is about a period of American history that has almost
been obliterated by the focus on the events surrounding the Revolutionary War During this time America had a guiding
leadership in place that was responsible for forming many of the structures and procedures that we have in our government
today These early chief executives were the visionaries and originators of many of our ideas that we take for granted today
Through their contributions the development of the Presidency took place and with it the destiny of the United States The
position of a President was initiated from precursor intercolonial gatherings that were conducted under the Albany Congress
of 1754 and the Stamp Act Congress of 1765 In the Albany Congress Benjamin Franklin made a formal presentation of a plan
for creating a union to the colonial delegates Franklin s plan was a design of a union of all of the colonies under a single
government with each colony preserving its right of local independence and separate sovereignty of each colony The plan
included the provision of a single president to be in charge of this union The Stamp Act Congress was called to support an

intercolonial meeting on the issue of the Stamp Act Nine colonies assembled as an intercolonial congress to deal with the agenda of the Stamp Act of 1765 the Currency Act of 1764 which forbade the colonies to issue any new paper currency and the loss of the right to trial by jury in the Vice Admiralty courts When the Stamp Act Congress convened in New York City New York on October 7 1765 the first event associated with this meeting was that a President of this body Timothy Ruggles was elected to preside over the affairs that were to be conducted by this congress Ruggles thus became the precursor chief executive of a set of Presidents who were subsequently to lead both the First and Second Continental Congresses a decade later A formally elected President of the United States Peyton Randolph came into being when the first functioning central government started with the First Continental Congress that convened in September 5 1774 at Philadelphia Pennsylvania The purpose of the First Continental Congress was to debate the issues that were confronting the colonies under British policies The intent of the sessions was to propose a plan of action in response to the British activities The Second Continental Congress convened in Philadelphia Pennsylvania on May 10 1775 for the purpose of discussing the sovereignty of America In its first action the delegates unanimously elected Peyton Randolph again to be the chief executive of the body The Second Continental Congress was formed for the purpose of obtaining redress from Great Britain of American grievances and to both recover and establish American rights and liberties that would be recognized by England More Presidents were elected in the Second Continental Congress with John Hancock following as the next President The formal sessions ended in October 1788 with Cyrus Griffin being the last elected President of the Continental Congress An interim caretaker government continued under the Secretary of Congress Charles Thomson until March 2 1789 Since George Washington was not inaugurated as the first Constitutional President until April 30 1789 there is a fifteen year period in which the President of the Continental Congress or the Chairman in the role of President pro tempore acted as the chief executive officer and as head of state of the government of the United States Too little credit has been given to the creation of the executive functions and the role of each of the chief executives during this Revolutionary War and post revolutionary period Mostly forgotten in the annals of the history of t *Senate Documents* United States Senate,1865 *The American Biographical Dictionary* William Allen,2023-06-08 Reprint of the original first published in 1857 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **Major General Thomas Mifflin** Robert Ernest Hubbard,2025-04-20 Alongside the Founding Fathers who are household names numerous lesser known founders were also instrumental in the establishment of the United States of America This book presents the comprehensive biography of one such neglected man Pennsylvania s Thomas Mifflin With the sole exception of George Washington Thomas Mifflin was the only founder to rise to both the highest military rank in the American army major general as well as the highest position in the new nation s civilian government President of the Continental Congress George Washington s first military aide and the

first Quartermaster General of the Continental Army Mifflin signed both the U S constitution and the peace treaty with Great Britain which ended the Revolutionary War He was elected the first governor of Pennsylvania and re elected twice by landslide margins Drawing on all available primary sources and a wealth of secondary sources this exhaustively researched biography presents the life accomplishments and legacy of an influential Founding Father too often overlooked in recent times **The American Biographical Dictionary** William Allen,1857 **The Register of Pennsylvania** Samuel Hazard,1828 **Revolutionary Delaware: Independence in the First State** Kim Rogers Burdick,2016 In 1776 Delaware declared independence from both England and Pennsylvania Originally known as the Three Lower Counties of Pennsylvania the First State was instrumental in the fight to form a new republic The Marquis de Lafayette Nathanael Greene and George Washington all made trips to the state Caesar Rodney s ride and the Battle of Cooch s Bridge are legendary but the state has many unsung heroes Citizens from every village town crossroads and marsh risked their lives to support their beliefs Author Kim Burdick offers the carefully documented story of ordinary people coping with extraordinary circumstances Page 4 of cover
