Reclaiming Your Inner Child Nina Mongendre, 2025-06-10 A quest to make peace with your past release the burdens you carry for your ancestry and embrace the gifts of the present How we treat our inner child reflects on every aspect of our lives It is the foundation of our habits and of our self worth When we deny reject or criticize our own innocence and vulnerability we hinder our capacity for authenticity and connection We are desperate for a semblance of control because we felt powerless as a child and we attempt to protect ourselves by directing arrows of judgment criticism and negativity towards ourselves and others Political hatred discrimination and crime can all be traced to childhood wounding These harmful behaviors along with depression anxiety and self doubt are the inner child s desperate call for help Our younger selves are still trying to get their needs met and it is now our responsibility to meet these needs Nobody else can Until we meet our own needs we blame our parents our partners and the world We are stuck in a triangle of disempowerment in which only three roles are available victim villain and rescuer We cycle through all three of these roles depending on the circumstance In each one of these roles we are looking for self worth outside ourselves and feel resentful and powerless This book teaches us how to step out of this triangle and the layers of story we have been telling ourselves becoming our own guide on an epic inner quest It is an invitation to write a new story to finally meet our needs and take full responsibility for our lives To do this we step outside of linear time and journey back to significant moments of our childhood
