Understanding the Ideas That Have Shaped Our World View This very important contribution to transpersonal psychology I know very few books that represent such a unique balance of critical thinking and deep personal experience The author s extensive knowledge of philosophical religious and psychological literature makes it possible for him to provide solid grounding for the profound insights from his nonordinary states of consciousness Brings unusual clarity into several important problem areas and represents an important step toward an integration and synthesis of the observations and experiences involved Christopher Bache is one of the most creative and imaginative thinkers in the transpersonal field Stanislav Grof author of The Cosmic Game Explorations of the Frontiers of Human Consciousness and Beyond the Brain Birth Death and Transcendence in Psychotherapy Christopher M Bache is Professor of Religious Studies in the Department of Philosophy and Religious Studies at Youngstown State University He is the author of Lifecycles Reincarnation and the Web of Life
