*Rastafari in the New Millennium* Michael Barnett, 2014-06-05 In the dawn of the new African Millennium the Rastafari

movement has achieved unheralded growth and visibility since its inception more than eighty years ago. Locating the Rastafari movement at a literal and figurative crossroad Barnett sets out to consider the possible paths the movement will chart. Rastafari in the New Millennium covers a wide range of perspectives focusing not only on the movement's nuanced and complex religious ideology but also on its political philosophy cosmology and unique epistemology. Barry Chevannes's essay addresses the concerns of death and repatriation highlighting the transformative challenges these issues pose to Rastafari. Essays by Ian Boxill Edward Te Kohu Douglas Erin C MacLeod and Janet L DeCosmo among others offer rich accounts of the globalization of Rastafari from New Zealand to Ethiopia from Brazil to Nigeria. Drawing on new research and global developments the contributors many of whom are leading scholars in the field reinvigorate the critical dialogue on the current state and future direction of the Rastafari movement.

Music of the Common Tongue Christopher Small, 2012-01-01 In clear and elegant prose Music of the Common Tongue first published in 1987 argues that by any reasonable reckoning of the function of music in human life the African American tradition that which stems from the collision between African and European ways of doing music which occurred in the Americas and the Caribbean during and after slavery is the major western music of the twentieth century. In showing why this is so the author presents not only an account of African American music from its origins but also a more general consideration of the nature of the music act and of its function in human life. The two streams of discussion occupy alternate chapters so that each casts light on the other. The author offers also an answer to what the *Musical Times* called the seldom posed though glaringly obtrusive question why is it that the music of an alienated oppressed often persecuted black minority should have made so powerful an impact on the entire industrialized world whatever the color of its skin or economic status.
