Making Christian Decisions In An Age Of Deception:

Making Christian Decisions in an Age of Deception Loyst Streeter, 2012 Making Christian Decisions in an Age of Deception Loyst R Streeter, 2021-02-06 A Changing World Christians as never before in history are being required to make decisions that previous generations never had to face Choices such as are you for or against stem cell research genetic engineering the right to die cloning security versus freedom environmental legislation global warming etceteras In addition there are the constant pleas for financial support from a hundred or more religious humanitarian and political organizations disaster relief children s hospitals television evangelists animal rights supporters requests that are not limited to local needs but global concerns The list goes on and on Sound decisions require an understanding not merely of the issue but also of the morals ethics mores culture and customs of society Furthermore time itself plays an important part in any decision What was true in a previous generation may no longer apply in todays world Last but by no means least Christians must answer to a higher authority What if anything do the scriptures teach that can help sort through the conflicting claims and rhetoric coming from every quarter In a world rife with mendacity and alternative facts responsible adults need to be constantly vigilant for deception especially when it is deceitfully disguised under the cloaks of religion and patriotism It is the Author s hope that this book will provide to the reader a valuable understanding into the decision making process itself and will help clarify all of the factors involved While this book is written from a Christian perspective anyone who is required to make important decisions will benefit from its insight and increase their ability to discern the true from the false As a result they will develop a much greater confidence in making sound decisions which in turn will lead to a more just and better world for themselves their children and all mankind Loyst R Streeter *Making Christian Decisions in an Age of Deception* Loyst R. Streeter, 2005-05 **Constructing Moral Concepts of God in a Global Age** Myriam Renaud, 2022-07-29 Constructing Moral Concepts of God in a Global Age focuses on what people say and think about God rather than on arguments about God s existence It advances a theological method or step by step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions Since a moral God is more likely to foster a moral life this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral The proposed method builds on the work of twentieth century theologian Gordon Kaufman during the Kantian phase of his work It anticipates a person like God who hears prayers loves without end and comforts in times of hardship To accommodate today s pluralistic and globalized world the ethical check integrated in the method is a widely collaborative and vetted global ethic the Parliament of the World s Religions Declaration Towards a Global Ethic This volume of constructive philosophical theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others *Christianity - the Simple Made Impossible* Alan G. Shinkfield, 2009-09-02 The Path Rev. Dr. Ebele Okonkwo Onuigbo, 2016-06-23 Decision making is a fundamental

aspect of our daily lives shaping our paths through the resolutions we reach after careful consideration From the simplest choices to the most complex dilemmas individuals continuously navigate the terrain of decision making throughout their lifetimes These decisions serve as compass points guiding us toward the fulfillment of our goals and aspirations whether they lead to positive outcomes or negative consequences How many individuals truly take the time to thoroughly consider the available facts before diving into the decision making process Engaging in wise deliberation of facts prior to making a decision is crucial for ensuring that the resulting choice will have a meaningful impact whether on the individual themselves or the circumstances at hand So how does one go about making a wise decision It involves carefully weighing the available information considering potential consequences and evaluating the implications for both oneself and others in the surrounding community Ultimately the decisions we make not only shape our own lives but also have far reaching effects on the well being and experiences of those around us In the modern world we observe a striking dichotomy between Jesus purpose driven ethos and the prevalent self centered pursuits that often consume individuals Amidst the clamor for material possessions societal status and personal comfort many seem to lose sight of life s deeper significance While the pursuit of such desires is not inherently erroneous an excessive fixation on them can obscure individuals from fulfilling their higher calling

