Making Of The Christian World:

The Making of the Christian World J. Payne, Robert Payne, 1990 **The Making of the Christian World** Robert Payne, 1966 *The Making of a Christian Mind* Arthur Frank Holmes, 1985 **The Christian World** Martin Marty, 2009-01-13 In this cogent volume historian Martin Marty gives readers of all faiths a brief yet sweeping account of Christianity and how it grew from a few believers two thousand years ago to become the world's largest religion. He depicts the life of Christ and his teachings and explains how the apostles set out to spread the Gospel. With a special emphasis on global Christianity, Marty shows how the religion emerged from its ancestral homeland in Africa, the Levant, and Asia Minor, was imported to Europe, and then expanded from there to the rest of the world. While giving a broad overview, Marty also focuses on specific issues such as how Christianity attempts to reconcile with the teachings of Christ, some of its stances on armed conflict, justice, and dominion. *The Christian World* is a remarkable testament to how Christ's message has touched human experience everywhere.

Biblical Economic Policy: Ten Scriptural Truths for Fiscal and Monetary Decision-Making David Arnott PhD, Sergiy Saydometov PhD, 2021-09-06 What does the Bible say about economics? A lot. What about socialism, which is becoming an increasingly common concern in US economic policy discussions? In *Biblical Economic Policy*, Arnott and Saydometov build a biblical framework for analyzing national economic policy that takes on everything from taxes to spending to tariffs to minimum wage. The Bible has something to say about all these critical present-day issues, and this book explains how to apply it to 21st-century policies. Authors Dave Arnott and Sergiy Saydometov hold up the mirror of the Bible and ask their fellow Christians: Is this the way we're supposed to run a biblical economy? What the book is not: It is NOT a financial advice book. It is NOT about how to apply business principles at work. It is NOT about stewardship or giving. It is NOT about how to run your business for the glory of God. *Biblical Economic Policy* takes the macroeconomic view and analyzes how well America's economic policies align with biblical principles. This book tackles difficult present-day economic policies, including taxes, spending, national debt, interest rates, and money supply. Written with sound biblical grounding in accessible language, *Biblical Economic Policy* will turn the common reader into a biblical economic analyst.

Making African Christianity Robert J. Houle, 2011-09-16 In *Making African Christianity*, author Robert J. Houle argues that Africans successfully naturalized Christianity. This book examines the long history of the faith among colonial Zulu Christians, known as amakholwa, in what would become South Africa. As it has become clear that Africans are not discarding Christianity, a number of scholars have taken up the challenge of understanding why this is the case and how we got to this point. Where others have focused on the economic and political potential of conversion, this book argues that we need to understand what was embedded within the faith that Africans found so appealing. Houle argues that translation did not end with the Bible but extended to Christian theology, which needed to be fully appropriated before the faith was secure on the continent. For Zulu, the religion was not a good fit until converts filled critical gaps in the faith, such as

how Christianity could account for the active and everyday presence of the ancestral spirits a problem that was true for African converts across the continent in slightly different ways This book offers fresh insight into the history behind the contemporary success of Christianity on the continent and will be welcomed by African historians those interested in the history of colonialism missions southern African and in particular Christianity

Creating a Christian Worldview Peter Somers Heslam, 1998 Abraham Kuyper 1837 1920 dominated the religious and political life of the Netherlands for nearly half a century and his ideas continue to inspire an international school of thought This book by Peter Heslam discusses Kuyper s ideas in their

