Routledge Companion to the Cultural Industries Kate Oakley, Justin O'Connor, 2015-05-22 The Routledge Companion to the Cultural Industries is a collection of contemporary scholarship on the cultural industries and seeks to reassert the importance of cultural production and consumption against the purely economic imperatives of the creative industries. Across 43 chapters drawn from a wide range of geographic and disciplinary perspectives, this comprehensive volume offers a critical and empirically informed examination of the contemporary cultural industries. A range of cultural industries are explored from videogames to art galleries, all the time focussing on the culture that is being produced and its wider symbolic and socio-cultural meaning. Individual chapters consider their industrial structure, the policy that governs them, their geography, the labour that produces them, and the meaning they offer to consumers and participants. The collection also explores the historical dimension of cultural industry debates, providing context for new readers as well as critical orientation for those more familiar with the subject. Questions of industry structure, labour, place, international development, consumption, and regulation are all explored in terms of their historical trajectory and potential future direction. By assessing the current challenges facing the cultural industries, this collection of contemporary scholarship provides students and researchers with an essential guide to key ideas, issues, concepts, and debates in the field.

Uneasy Dreams Gary A. Smith, 2015-09-03 There has been a tremendous amount of renewed interest in the output of Britain's Hammer Films. But there remain a great number of worthwhile British horror films made at the same time by other companies that have received little attention. The author provides a comprehensive listing of British horror films, including science fiction, fantasy, and suspense films containing horror genre elements that were released between 1956 and 1976, the Golden Age of British horror. Entries are listed alphabetically by original British title, from Vincent Price in *The Abominable Dr Phibes* (1971) to *Zeta One* (1969). Entries also include American title, release information, a critique of the film, and the film's video availability. The book is filled with photographs and contains interviews with four key figures: Max J. Rosenberg, cofounder of Amicus Productions, one of the period's major studios; Louis M. Heyward, former writer, film executive, and producer; Aida Young, film and television producer; and Gordon Hessler, director of such films as *The Oblong Box* and *Murders in the Rue Morgue*.
