Reign Of The Rabble The St Louis General Strike Of 1877

Jesse W. Schwartz, Daniel Worden

Reign Of The Rabble The St Louis General Strike Of 1877:

Reign of the Rabble David T. Burbank, 1966 1877 Michael A. Bellesiles, 2010-08-10 A powerful examination of a nation trying to make sense of the complex changes and challenges of the post Civil War era Carol Berkin author of A Brilliant Solution Inventing the American Constitution In 1877 a decade after the Civil War not only was the United States gripped by a deep depression but the country was also in the throes of nearly unimaginable violence and upheaval marking the end of the brief period known as Reconstruction and reestablishing white rule across the South In the wake of the contested presidential election of 1876 white supremacist mobs swept across the South killing and driving out the last of the Reconstruction state governments A strike involving millions of railroad workers turned violent as it spread from coast to coast and for a moment seemed close to toppling the nation's economic structure Celebrated historian Michael A. Bellesiles reveals that the fires of that fated year also fueled a hothouse of cultural and intellectual innovation He relates the story of 1877 not just through dramatic events but also through the lives of famous and little known Americans alike A superb and troubling book about the soul of Modern America William Devereaux director of the Huntington-USC Institute on California and the West A bold insightful book richly researched and fast paced Bellesiles vividly portrays on a single canvas the violent confrontations in 1877 Alfred F. Young coeditor of Revolutionary Founders: Rebels, Radicals, and Reformers in the Making of the Nation A wonderful read that is sure to appeal to those interested in the challenges of creating a post Civil War society Choice **The Great Strikes of 1877** David O. Stowell, 2024-03-18 A spectacular example of collective protest the Great Strike of 1877 actually a sequence of related actions was America's first national strike and the first major strike against the railroad industry In some places non railroad workers also abandoned city businesses creating one of the nation's first general strikes Mobilizing hundreds of thousands of workers the Great Strikes of 1877 transformed the nation's political landscape shifting the primary political focus from Reconstruction to labor capital and the changing role of the state Probing essays by distinguished historians explore the social political regional and ethnic landscape of the Great Strikes of 1877 long term effects on state militias and national guard units ethnic and class characterization of strikers pictorial representations of poor laborers in the press organizational strategies employed by railroad workers participation by blacks violence against Chinese immigrants and the developing tension between capitalism and racial equality in the United States Contributors Joshua Brown Steven J. Hoffman Michael Kazin David Miller Richard Schneirov David O. Stowell and Shelton Stromquist

Streets, Railroads, and the Great Strike of 1877 David O. Stowell, 1999-06-15 For one week in late July of 1877 America shook with anger and fear as a variety of urban residents mostly working class attacked railroad property in dozens of towns and cities The Great Strike of 1877 was one of the largest and most violent urban uprisings in American history Whereas most historians treat the event solely as a massive labor strike that targeted the railroads David O. Stowell examines America's predicament more broadly to uncover the roots of this rebellion He studies the urban origins of the Strike in three

upstate New York cities Buffalo Albany and Syracuse He finds that locomotives rumbled through crowded urban spaces sending panicked horses and their wagons careening through streets Hundreds of people were killed and injured with appalling regularity The trains also disrupted street traffic and obstructed certain forms of commerce For these reasons Stowell argues The Great Strike was not simply an uprising fueled by disgruntled workers Rather it was a grave reflection of one of the most direct and damaging ways many people experienced the Industrial Revolution Through meticulously crafted case studies the author advances the thesis that the strike had urban roots that in substantial part it represented a community uprising A particular strength of the book is Stowell s description of the horrendous accidents the toll in human life and the continual disruption of craft business and ordinary movement engendered by building railroads into the heart of cities Charles N Glaab American Historical Review

