G. Wells, 1940      **Outlines of Geography. Part I. Modern Geography. Eighth edition** OUTLINES., 1870      **Outlines of Modern History, on a New Plan** Royal Robbins, 2015-06-26 Excerpt from Outlines of Modern History on a New Plan Modern History presents so wide and varied a field that a volume of the ordinary size is scarcely adequate to the purpose of pointing out all even of the more striking objects which such a field contains Indeed comparatively little can be hoped to be achieved in a very condensed narrative of the events of modern ages on the common plan It would be apt to become a barren outline or dry abstract with little to interest or instruct the mind of the reader and this almost from the necessity of the case The conciseness which is studied would preclude all minute relation and with that the chief charm of history The character of many publications of this class otherwise very valuable has suffered from such a cause By the use of two sizes of type this inconvenience is remedied in a degree if there be sufficient skill in the execution and a considerable space within a given compass is thus allowed for lively and entertaining matter not essentially connected with the leading facts or frame work of history The latter necessarily dry in themselves and having few attractions for common minds but very important to every one who would obtain a correct idea of the course of events may be all confined to the larger type and thus while a very brief epitome of history is presented in that part the reader is at the same time by means of the smaller type made acquainted with details which will enliven the narrative and the better impress the more material facts on his mind About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may

be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **A System of Modern Geography, with the Outlines of Astronomy** John White (F.E.I.S.),1872      *Proceedings of the 2022 3rd International Conference on Artificial Intelligence and Education (IC-ICAIE 2022)* Bob Fox,Chuan Zhao,Marcus T.
