The Making of the Soviet Citizen George Avis, 2024-11-26 *The Making of the Soviet Citizen* 1987 examines the distinctive feature of Soviet education the crucial importance it gives to the formation of a new type of person the model socialist citizen It brings together the results of research devoted to character formation and civic training in Soviet education *The making of Soviet citizen* George Avis, 1990 The Making of the Soviet Citizen George Avis, 2024-11-26 *The Making of the Soviet Citizen* 1987 examines the distinctive feature of Soviet education the crucial importance it gives to the formation of a new type of person the model socialist citizen Success in this endeavour is regarded as essential for the creation of the material and spiritual bases of communism and Soviet educational establishments accordingly devoted immense effort and resources to a programme of character building vospitanie moral social and political development This collection brings together the results of research devoted to character formation and civic training in Soviet education The contributors present detailed analyses of the aims and methods of various major components of the vospitanie process and examine the development of their implementation **Educational Freedom in Eastern Europe** Charles Leslie Glenn, 1994 **A History of Education in Modern Russia** Wayne Dowler, 2021-08-12 *A History of Education in Modern Russia* is the first book to trace the significance of education in Russia from Peter the Great's reign all the way through to Vladimir Putin and the present day Individual chapters open with an overview of the political social diplomatic and cultural environment of the period in order to orient the reader Dowler then goes on to analyse the aims of education initiatives in each era before considering the ways in which Russians experienced education both as students and as teachers Each chapter concludes with an assessment of the outcomes and consequences of education policies in the period both the successes and failures as well as the impact of education on the cultural social economic and ultimately political environments The chronologically arranged book also traces and then summarises underlying key themes like the tension between an open system of education and an estate based system the push and pull between utility and the broader goal of human development and the effects of centralized authoritarian control that for much of the period limited local initiative and starved the regions of adequate resources **Soviet Constitutional Crisis** Robert Sharlet, 2016-06-16 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev's most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the politics of law from the Brezhnev era to the rise of

Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms

**Citizenship Education in a Divided Society** Elizabeth Anderson Worden, 2022-12-30 This book examines the possibilities and realities of promoting citizenship peace and reconciliation through schooling in divided and post conflict societies With specific attention to the case of Northern Ireland and the Local and Global Citizenship LGC initiative the book investigates the faltering progress to develop and teach school curricula aimed at promoting citizenship as well as peace tolerance and mutual understanding Following an overview of the scholarship on citizenship education the author provides a broad social and political historical context within which to understand the educational reforms and changes that have taken place in Northern Ireland highlighting various education initiatives of the 1970s 1980s and 1990s that sought to foster understanding of the other and promote reconciliation The book's focus then shifts to the implementation of LGC which began in 2007 Despite initially strong political support and a considerable investment in terms of financial and human resources LGC has had limited impact The book analyzes the obstacles impeding its success which include marginalization within the curriculum and competing conceptions of the purpose of education A concluding chapter reflects upon what we can learn from LGC's implementation and highlights innovative recent initiatives to bring the young people of Northern Ireland together This book will appeal to scholars and students of education studies with interests in citizenship education peace studies educational policy and curricula and practice

**Pedagogies of Culture** Dilyara Suleymanova, 2020-02-14 Through an ethnographic study of schooling in the Republic of Tatarstan this book explores how competing notions of nationhood and belonging are constructed articulated and negotiated within educational spaces Amidst major political and ideological moves toward centralization in Russia under the Putin presidency this small provincial town in Tatarstan provides a unique case of local attempts to promote and preserve minority languages and cultures through education and schooling Ultimately the study reveals that while schooling can be an effective instrument of the state to transform individuals as well as society as a whole school also encompasses various spaces where the agency of local actors unfolds and official messages are contested Looking at what happens inside schools and beyond in classrooms hallways and playgrounds to private households or local Islamic schools Dilyara Suleymanova here offers a detailed ethnographic account of the way centrally devised educational policies are being received negotiated and contested on the ground

**Doctors and the State in the Soviet Union** Michael Ryan, 2016-01-06 Looking at health service institutions in the Soviet Union this book looks particularly at the role of doctors and their recruitment pay and administrative duties The book also studies entrepreneurial medicine material resources and the decline of the general practitioner