An Unfinished Revolution Abraham Lincoln, Karl Marx, 2011-05-16

Karl Marx and Abraham Lincoln exchanged letters at the end of the Civil War Although they were divided by far more than the Atlantic Ocean they agreed on the cause of free labor and the urgent need to end slavery In his introduction Robin Blackburn argues that Lincoln s response signaled the importance of the German American community and the role of the international communists in opposing European recognition of the Confederacy The ideals of communism voiced through the International Working Men s Association attracted many thousands of supporters throughout the US and helped spread the demand for an eight hour day Blackburn shows how the IWA in America born out of the Civil War sought to radicalize Lincoln s unfinished revolution and to advance the rights of labor uniting black and white men and women native and foreign born The International contributed to a profound critique of the capitalist robber barons who enriched themselves during and after the war and it inspired an extraordinary series of strikes and class struggles in the postwar decades In addition to a range of key texts and letters by both Lincoln and Marx this book includes articles from the radical New York based journal Woodhull and Claflin s Weekly an extract from Thomas Fortune s classic work on racism Black and White Frederick Engels on the progress of US labor in the 1880s and Lucy Parson s speech at the founding of the Industrial Workers of the World

The St. Louis Veiled Prophet Celebration Thomas M. Spencer, 2000-04-11 The Veiled Prophet organization has been a vital institution in St Louis for more than a century Founded in March 1878 by a group of prominent St Louis businessmen the organization was fashioned after the New Orleans Carnival society the Mystick Krewe of Comus In The St Louis Veiled Prophet Celebration Thomas Spencer explores the social and cultural functions of the organization s annual celebration the Veiled Prophet parade and ball and traces the shifts that occurred over the years in its cultural meaning and importance Although scholars have researched the more pluralistic parades of the eighteenth and early nineteenth centuries very little has been done to examine the elite dominated parades of the late nineteenth and twentieth centuries This study shows how pluralistic parades ceased to exist in St Louis and why the upper echelon felt it was so important to end them Spencer shows that the celebration originated as the business elite s response to the St Louis general strike of 1877 Symbolically gaining

control of the streets the elites presented St Louis history and American history by tracing the triumphs of great men men who happened to be the Veiled Prophet members ancestors The parade therefore was intended to awe the masses toward passivity with its symbolic show of power The members believed that they were helping to boost St Louis economically and culturally by enticing visitors from the surrounding communities They also felt that the parades provided the spectators with advice on morals and social issues and distracted them from less desirable behavior like drinking and carousing From 1900 to 1965 the celebration continued to include educational and historical elements thereafter it began to resemble the commercialized leisure that was increasingly becoming a part of everyday life The biggest change occurred in the period from 1965 to 1980 when the protests of civil rights groups led many St Louisans to view the parade and ball as wasteful conspicuous consumption that was often subsidized with taxpayers money With membership dropping and the news media giving the organization little notice it soon began to wither In response the leaders of the Veiled Prophet organization decided to have a VP Fair over the Fourth of July weekend The 1990s brought even more changes and the members began to view the celebration as a way to unite the St Louis community with all of its diversity rather than as a chance to boost the city or teach cultural values The St Louis Veiled Prophet Celebration is a valuable addition not only to the cultural history of Missouri and St Louis but also to recent scholarship on urban culture city politics and the history of public celebrations in America

The History of Disruption Mehmet Dosemeci, 2024-10-29 Challenging our understanding of social struggles as movements Mehmet Dosemeci traces a 300 year counter history of struggle predicated on disruption Why do we think of social struggles as movements Have struggles been practiced otherwise not as motion but as interruption occupation disturbance arrest Looking at three hundred years of Atlantic social struggle kinetically Mehmet Dosemeci questions the axiomatic association that academics and activists have made between modern social struggles and the category of movement Dosemeci argues that this movement politics has privileged some forms of historical struggle while obscuring others and perhaps more damningly reveals the complicity of social movements in the very forces they oppose Dosemeci's story begins with the eighteenth century establishment of a transatlantic regime of movement that coerced goods and bodies into violent and ceaseless motion He then details the long history of resistance to this regime interweaving disparate social struggles such as food riots Caribbean maroon communities Atlantic pirates secret societies and syndicalism the student New Left Black Power radical feminism Operaismo and the Zapatistas into a history of politics as disruption Dosemeci convincingly argues that this history is key to understanding the resurgence of disruptive politics in the twenty first century and offers valuable guidance for future struggles seeking to overturn an ever intensifying regime of movement