context by providing a historical commentary on the book in which they receive their most significant expression Lectures on Calvinism a series of six lectures that Kuyper delivered at Princeton Theological Seminary in 1898 **The Essence of the Christian Worldview** Matt DeLockery,2021-04-28 Every group within Christianity has its own opinions on what Christianity really is But who's right if anyone With the letter to the Colossians we have an opportunity to find an answer Paul compares Christianity to another worldview and argues that Christianity is better This book uses that comparison in order to understand Paul's Christian worldview In this book you will also find answers to some very difficult questions 1 What is God's ultimate purpose for humanity 2 Do we just do things because God told us to 3 Why does Paul tell wives to obey their husbands 4 Why does Paul tell slaves to obey their masters 5 Why does God care what we do at all 6 Why does God command these particular actions 7 Why would we want to follow God's commands anyway 8 How does following God's commands actually make us better people Christianity is the point at which God acted through Christ to fix what was wrong with creation and bring the whole story to a different conclusion In this book you will see the big picture of Christianity and how all the dots connect from start to finish **Herald of Gospel Liberty** Elias Smith,1903 **Make the Devil Homeless** Vladimir Savchuk,2025-10-07 Shut the door on darkness before it consumes your soul While reading this book you will be able to recognize spiritual oppression break curses and overcome soul ties You will also be able to slam the door shut on any dark forces trying to take control In Make the Devil Homeless pastor and deliverance minister Vladimir Savchuk offers a practical guide to breaking free from demonic strongholds and living victoriously Drawing from biblical truths and ministry experience Savchuk will equip you to Recognize spiritual oppression Break curses Overcome soul ties Move from deliverance to dominion Covering topics like haunted houses bloodline curses and second heaven warfare this book empowers readers to shut the door on darkness and walk in God's abundant freedom Whether seeking personal breakthrough or helping others Make the Devil Homeless is your roadmap to lasting spiritual victory Belief and Make-Believe George Wells,1999-01-08 The central question this book addresses is why do so many people swallow the doctrines of religion Following an attempt to analyze the nature of belief it considers the Bible as a basis for religious belief and explores the conceptual difficulties in the New Testament view of humans Making the Best of It John G. Stackhouse Jr.,2008-04-02 What should be the Christian's attitude toward society When so much of our contemporary culture is at odds with Christian beliefs and mores it may seem that serious Christians now have only two choices transform society completely according to Christian values or retreat into the cloister of sectarian fellowship In Making the Best of It John Stackhouse explores the history of the Christian encounter with society the biblical record and various theological models of cultural engagement to offer a more balanced and fruitful alternative to these extremes He argues that rather than trying to root up the weeds in the cultural field or trying to shun them Christians should practice persistence in gardening God's world and building toward the New Jerusalem Examining the lives and works of C S Lewis Reinhold Niebuhr and Dietrich Bonhoeffer for example and direction Stackhouse suggests that

our mission is to make the most of life in the world in cooperation with God's own mission of redeeming the world he loves. This model takes seriously the pattern of God's activity in the Bible and in subsequent history of working through earthly means through individuals, communities and institutions that are deeply flawed but nonetheless capable of accomplishing God's purposes. Christians must find a way to live in this world and at the same time do work that honors God and God's plan for us. In an era of increasing religious and cultural tensions both internationally and domestically, the model that Stackhouse develops discourages the all or nothing attitudes that afflict so much of contemporary Christianity. Instead, he offers a fresh and refreshingly nuanced take on the question of what it means to be a Christian in the world today. **Christian**

Worldview and the Academic Disciplines Deane E. D. Downey, Stanley E. Porter, 2009-04-15. This book is an edited compilation of twenty-nine essays focusing on the differences that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities. Three initial chapters of introductory material are followed by twenty-six essays, each dealing with the essential elements or issues in the academic discipline involved. These individual essays on each discipline are a unique element of this book. These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to each discipline. *Christian Worldview and the Academic Disciplines* is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students. This volume will also be of interest to Christian students in secular post-secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible. This book should also be helpful for college and university professors who embrace the Christian faith but whose post-secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty. Such specialists, be they professors or upper-level graduate students, will find the extensive bibliographies at the end of the individual chapters particularly helpful.

Introducing Apologetics James E. Taylor, 2006-03. A fresh comprehensive survey of the many methods of Christian apologetics using a unique whole person approach. [Encyclopedia of Christianity in the Global South](#) Mark A. Lamport, 2018-06-01. Christianity has transformed many times in its 2,000-year history from its roots in the Middle East to its presence around the world today. From the mid-twentieth century onward, the presence of Christianity has increased dramatically in Asia, Africa, and Latin America, and the majority of the world's Christians are now nonwhite and non-Western. The *Encyclopedia of Christianity in the Global South* traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions. The volumes include maps, images, and a detailed timeline of key events. The phrases *Global Christianity* and *World Christianity* are inadequate to convey the complexity of the countries and regions involved; this encyclopedia, with its more than 500 entries, aims to offer rich perspectives on the varieties of Christianity.
