Menachem Begin and the Israel-Egypt Peace Process Gerald M. Steinberg,Ziv Rubinovitz,2019-02-27 This political biography sheds new light on the vital role played by the Israeli Prime Minister in establishing peaceful relations with Egypt Focusing on the character and personality of Menachem Begin Gerald Steinberg and Ziv Rubinovitz offer a new look into the peace negotiations between Israel and Egypt in the 1970s Begin s role as a peace negotiator has often been marginalized but this sympathetic and critical portrait restores him to the center of the diplomatic process Beginning with the events of 1967 Steinberg and Rubinovitz look at Begin s statements on foreign policy including relations with Egypt and his role as Prime Minister and chief signer of the Israel Egypt peace treaty While Begin did not leave personal memoirs or diaries of the peace process Steinberg and Rubinovitz have tapped into newly released Israeli archives and information housed at the Jimmy Carter Presidential Library and the Begin Heritage Center The analysis illuminates the complexities that Menachem Begin faced in navigating between ideology and political realism in the negotiations towards a peace treaty that remains a unique diplomatic achievement *Shared Land/Conflicting Identity* Robert C. Rowland,David A. Frank,2002-12-31 *Shared Land Conflicting Identity* Trajectories of Israeli and Palestinian Symbol Use argues that rhetoric ideology and myth have played key roles in influencing the development of the 100 year conflict between first the Zionist settlers and the current Israeli people and the Palestinian residents in what is now Israel The Israeli Palestinian conflict is usually treated as an issue of land

and water While these elements are the core of the conflict they are heavily influenced by the symbols used by both peoples to describe understand and persuade each other The authors argue that symbolic practices deeply influenced the Oslo Accords and that the breakthrough in the peace process that led to Oslo could not have occurred without a breakthrough in communication styles Rowland and Frank develop four crucial ideas on social development the roles of rhetoric ideology and myth the influence of symbolic factors specific symbolic factors that played a key role in peace negotiations and the identification and value of criteria for evaluating symbolic practices in any society
