Regibeur Du Rhum:

Régisseur du rhum Raphaël Confiand, 2004-11-04 Pierre Marie de La Vigerie a succédé son père la distillerie de Rivière Salee Comme lui il n'a qu'un seul dieu le rhum Pas ce mûr breuvage qu'on boit en Martinique mais le précieux nectar respectueusement tiré de la canne sucrée la grappe comme on l'appelle ici en Martinique la veille de la Seconde Guerre mondiale la distillerie dans les champs de canne dans les habitations des maîtres blancs dans cette France du bout du monde le temps semble s'être arrêté On vit ici au rythme de la canne du sucre et du rhum sans même imaginer que le monde pourrait être en train de changer A la suite de Commandeur du sucre Raphaël Confiand fait resurgir un univers croulé et nostalgique celui des forçats de la canne et du rhum celui des inégalités sociales des injustices et du racisme **Régisseur du rhum**

Raphaël Confiand, 2015 A la fin des années 1930 à Genipa au sud de la Martinique Pierre Marie de La Vigerie se retrouve à la tête de la grande distillerie de Rivière Salee la cathédrale du rhum La succession de son père un maître respecté de tous les ouvriers s'annonce difficile Pierre Marie sera-t-il un jour un grand régisseur Sans doute s'il ne sacrifie pas son amour de la grappe au démon de la rentabilité Le jeune beke sait aussi que sa légitimité repose sur un mystère que son père lui a toujours caché celui de sa naissance Une énigme dont tous autour de lui connaissent la clé Le rhum tel que nous le raconte Raphaël Confiand n'est pas fait que de canne Il est aussi l'âme des hommes et des femmes de Martinique Chabine Rouille le freineur de locomotive Simon le Terrible l'intraitable propriétaire terrien Mamzelle Doriane la maîtresse femme de la plantation et puis Laetitia l'aimée à la peau de velours sombre Nègres bekes coulis mulâtres coupeurs et amarrées ouvriers et contremaîtres ils sont les héros de cette fresque foisonnante commencée avec Commandeur du sucre **L'auto-exotisme**

dans les littératures des Antilles françaises Nathalie Schon, 2003-01-01 Les études réalisées sur les littératures des Antilles françaises s'inscrivent souvent dans le cadre des relations présentes et passées entre la France et les Antilles Cette approche est d'ailleurs pertinente si l'on considère l'histoire commune Cependant elle a l'inconvénient de présenter toute différence avec la littérature martiniquaise comme spécifique aux Antilles gommant de la sorte les convergences ou divergences que les littératures antillaises entretiennent entre elles D'autre part la Martinique et la Guadeloupe la fois départements français et groupes d'îles aux structures coloniales conomiquement et culturellement sont des sociétés ambiguës C'est précisément cette ambiguïté qui inspire les œuvres littéraires même les moins engagées Elle est l'origine d'un sentiment fondamental du personnage antillais l'auto-exotisme cette façon d'être exotique soi-même Cet ouvrage de littérature comparée aborde les œuvres antillaises d'un point de vue sociologique psychanalytique et littéraire pour tenter de rendre compte de cette ambiguïté identitaire l'origine d'imaginaires divergents dans les deux îles qui tentent chacun sa façon de répondre la même question peut-on la fois être d'ici et de là-bas sans demeurer un ternel étranger *Soundings in French Caribbean Writing Since 1950* Mary Gallagher, 2002-11-07 Over the second half of the twentieth century a substantial flow of writing emerged from the French held Caribbean Much of this work is both theoretically knowing and poetically potent and has attracted international

attention to the literary resonances of the uniquely complex geo historical situation of the Caribbean and indeed of the Americas in general Much of its passion pertinence and appeal inheres in its approach to time and to space an approach still reverberating with the shock of displacement and its various after tremors an exploded sense of diversity radical relativization the profound expropriations of enslavement colonial erosion Through readings of high profile as well as lesser known writing this book tracks some of the more striking tensions and tropisms at work in the French Caribbean imagination of space and time and their intersection It studies generic interplay textual palimpsest narrative structure and other dynamics of writing that realize and manipulate the intersections of time and space history and memory writing and rewriting voice and text referential space and inter textual space as well as cultural theory and literary practice identity and difference place and displacement In this way it probes both the strains and the stresses and also the insights and gravitations that make for the particular French Caribbean timbre of this volume of writing This specific vibration while illuminating Caribbean New World and post colonial thinking in general also encourages wider reflection on global resonances of displacement and dislocation and on more general issues such as the role of writing and of narrative in particular in the confrontation of absence and presence loss and desire distance and diversity This book locates the problematic of time space in relation to historiographical geo cultural and phenomenological thinking and it also takes account of the detonation of critical interest in what is broadly termed post colonial writing Its fundamental concern however is to show how a particular corpus of writing has in the space of half a century and from a bracing position of hyper relationality responded imaginatively and poetically to the challenge of envisioning place and of relating space to time

Le Havre colonial de 1880 à 1960 Claude Malon, 2001 Ce travail se propose d'étudier les relations entre le Havre et les colonies françaises de 1880 1960 Il examine les modalités et les conséquences de l'intégration du port normand au système impérial Trois domaines sont explorés les changes maritimes les entreprises coloniales l'idée coloniale Le Havre joue un rôle spécifique dans la captation des produits chers café cacao coton bois exotiques Des entreprises coloniales sont créées ou converties le change colonial particulièrement au cours des années 1920 et en direction de l'Afrique La protection douanière et le modèle de port de marché terminent une activité coloniale de place Les réseaux du prosélytisme la sociabilité coloniale l'identité coloniale des lites atteignent leur apogée dans les années 1930 Le contact avec les colonies sont limités voire conflictuels Le négocier se replie sur l'idée autarciste Au temps de l'Union française les liens avec l'Afrique se renforcent Mais l'identité coloniale se désagrège Les acteurs du change avec l'Outre-mer hésitent entre le statu quo le cartisme et la coopération La décolonisation n'est pas un drame pour le Havre

