Thompson, 2020-04-24 Contrary to what we might imagine from its title the Epistle to the Hebrews is immersed in Hellenistic thought Its author demonstrates an acquaintance with Greco Roman rhetoric and often supports his arguments with the assumptions of Hellenistic philosophy While he shares the apocalyptic worldview of other Jews in this period he recasts it with the language of Middle Platonism     **Vice and the Victorians** Mike Huggins, 2015-12-17 Vice and the Victorians explores the ways the Victorian world gave meanings to the word vice and the role this complex notion played in shaping society Mike Huggins provides a richer and more nuanced understanding of a term that despite its vital importance to the Victorians has thus far lacked a clear definition Each chapter explores a different facet of vice Firstly the book seeks to define exactly what vice meant to the Victorians exploring how the language of vice was used as a tool to beat down opposition and dissent It considers the cultural geography and spatial dimensions of vice in the public and private spheres before moving on to look at specific vices the unholy trinity of drink sex and gambling Finally it shifts from vice to virtue and the efforts of moral reformers and reassesses the relationship between vice and respectability in Victorian life In his lively and engaging discussion Mike Huggins draws on a range of theory and exploits a wide variety of texts and representations from the periodical press parliamentary reports and Acts novels obscene publications paintings and posters newspapers sermons pamphlets and investigative works This will be an illuminating text for undergraduates studying Victorian Britain as well as anyone wishing to gain a more nuanced understanding of Victorian society     The Philosophy of Sarvepalli Radhakrishnan Paul Arthur Schilpp, 1992 About the Book Sarvepalli Radhakrishnan former president of India is regarded as one of the representative of its rich philosophic tradition and its leading spokesman dor a reconciliation of Eastern and western spiritual values Sarvepalli himself has     **The Civil Law in Its Natural Order** Jean Domat, 1722 With additional remarks on some material differences between the civil law and the law of England T p

The Making of Memory in the Middle Ages Lucie Doležalová, 2009-11-17 Memory in the Middle Ages has received particular attention in recent decades yet the topic remains difficult to grasp and the research on it rather fragmented This book gathers particular case studies on memory in different parts of medieval Europe and in a variety of fields including literatures languages manuscript studies history history of ideas philosophy social history and art history The studies address on the one hand memory as means of storing and recuperating knowledge arts of memory and memory aids and on the other hand memory as remembering and constructing the past including the subject of forgetting It should be useful to all interested in medieval culture literature and history Contributors are Milena Bartlov Bergsveinn Birgisson Irene Bueno Vincent Challet Greti Dinkova Bruun Lucie Doležalová David Falvey Carmen Florea Cécile Giraud Laura Iseppi de Filippis Farkas Gábor Kiss Róbert Lorenz Else Mundal Előd Némethy William J Purkis Slavica Ranković Lucia Raspe Kimberly Rivers Victoria Smirnova Francesco Stella Peter Tóth Tamás Visi Jon Whitman and Rafał Wójcik *Out of the Stream* Luís Urbano Afonso, Vítor Serrão, 2021-02-19 The subject of this book arises from recent developments in the inventory preservation and study of mural paintings from the Middle Ages and the Renaissance particularly those from what can be considered the periphery of Europe The aim of this book is to demonstrate the vitality that the study of wall painting in peripheral regions can bring to the discipline of Art History The articles collected in this book are overwhelmingly about wall paintings that would be hard pressed to be considered part of the master narrative of Art History They are studies regarding regions and themes that are rarely present in the mainstream of the discipline but their common thread is their focus on the functional dimension of mural paintings and on the complex interrelation between image audience social context and everyday life From Denmark to Portugal from graffiti to secular painting from the orthodox monasteries of Moldavia to the noble residences of Tirol from Giotto to anonymous and sometimes almost amateur painters the studies gathered in this book place very distinct artistic realities side by side offering complementary perspectives and insights The book will make a valuable contribution to the literature on Medieval and Renaissance mural painting combining theoretical essays with others more descriptive As the eighteen studies collected in this book deal with paintings from a range of European regions from Denmark to Portugal and Romania the book will find its way in Europe and abroad both in the field of art history and that of Medieval and Early Modern history The wealth of plates and figures will make the book also accessible to a broad audience interested in the history of painting architecture and cultural heritage **Tempest at Dawn** James D. Best, 2010 The United States is on the brink of total collapse The military has been reduced to near extinction economic turmoil saps hope and anarchy threatens as world powers hover like vultures eager to devour the remains In a desperate move a few powerful men call a secret meeting to plot the overthrow of the government Fifty five men came to Philadelphia in May of 1787 with a congressional charter to revise the Articles of Confederation Instead they founded the longest lasting republic in world history *Tempest at Dawn* tells their story *City Women* Eleanor Hubbard, 2012-03-01 *City Women* is a major new study of the lives of ordinary women in