**A Modern History of Russian Childhood** Elizabeth White, 2020-02-20 A Modern

History of Russian Childhood examines the changes and continuities in ideas about Russian childhood from the 18th to the 21st century It looks at how children were thought about and treated in Russian and Soviet culture as well as how the radical social political and economic changes across the period affected children It explains how and why childhood became a key concept both in Late Imperial Russia and in the Soviet Union and looks at similarities and differences to models of childhood elsewhere Focusing mainly on children in families telling us much about Russian and Soviet family life in the process

Elizabeth White combines theoretical ideas about childhood with examples of real lived experiences of children to provide a comprehensive overview of the subject The book also offers a comprehensive synthesis of a wide range of secondary sources in English and Russian whilst utilizing various textual primary sources as part of the discussion This book is key reading for anyone wanting to understand the social and cultural history of Russia as well as the history of childhood in the modern world

**Living Soviet in Ukraine from Stalin to Maidan** Michael T. Westrate, 2016-04-29 What the world is now witnessing in Ukraine is the cumulative effect of history and memory in the lives of the people of the region and this book directly addresses those subjects Although the majority of scholarship on the Soviet Union focuses on top level political and intellectual elites these groups were only tiny minorities What was life like for the rest of society What was it like for the vast population that usually supported the regime mostly accepted the rules essentially internalized the ideology and generally made the same choices as their neighbors and friends What was it like to live Soviet as the USSR hit its peak as a superpower and then fell apart What was it like to live Soviet in Ukraine in the decade after independence This book answers those questions It is an oral history of a group of military colonels and their wives children and contemporaries covering their lives from childhood to the present During this period these military families went from comfortable economic circumstances professional prestige and political influence as part of the Soviet upper stratum to destitution and disgrace in the 1990s Today many of them are part of Europe s largest ethnic minority Russians in Ukraine The geographic focus is Kharkiv the second largest city in Europe s second largest country a Russian speaking city in eastern Ukraine Based on 3 000 pages of interview transcripts and supplemented with materials gleaned from unprecedented access to personal family and institutional archives the book investigates how families endured shifting social cultural and political realities By analyzing the lives of individuals in context Westrate provides insights at the grassroots level He reveals how ideological professional gender ethnic and national imperatives as developed and transmitted by elites were internalized transformed or rejected by the rank and file He reveals how the subjective identities of individuals and small groups developed and changed over time and how that process relates to the parallel projects pursued by the leaders of their countries In the process he shows what those experiences have to offer the study of Soviet post Soviet and transnational history bridging the boundaries created by the collapse of the USSR and exploring the foundations of both twenty first century Ukraine and today s conflicts

*Global Exchanges* Ludovic Tournès, Giles Scott-Smith, 2017-10-01 Exchanges between different cultures and institutions of learning

have taken place for centuries but it was only in the twentieth century that such efforts evolved into formal programs that received focused attention from nation states empires and international organizations Global Exchanges provides a wide ranging overview of this underresearched topic examining the scope scale and evolution of organized exchanges around the globe through the twentieth century In doing so it dramatically reveals the true extent of organized exchange and its essential contribution for knowledge transfer cultural interchange and the formation of global networks so often taken for granted today

**Politics, Modernisation and Educational Reform in Russia** David Johnson, 2010-05-17 The chapters in this volume give an account of the process of modernisation and educational reform in Russia variously considering the cultural and political dilemmas provoked by democratisation the structural and policy challenges associated with the reform of higher and vocational education and the deep divisions exposed as socio cultural activity is brought into alignment with the new discourse of freedom and choice The volume stimulates an important debate about the methods that inform cross national and cross regional work on educational change This is particularly salient in a study of educational reform in Russia and begs the question whose way of thinking of constructing meaning and of experiencing the world is used to judge the weight and the direction of change Each chapter shows that a thorough understanding of the nature of change and the direction of reform is only achieved through the ability to decentre or take on board the other worldview It argues therefore that it is worldview rather than culture or nation state that is the most valid unit of analysis This book pays tribute to K D Ushinsky 1824-70 the Russian pioneer of comparative education each chapter in it broadly in agreement with his conclusions that Public education does not solve the problems of life by itself it does not lead history rather it follows the historical development It is not the pedagogies or the teachers who create the future but the people themselves and their great men Education only follows this road and in combination with other public social factors helps the individual and the rising generation on its way

**Education in West Central Asia** Mah-E-Rukh Ahmed, 2013-06-20 Education in West Central Asia is a comprehensive critical reference guide to education in the region With chapters written by an international team of leading regional education experts the book explores the education systems of each country in the region With chapters covering Iran Pakistan Afghanistan Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan the book critically examines the development of education provision in each country as well as local and global contexts Including a comparative introduction to the issues facing education in the region as a whole and guides to available online datasets this handbook will be an essential reference for researchers scholars international agencies and policy makers at all levels

