other events but also copious examples of poetic expressions and descriptions of courtly traditions and ceremonies. Because of its attempt to exemplify the best in the courtly prose tradition it is noted for its imitation of the style of the masterpiece *The Tale of Genji*; the work has long been valued in Japan as much for its artistic literary contribution as for its historical significance. The present translation makes available to English readers the last significant work belonging to the genre of historical tales *rekishi monogatari*, another example of which is *A Tale of Flowering Fortunes* translated by William and Helen Craig McCullough (Stanford 1980). The introduction provides a brief summary of the significant historical and political events of the period together with a discussion of the significance of *The Clear Mirror* within the historical tales tradition and comments on the literary strengths and weaknesses of the work. A glossary identifies people and places mentioned in the text and an appendix discusses details concerning the work's authorship, possible dates of initial publication and other matters relating to the original manuscript.

World Musics in Context Peter Fletcher, 2004. This volume contains a wide-ranging survey of musics of the world in historical and social contexts from ancient times to the present day. It begins by describing aspects of musical style and function in relation to the early developments of civilizations as background to a study of later transformations. It then describes in some detail musical traditions of Africa and Asia in relation to history, geography and to other aspects of culture. A compendium of information currently available as well as a dialectical examination of musical causation and function, this book aims to lead students, teachers and those who practice Western music towards a deeper understanding of the various musical traditions that contribute to the modern multicultural environment.

Toshiko Akiyoshi-Lew Tabackin Big Band's Kogun E. Taylor Atkins, 2024-10-17. A study of the 1974 album *Kogun* by the Toshiko Akiyoshi-Lew Tabackin Big Band. This book assesses not just its importance in jazz history but also its part in public remembrance of World War II in Japan. In 1974 a Japanese soldier emerged from the Philippine jungle where he had hidden for three decades, unconvinced that World War II had ended. Later that year the Toshiko Akiyoshi-Lew Tabackin Big Band released its first album *Kogun*, solitary soldier, the title track of which adopted music from medieval Japanese *no* theater for the first time in a jazz context as aural commemoration of his experience. At a time when big band jazz was mostly a vehicle for nostalgia and no longer regarded as a vital art, the album was heralded as a revelation. *Kogun* elevated Akiyoshi's reputation as a brilliant composer, arranger and earned Tabackin acclaim as a compelling, versatile improviser on tenor saxophone and flute.

Extreme Exoticism William Anthony Sheppard, 2019. *Extreme Exoticism* explores the role of music in shaping American perceptions of the Japanese, the influence of Japanese music on American composers and the place of Japanese Americans in American musical life over the past 150 years.

The Ashgate Research Companion to Japanese Music Alison Tokita, Dr. David W. Hughes, 2008. This is the first book to cover in detail all genres of Japanese music including court music, Buddhist chant, theatre music, chamber ensemble music and folk music as well as contemporary music and the connections between music and society in various periods. The book is a collaborative effort involving both Japanese and

English speaking authors and was conceived by the editors to form a balanced approach that comprehensively treats the full range of Japanese musical culture Britten and the Far East Mervyn Cooke, 1998 Investigation into the influence of Eastern music on Britten's composition Benjamin Britten's interest in the musical traditions of the Far East had a far reaching influence on his compositional style this book is the first to investigate the highly original cross cultural synthesis he was able to achieve through the use of material borrowed from Balinese Japanese and Indian music Britten's visit to Indonesia and Japan in 1955-6 is reconstructed from archival sources and shown to have had a profound impact on his subsequent work the techniques of Balinese gamelan music were used in the ballet *The Prince of the Pagodas* 1957 and then became an essential feature of Britten's compositional style at their most potent in *Death in Venice* 1973 The *No* drama and Gagaku court music of Japan were the inspiration for the trilogy of church parables Britten composed in the 1960s The precise nature of these influences is discussed Britten's sporadic borrowings from Indian music are also fully analysed There is a survey of critical responses to Britten's cross cultural experiments Dr MERVYN COOKE lectures in music at the University of Nottingham