sixteenth and seventeenth century London Drawing on thousands of pages of Londoners depositions for the consistory court it focuses on the challenges that preoccupied London women as they strove for survival and preferment in the burgeoning metropolis Balancing new demographic data with vivid case studies Eleanor Hubbard explores the advantages and dangers that the city had to offer from women s first arrival in London as migrant maidservants through the vicissitudes of marriage widowhood and old age In early modern London women s opportunities were tightly restricted Nonetheless before 1640 the city s unique demographic circumstances provided unusual scope for marital advancement and both maids and widows were quick to take advantage of this Similarly moments of opportunity emerged when the powerful sexual anxieties that associated women s speech and mobility with loose behaviour came into conflict with even more powerful anxieties about the economic stability of households and communities As neighbours and magistrates sought to reconcile their competing priorities in cases of illegitimate pregnancy marital disputes working wives remarrying widows and more women were able to exploit the resulting uncertainty to pursue their own ends By paying close attention to the aspirations and preoccupations of London women themselves their daily struggles small triumphs and domestic tragedies City Women provides a valuable new perspective on the importance and complexity of women s roles in the growing capital and on the pragmatic nature of early modern English society as a whole

Robinson, 2010-02-04 *Mirror of Opposition* chronicles the physical mental and spiritual maturation of three adolescent boys who begin their journey as friends training to become samurai warriors at a prestigious dojo Along the way their paths soon split apart after an ancient evil destroys all that they know putting them on their own soul searching journeys one alive one dead and one undead to manhood Eventually their supernatural paths cross again as they are reunited during an epic battle that will ultimately pit their childhood friendships against everything they have come to know and stand for as men **The Canada Gazette** Canada, 1901 Greek and Latin Literature of the Roman Empire Albrecht Dihle, 2012-12-31 Professor Dihle sees the Greek and Latin literature between the 1st century B C and the 6th century A D as an organic progression He builds on Schlegel s observation that art customs and political life in classical antiquity are inextricably entwined and therefore should not be examined separately Dihle does not simply consider narrowly defined literature but all works of cultural socio historical significance including Jewish and Christian literature philosophy and science Despite this major authors like Seneca Tacitus and Plotinus are considered individually This work is an authoritative yet personal presentation of seven hundred years of literature **John Rawls and the Common Good** Roberto Luppi, 2021-12-29 The chapters in this book analyze the relationship between core concepts of the common good and the work of American political philosopher John Rawls One of the main criticisms that has been made of Rawls is his supposed neglect of central aspects of collective life The contributors to this book explore the possibility of a substantive and community oriented interpretation of Rawls s thought The chapters investigate Rawls s views on values such as community faith fraternity friendship gender equality love political liberty reciprocity respect sense of justice and virtue They demonstrate that Rawls finds a balance between certain individualistic aspects of his theory of justice and the value of community In doing so the book offers insightful new readings

of Rawls John Rawls and the Common Good will be of interest to scholars and advanced students working in political moral and legal philosophy      Old Age: Idle Thoughts, Recollections M B Nair, 2024-08-28 The book contains the author's thoughts and recollections thoughts on matters ranging from Bhagavad Geetha to Marxism and recollections of personal experiences in life If we look at Bhagavad Geetha as something sacred says the author we have nothing much to look for since we have no right to question it But if we take it out of that sanctified plane and critically examine it as the expression of human wisdom we may be able to assess its relevance for today and for the days to come The author finds a deliberate attempt these days to distort facts and mislead public opinion on many international issues West Asia China Marxism and democracy happen to be some of the unfortunate victims of this vicious campaign Articles on these topics are meant to present them in their proper perspective Everyone goes through some experience or the other in life which is worthy of remembrance at the old age The author says he too had such memorable experiences in life And he recounts some of them with the hope that they would provide interesting light material for readers
