How the story started Once upon a time in a small town called Stardust Ville Mia and Ben were close friends who were both very interested in and eager to learn more about the universe Mia had always wanted to be an astronaut so she could travel space and discover new worlds She looked up at the stars and imagined that she was weightless and floating among them This made her eyes shine with wonder She read books about space and learned facts about planets galaxies and the secrets that lie beyond Earth's atmosphere Ben on the other hand was fascinated by how creation seemed to have so many options His mind was full of ideas for new products and tools From a young age he liked to take things apart and put them back together always trying to figure out how they worked He dreamed of making things that would change the world and make everyone's life easier and more fun Mia and Ben would play in their backyard for hours making up stories about it being an alien world or a secret laboratory In their backyard adventures they would build cardboard spaceships and go on epic made up journeys through the world meeting strange creatures along the way Mia's desire to become an astronaut came from her interest in the unknown and her desire to learn more about it She knew that space was the last frontier and that it was full of secrets and riches She wanted to see the majestic beauty of faraway worlds float in space with no gravity and see for herself how grand the universe is Mia's desire to become an astronaut grew stronger every day as she read books watched movies and listened to music about space Ben on the other hand saw invention as a way to unlock the secrets of the world and share them with everyone He thought that if he made things he could connect the glory of space to people's everyday lives on Earth Ben would spend hours in his room drawing and making models of his ideas always trying to amaze and inspire other people He wanted to be a creator because he wanted to push the limits of what was possible and leave a lasting mark on the world As Mia and Ben talked about their plans they realized that they were both interested in the same things Mia knew that she would need new ideas and tools to explore space and Ben knew that his ideas could reach new heights if they were used in the vast universe They praised and helped each other and they often worked together on projects that helped both of them reach their goals Mia and Ben were doing their favorite thing which was to look at the stars on a nice day They felt at home in Mia's garden where they sat on a soft blanket and looked up at the night sky As they looked up at the stars they saw something that caught their attention It was a shooting star a brilliant light show that swept

across the sky The shooting star left behind a bright trail of dust that sparkled and moved in the moonlight Mia s eyes became big with joy as she pointed to what she saw Wow that shooting star looks so magical she said with a tone of surprise and awe Ben who was just as amazed nodded in agreement and couldn t take his eyes off the beautiful scene They watched as the shooting star moved across the sky leaving a bright trail that filled the night with a beautiful magical light Mia and Ben couldn t help but wonder if this shooting star was more than what it seemed to be People thought that it might have a secret or be sending a word from another world Mia and Ben agreed to go on a mission to figure out what was going on with the shooting star because they both liked to try new things They put a notebook a flashlight and a small lens in their bags so they could follow the mysterious guest s trail and see what it led to Mia and Ben followed the glittering path into the trees around them They were led by the light that seemed to be calling them on Every step was full of excitement and fear and their hearts were pounding with excitement and fear What will you find at the end of this interesting trip As they continued their search the sparkles led them to an area where the moonlight was soft and comforting In the middle a strange thing stood in the middle of an ethereal glow It was a small disk that glowed and hummed in a way that seemed to connect with their souls Mia cautiously walked up to the mysterious object her eyes wide with wonder and excitement She reached out and put her fingers on the surface of the glowing sphere To her surprise the sphere answered by glowing with a warm light It seemed like the shooting star chose Mia and Ben to tell what it knew At that exact moment the orb unfolded revealing a holographic image of an old star map Mia and Ben yelled and their hearts were beating fast with excitement The chart showed a series of faraway stars that made a path to Star Haven a mythical paradise in the sky Mia and Ben promised that they would go on a great adventure to follow the star map and find the magical Star refuge Their hearts were full of courage and determination They knew that this adventure would be different from anything else they had done before but they were excited to face the unknown and find out more about the world Mia and Ben didn t know that their lives were about to change for the rest of their lives The shooting star gave them a once in a lifetime chance to go on a journey through space that was full of fascinating finds and thrilling encounters They went out into the night their hearts filled with the magic of the universe The orb and the trail of sparkles led them Just as Mia and Ben made their wish on the shooting star the mood in Stardust Ville changed A rumbling sound filled the air and then an old rusty rocket ship fell from the sky and landed with a thud in the middle of the main area in Stardust Ville As the rocket landed dust and debris flew everywhere showing a slowly opening door A figure came out wearing a spacesuit with badges and patches all over it Captain Orion was there He was a great scientist who was known for being brave and adventurous His eyes were bright from the many space missions he had been on and his presence was filled with awe inspiring power When Mia and Ben saw that they were in the same room as their hero their jaws dropped Captain Orion had a good name and people had always praised how brave and determined he was It was more than they could have ever imagined seeing him standing in their small town Captain Orion smiled at the

stunned crowd as he greeted them He spoke in a way that showed he was sure of himself and had a lot of experience Hello people of Stardust Ville he shouted I m here to tell you about an amazing Space Race between young explorers from different planets The winners will get to visit Zephyria a newly discovered planet As word spread like flames the whole town cheered Mia and Ben were happy to see that their dreams of going to space were coming true Captain Orion saw how excited they were and walked up to them with his eyes shining with interest You two seem eager for an adventure Captain Orion said in a voice full of interest and encouragement Would you like to join the Space Race and represent the Stardust villa Mia and Ben enthusiastically said Yes This was a once in a lifetime chance for them to make their dreams come true Captain Orion said that Mia and Ben would need to put together a team of four people each with a special skill in order to fight in the Space Race Their knowledge ability to solve problems and ability to work together would be tested through a number of challenges