The American Crucible Robin Blackburn, 2013-08-06 *The American Crucible* furnishes a vivid and authoritative history of the rise and fall of slavery in the Americas For over three centuries enslavement promoted the rise of capitalism in the Atlantic world The New World became the crucible for a succession of fateful experiments in colonization silver mining plantation agriculture racial

enslavement colonial rebellion slave witness and slave resistance Slave produce raised up empires fostered new cultures of consumption and financed the breakthrough to an industrial order Not until the stirrings of a revolutionary age in the 1780s was there the first public challenge to the peculiar institution An anti slavery alliance then set the scene for great acts of emancipation in Haiti in 1804 Britain in 1833 8 the United States in the 1860s and Cuba and Brazil in the 1880s In *The American Crucible* Robin Blackburn argues that the anti slavery movement forged many of the ideals we live by today The best treatment of slavery in the western hemisphere I know of I think it should establish itself as a permanent pillar of the literature Eric Hobsbawm

A David Montgomery Reader David W. Montgomery, 2024-07-09 A foundational figure in modern labor history David Montgomery both redefined and reoriented the field This collection of Montgomery s most important published and unpublished articles and essays draws from the historian s entire five decade career Taken together the writings trace the development of Montgomery s distinct voice and approach while providing a crucial window into an era that changed the ways scholars and the public understood working people s place in American history Three overarching themes and methods emerge from these essays that class provided a rich reservoir of ideas and strategies for workers to build movements aimed at claiming their democratic rights that capital endured with the power to manage the contours of economic life and the capacities of the state but that workers repeatedly and creatively mounted challenges to the terms of life and work dictated by capital and that Montgomery s method grounded his gritty empiricism and the conceptual richness of his analysis in the intimate social relations of production and of community neighborhood and family life

Urban Masses and Moral Order in America, 1820-1920 Paul S. BOYER, Paul S Boyer, 2009-06-30 For over a century dark visions of moral collapse and social disintegration in American cities spurred an anxious middle class to search for ways to restore order In this important book Paul Boyer explores the links between the urban reforms of the Progressive era and the long efforts of prior generations to tame the cities He integrates the ideologies of urban crusades with an examination of the careers and the mentalities of a group of vigorous activists including Lyman Beecher the pioneers of the tract societies and Sunday schools Charles Loring Brace of the Children s Aid Society Josephine Shaw Lowell of the Charity Organization movement the father of American playgrounds Joseph Lee and the eloquent city planner Daniel Hudson Burnham Boyer describes the early attempts of Jacksonian evangelicals to recreate in the city the social equivalent of the morally homogeneous village he also discusses later strategies that tried to exert a moral influence on urban immigrant families by voluntarist effort including for instance the Charity Organizations friendly visitors By the 1890s there had developed two sharply divergent trends in thinking about urban planning and social control the bleak assessment that led to coercive strategies and the hopeful evaluation that emphasized the importance of environmental betterment as a means of urban moral control