From Rags to Royalty Connie Cenac,2006-03 **The Healing Gods** Candy Gunther Brown,2013-07-30 The question typically asked about complementary and alternative medicine CAM is whether it works However an issue of equal or greater significance is why it is supposed to work The Healing Gods Complementary and Alternative Medicine in Christian America explains how and why CAM entered the American biomedical mainstream and won cultural acceptance even among evangelical and other theologically conservative Christians despite its ties to non Christian religions and the lack of scientific evidence of its efficacy and safety Before the 1960s most of the practices Candy Gunther Brown considers yoga chiropractic acupuncture Reiki Therapeutic Touch meditation martial arts homeopathy anticancer diets were dismissed as medically and religiously questionable These once suspect health practices gained approval as they were re categorized as non religious though generically spiritual health care fitness or scientific techniques Although CAM claims are similar to religious claims CAM gained cultural legitimacy because people interpret it as science instead of religion Holistic health care raises ethical and legal questions of informed consent consumer protection and religious establishment at the center of biomedical ethics tort law and constitutional law The Healing Gods confronts these issues getting to the heart of values such as personal autonomy self determination religious equality and religious voluntarism

Morning Serenity , The Judgments of the Watchers James Lewallen,2022-08-01 The author of this book was driven by a vision that God so impressed upon him that he was compelled to understand its interpretation and purpose Contained herein is a detailed account of the ancient Watchers during the early times of earth s co habitation with mankind As such we are finally given a meticulously clear account of the origin of not simply the sin nature but the vehicle of the perversion and wickedness that we have inherited in

our lives today By way of a rebellion that was diabolical in nature this wickedness was brought to the earthly plane by a group of fallen angels from the angelic realm who in their righteous state were called Holy Watchers These angelic hosts were created by God Himself to act as protectors and guardians of mankind in accordance with the Creator s purpose however there was a group of these Watchers fallen angels who left their heavenly abode and their responsibility for which they were created as protectorates for humanity and were driven from Heaven by their own compulsion of lust for the beautiful women of the earth The result has been catastrophic to mankind The offspring of these fallen angels became the Giants in the land the Nephilim who brought forth such a vile and perverse nature of evil into the earth that God the Father of Creation was forced to bring His judgments upon the evil Watchers and their offspring In the meantime even since the flood the effect of this rebellious nature upon the earth has been to defile mankind and everything aligned with goodness and truth And mankind is still contending with this evil to this day

Messages, Vol. 3 Ellen G. White, 2006 Factual Wisdom for the Age of Apostasy Thomas D. Sharts, MEd, 2015-08-04 This book Factual Wisdom For the Age of Apostasy accounts for those issues of life synonymous with the five areas of being human spiritual physical social psychological and vocational associated with living in an age void of truth and commonsense Moreover the book offers an analysis of these life issues from various expressive perspectives such as ruminations aphorisms sayings and proverbs It is the hope of this author that readers will comprehend how sacred life is in reference to safeguarding against willful ignorance vanity willful stupidity cowardice and hatred while alternatively exploring and developing beliefs and behavioral lifestyles that promote the sanctity of life In truth life is to be lived in such a manner that living is lifted up in glory so that each person on earth has an opportunity to achieve his her life giving purpose and receive and allocate community blessings because of such a fact Anything less than such a blessed experience are those persons that are living the living death and certainly the works expressed in this book find these kinds of lives and those machinations responsible for such debasing experiences a reprehensible outrage that must be excised from civilized social life

Devaluing Public Apologies in the Age of Social Media Joshua M. Bentley, 2024-12-15 In Devaluing Public Apologies in the Age of Social Media Joshua M Bentley argues that apologies are losing their meaning in American society as organizations and public figures treat them as strategical tools without considering their ethical implications As the demand for apologies in the age of social media continues to increase exponentially Bentley posits the apologies that are given carry less and less weight to the public This book examines how controversial figures like Donald Trump and Joe Rogan as well as brands like Google and Bud Light have addressed public controversies both effectively and ineffectively illustrating how social media polarization and cancel culture are changing the way apologies are given and received If apologies are to serve their historical role of resolving conflict peacefully Bentley argues they must be placed back into their proper ethical context This book offers insight on how individuals and organizations can ensure their apologies reflect their authentic values Scholars of communication ethics media studies political science and public relations will find it especially useful