*School, Reform and Society in the New Russia* S. Webber, 1999-10-11 The Russian school system should have an important role to play in the process of democratisation and the revival and modernisation of the economy in that country Is it in a position to respond to this task In this book an analysis is conducted of the attempts to reform the Russian school system in the 1990s setting the progress made and problems encountered by the schools against the broader context of

political economical and social flux in Russia as a whole      The High Title of a Communist Edward Cohn,2015-06-19

Between 1945 and 1964 six to seven million members of the Communist Party of the Soviet Union were investigated for misconduct by local party organizations and then reprimanded demoted from full party membership or expelled Party leaders viewed these investigations as a form of moral education and used humiliating public hearings to discipline wrongdoers and send all Soviet citizens a message about how Communists should behave The High Title of a Communist is the first study of the Communist Party's internal disciplinary system in the decades following World War II Edward Cohn uses the practices of expulsion and censure as a window into how the postwar regime defined the ideal Communist and the ideal Soviet citizen As the regime grappled with a postwar economic crisis and evolved from a revolutionary prewar government into a more bureaucratic postwar state the Communist Party revised its informal behavioral code shifting from a more limited and literal set of rules about a party member's role in the economy to a more activist vision that encompassed all spheres of life The postwar Soviet regime became less concerned with the ideological orthodoxy and political loyalty of party members and more interested in how Communists treated their wives raised their children and handled their liquor Soviet power in other words became less repressive and more intrusive Cohn uses previously untapped archival sources and avoids a narrow focus on life in Moscow and Leningrad combining rich local materials from several Russian provinces with materials from throughout the USSR The High Title of a Communist paints a vivid portrait of the USSR's postwar era that will help scholars and students understand both the history of the Soviet Union's postwar elite and the changing values of the Soviet regime In the end it shows the regime failed in its efforts to enforce a clear set of behavioral standards for its Communists a failure that would threaten the party's legitimacy in the USSR's final days      Democratization and Gender in Contemporary Russia Suvi Salmenniemi,2008-05-20 This book examines civic activism democratization and gender in contemporary Russian society It explores the role of state institutions in the development of democratic civic life showing how under the increasingly authoritarian Putin regime and its policy of managed democracy independent civic activism is both thriving yet simultaneously constrained      **Social and Cultural Change in Central Asia** Sevet Akyildiz,Richard Carlson,2013-10-15

Focusing on Soviet culture and its social ramifications both during the Soviet period and in the post Soviet era this book addresses important themes associated with Sovietisation and socialisation in the Central Asian states of Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan The book contains contributions from scholars in a variety of disciplines and looks at topics that have been somewhat marginalised in contemporary studies of Central Asia including education anthropology music literature and poetry film history and state identity construction and social transformation It examines how the Soviet legacy affected the development of the republics in Central Asia and how it continues to affect the society culture and polity of the region Although each state in Central Asia has increasingly developed its own way the book shows that the states have in varying degrees retained the influence of the Soviet past or else are busily establishing new political

identities in reaction to their Soviet legacy and in doing so laying claim to re defining and reinventing pre Soviet and Soviet images and narratives Throwing new light and presenting alternate points of view on the question of the Soviet legacy in the Soviet Central Asian successor states the book is of interest to academics in the field of Russian and Central Asian Studies

**Women and Gender in Central and Eastern Europe, Russia, and Eurasia** Mary Zirin,Irina Livezeanu,Christine D. Worobec,June Pachuta Farris,2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

**Public Knowledge in Cold War Poland** Alexej Lochmatow,2023-09-22 This book explores the public debates among scholars that took place in Early Cold War Poland The author challenges the traditional narrative on the Sovietisation of Central and Eastern European countries and proposes to see this process not as a spread of Marxist ideology or a Soviet institutional model but as an attempt to force scholars to rapidly adopt new academic and civic virtues This book argues that this project failed to succeed in Poland and shows how the struggle against these new virtues united both Marxist and non Marxist scholars While covering the arc of Polish scholarly debates the author invites the reader to go beyond Poland and to use virtues as a framework for reflections on both the foundations of scholarly practice and the nature of authoritarian regimes with their ambition to teach scholars how to be virtuous