Postcolonial Francophone Autobiographies Edgard Sankara, 2011 This book examines a cross section of postcolonial Francophone writing from Africa and the Caribbean to highlight and compare their transnational reception

L'auto-exotisme dans les littératures des Antilles françaises BAYART Jean-François et WARNIER Jean-Pierre, 2003-10-01 Les études réalisées sur les littératures des Antilles françaises s'inscrivent souvent dans le

cadre des relations présentes et passées entre la France et les Antilles. Cette approche est d'ailleurs pertinente si l'on considère l'histoire commune. Cependant, elle a l'inconvénient de présenter toute différence avec la littérature métropolitaine comme spécifique aux Antilles, gommant de la sorte les convergences ou divergences que les littératures antillaises entretiennent entre elles. Cet ouvrage de littérature comparée aborde les œuvres antillaises d'un point de vue sociologique, psychanalytique et littéraire.

Literature of the Caribbean Lizabeth Paravisini-Gebert, 2008-08-30 The Caribbean is an exotic but not too distant land full of rich cultural traditions. The literature of the Caribbean reflects the social, political and cultural concerns of the region and is a valuable tool for learning about the area and its people. This book includes chapters on roughly a dozen contemporary Caribbean writers. Along with plot summaries, these sections discuss major themes and give close attention to how Caribbean culture figures in the writers' texts. To help students conduct further research, each chapter cites works for further reading.

Frantz Fanon's 'Black Skin, White Masks' Max Silverman, 2017-10-03 First published in 1952, Frantz Fanon's *Black Skin White Masks* is one of the most important anti-colonial works of the post-war period. It is both a profound critique of the conscious and unconscious ways in which colonialism brutalises the colonised and a passionate cry from deep within a black body alienated by the colonial system and in search of liberation from it. This volume is the first collection of essays specifically devoted to Fanon's text. It offers a wide range of interpretations of the text by leading scholars in a number of disciplines. Chapters deal with Fanon's Martinican heritage, Fanon and Creolism, ideas of race and racism and new humanism, Fanon and Sartre, representations of Blacks and Jews and the psychoanalysis of race, gender and violence. Contributors offer new ways of reading the text and the volume as a whole constitutes an important contribution to the growing field of Fanon studies.

Friends and Enemies Chris Bongie, 2008-01-01 This timely contribution to debates about the future of postcolonial theory explores the troubled relationship between politics and the discipline, both in the sense of the radical political changes associated with the anti-colonial struggle and the implication of literary writers in institutional discourses of power. Using Haiti as a key example, Chris Bongie explores issues of commemoration and commodification of the post-colonial by pairing early nineteenth-century Caribbean texts with contemporary works. An apt volume for an age that struggles with the reality of memories of anti-colonial resistance, *Friends and Enemies* is a provocative take on postcolonial scholarship.

Le barbare enchanté Raphaël Confiant, 2003-09-10 On sait aujourd'hui tout ou presque des différents jours de Paul Gauguin en Bretagne, Panama ou Tahiti. Un trou demeure pourtant dans la vie du peintre : ces quelques mois passés à la Martinique durant l'année 1887. De l'aveu même de Gauguin, ce fut une escale déterminante dans sa carrière : la recherche des sources primitives de l'art, il découvre la lumière antillaise et les dieux créoles. Au contact du monde créole et des différentes influences dont il est imprégné, le peintre sentira se réveiller en lui le Barbare enchanté qu'il n'a jamais cessé d'être en dépit de son mariage avec une belle Danoise et des années florissantes qu'il passa à l'agence de change Bertin dans le Paris du milieu du XIXe siècle. S'aidant de témoignages oraux et des rares documents écrits concernant la vie de Gauguin à la Martinique, ainsi que

d'une analyse poétique des toiles qu'il y a peintes Raphaël Confiant brosse dans ce roman un portrait imaginaire et coloré de cet homme qui l'instar de Rimbaud son contemporain fut la recherche presque désespérée du sens de notre existence terrestre

L'habitation/plantation, 2011 À l'heure d'une mondialisation sans cesse plus contraignante ce regard croisé de spécialistes divers de l'Université des Antilles et de la Guyane sur l'Amérique des Plantations est une offre au lecteur pour décloisonner les territoires et sociétés de cette partie du monde Les auteurs ont ciblé l'habitation plantation comme l'élément fédérateur notamment ses héritages et mutations À travers l'histoire les langues la littérature les civilisations la communication ou l'étude des territoires ils aident à couvrir les matériaux communs mis en œuvre pour la construction des identités multiples et le développement de pays ou de régions aussi divers que le Brésil la Louisiane le Mexique Cuba les Petites Antilles le Venezuela ou la République Dominicaine La plantation américaine a conditionné le peuplement des territoires marquant profondément les hommes les sociétés créoles les paysages ou la biodiversité Sur le continent elle participa à la modernisation des haciendas des estancias et autres fazendas Sa contribution à la consolidation des échanges internationaux et à l'affirmation de la mondialisation est incontestable À un moment où le débat n'a jamais été aussi passionnant sur la nécessité de mieux connaître le passé pour comprendre le présent et préparer l'avenir ces contributions d'universitaires devraient faciliter la compréhension de la globalité des systèmes agraires économiques sociaux ou culturels liés à l'habitation plantation Elles constituent un potentiel de première importance résultant d'un renouvellement de l'approche scientifique pour appréhender l'étude de cette partie du monde Elles sont susceptibles d'inspirer de nouvelles politiques de coopération en matière de formation d'échanges de développement
