Weiss, John Gage, Mark Rothko, National Gallery of Art (U.S.), Musée d'art moderne de la ville de Paris, Whitney Museum of American Art, 1998-01-01 Overzicht van het werk van de Amerikaanse schilder 1903 1970 *Seeing Rothko* Glenn Phillips, Thomas E. Crow, 2005 I am interested only in expressing basic human emotions tragedy ecstasy doom Mark Rothko 1903 1970 said of his paintings If you are moved only by their colour relationships then you miss the point Throughout his career Rothko was concerned with what other people experienced when they looked at his canvases As his work shifted from figurative imagery to luminous fields of colour his concern expanded to the setting in which his paintings were exhibited

Modern Art Museum of Fort Worth 110 Modern Art Museum of Fort Worth, Michael Auping, 2002 Together they present a broad range of styles and media from oil acrylic and mixed media paintings and drawings to photography sculpture installation art and video and digital imagery *Binding the Absent Body in Medieval and Modern Art* Emily Kelley, 2017-07-05 This collection of essays considers artistic works that deal with the body without a visual representation It explores a range of ways to represent this absence of the figure from abject elements such as bodily fluids and waste to surrogate forms including reliquaries manuscripts and cloth The collection focuses on two eras medieval and modern when images referencing the absent body have been far more prolific in the history of art In medieval times works of art became direct references to the absent corporal essence of a divine being like Christ or were used as devotional aids By contrast in the modern era artists often reject depictions of the physical body in order to distance themselves from the history of the idealized human form Through these essays it becomes apparent even when the body is not visible in a work of art it is often still present tangentially Though the essays in this volume bridge two historical periods they have coherent thematic links dealing with abjection embodiment and phenomenology Whether figurative or abstract sacred or secular medieval or modern the body maintains a presence in these works even when it is not at first apparent *The Artist's Reality* Mark Rothko, 2004-01-01 This recently discovered manuscript by the celebrated artist Mark Rothko offers a landmark discussion of his views on topics ranging from the Renaissance to contemporary art criticism and the role of art and artists in society

documentation 105 colour illustrations Rothko Jacob Baal-Teshuva,2003 An overview of the life and work of artist Mark Rothko this volume exhibits his mythological content simple flat shapes and imagery inspired by primitive art **The Grove Encyclopedia of American Art** Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries *A Psychoanalytic Approach to Visual Artists* James W. Hamilton,2018-03-22 James Hamilton s engaging book offers us his own unique insight into the unconscious factors involved in the creative processes associated with painting filmmaking and photography by studying the lives and works of a number of artists each one having a unique personal style In separate chapters he looks at the lives and works of Mark Rothko Joseph Cornell Piet Mondrian Pablo Picasso Clement Greenberg Edward Weston Ingmar Bergman Francois Truffaut Quentin Tarantino and Florian von Donnersmarck from a psychoanalytic perspective with emphasis on unconscious motivation and the quest for mastery of intrapsychic conflict The book is bound to encourage further questions and hypotheses about the nature of these complex phenomena **20th Century Art: a Resource for Educators (in Acq)** Stella Paul,1999 Presents thirty one paintings with notes about the works strategies for discussion and writings by selected artists Accompanying videocassette is about the work Water Stone by Isamu Noguchi **The Spiritual Dynamic in Modern Art C.** Spretnak,2014-10-22 This book demonstrates that numerous prominent artists in every period of the modern era were expressing spiritual interests when they created celebrated works of art This magisterial overview insightfully reveals the centrality of an often denied and misunderstood element in the cultural history of modern art The Rape of the Masters Roger Kimball,2005-11-25 Colleges and universities used to teach art history to encourage connoisseurship and acquaint students with the riches of our artistic heritage But now as Roger Kimball reveals in this witty and provocative book the student is less likely to learn about the aesthetics of masterworks than to be told for instance that Peter Paul Rubens great painting Drunken Silenus is an allegory about anal rape Or that Courbet s famous hunting pictures are psychodramas about castration anxiety Or that Gauguin s Manao tupapau is an example of the way repression is written on the bodies of women Or that Jan van Eyck s masterful Arnolfini Portrait is about middle class deceptions and the treatment of women Or that Mark Rothko s abstract White Band Number 27 parallels the pictorial structure of a pieta Or that Winslow Homer s The Gulf Stream is a visual encoding of racism In The Rape of the Masters How Political Correctness Sabotages Art Kimball a noted art critic himself shows how academic art history is increasingly held hostage to radical cultural politics feminism cultural studies postcolonial studies the whole armory of academic antihumanism To make his point he describes how eight famous works of art reprinted here as illustrations have been made over to fit a radical ideological fantasy Kimball then performs a series of intellectual rescue operations explaining how these great works should be understood through a series of illuminating readings in which art not politics guides the discussion The Art Dealer's Apprentice David Guenther,2024-03-05 The Art Dealer s Apprentice tells the story of how the author moved to New York in 1989 as a young

Midwesterner found a job at an Upper East Side gallery and became the protégé of Carla Panicali an Italian countess and major international art world figure From Carla an extraordinary woman whom he deeply admired the author learned to navigate the treacherous waters of authenticity power and money in the art business and his own life As gallery director he gradually piloted the gallery through a sea of fakes frauds and unscrupulous colleagues competitors collectors and experts until the art market crashed and in the ensuing crisis in the increasingly money driven art world of the 1990s he came to question even the authenticity of his friendship with Carla In *The Art Dealer's Apprentice* the author recounts how he learned the New York art business from the inside including the roles of dealers auction houses runners collectors and experts the personal histories of famous artists and the art historical importance and salability of their work and how paintings and sculptures were or were not authenticated and sold often based surprisingly on factors having little to do with the artwork itself The author also details how international business was done in some cases through illicit transport of artworks payoffs to experts and Swiss bank accounts Increasingly disillusioned the author ultimately concludes that by the early 1990s the art business was no longer really about art