German Immigrants, Race, and Citizenship in the Civil War Era Alison Clark Efford, 2013-05-20 This study reframes Civil War era history arguing that the Franco Prussian War contributed to a dramatic pivot in Northern

commitment to African American rights

Revolts, Protests, Demonstrations, and Rebellions in American History

Steven L. Danver, 2010-12-17 This three volume work traces the history of revolts and rebellions from the colonial era to the 20th century America has a long history of rebellions extending back before 1776 Revolts have taken place because of economic hard times the denial of civil rights racism sexism and classism Studying the reasons for and results of these uprisings provides a window into the life of the American body politic and what moves the American people to action Revolts Protests Demonstrations and Rebellions in American History An Encyclopedia details the history of popular actions from the colonial era to the 20th century Each event in the three volume encyclopedia is covered by an overview entry that details who was involved why the revolt took place what happened and what the aftereffects were Shorter subentries provide further detail on the important people places events and ideas that were a part of the action By presenting both the broad themes and the specifics the encyclopedia enables readers to gain a general knowledge of the event or drill down to acquire a greater understanding

Abolitionizing Missouri

Kristen Layne Anderson, 2016-04-18 Historians have long known that German immigrants provided much of the support for emancipation in southern Border States Kristen Layne Anderson's Abolitionizing Missouri however is the first analysis of the reasons behind that opposition as well as the first exploration of the impact that the Civil War and emancipation had on German immigrants ideas about race Anderson focuses on the relationships between German immigrants and African Americans in St Louis Missouri looking particularly at the ways in which German attitudes towards African Americans and the institution of slavery changed over time Anderson suggests that although some German Americans deserved their reputation for racial egalitarianism many others opposed slavery only when it served their own interests to do so When slavery did not seem to affect their lives they ignored it once it began to threaten the stability of the country or their ability to get land they opposed it After slavery ended most German immigrants accepted the American racial hierarchy enough to enjoy its benefits and had little interest in helping tear it down particularly when doing so angered their native born white neighbors Anderson's work counters prevailing interpretations in immigration and ethnic history where until recently scholars largely accepted that German immigrants were solidly antislavery Instead she uncovers a spectrum of Germans antislavery positions and explores the array of individual motives driving such diverse responses In the end Anderson demonstrates that Missouri Germans were more willing to undermine the racial hierarchy by questioning slavery than were most white Missourians although after emancipation many of them showed little interest in continuing to demolish the hierarchy that benefited them by fighting for black rights

The Immigrant Left in the United States Director of the Oral History of the American Left at Taminent Library Paul Buhle, Paul Buhle, Dan

Georgakas, 1996-01-01 A transnational social history of immigrant group involvement in radical activities in nineteenth and twentieth century America that provides missing links between the immigration experience the neighborhood the workplace politics and culture

The American Yawp

Joseph L. Locke, Ben Wright, 2019-01-22 I too am not a bit tamed I too am

untranslatable I sound my barbaric yawp over the roofs of the world Walt Whitman Song of Myself Leaves of Grass The American Yawp is a free online collaboratively built American history textbook Over 300 historians joined together to create the book they wanted for their own students an accessible synthetic narrative that reflects the best of recent historical scholarship and provides a jumping off point for discussions in the U S history classroom and beyond Long before Whitman and long after Americans have sung something collectively amid the deafening roar of their many individual voices The Yawp highlights the dynamism and conflict inherent in the history of the United States while also looking for the common threads that help us make sense of the past Without losing sight of politics and power The American Yawp incorporates transnational perspectives integrates diverse voices recovers narratives of resistance and explores the complex process of cultural creation It looks for America in crowded slave cabins bustling markets congested tenements and marbled halls It navigates between maternity wards prisons streets bars and boardrooms The fully peer reviewed edition of The American Yawp will be available in two print volumes designed for the U S history survey Volume II opens in the Gilded Age before moving through the twentieth century as the country reckoned with economic crises world wars and social cultural and political upheaval at home Bringing the narrative up to the present The American Yawp enables students to ask their own questions about how the past informs the problems and opportunities we confront today

Moving Cities - Contested Views on Urban Life

Lígia Ferro,Marta Smagacz-Poziemska,M. Victoria Gómez,Sebastian Kurtenbach,Patrícia Pereira,Juan José Villalón,2017-08-03 The texts of the book focus on the problems and challenges of urban change especially in Europe in the contemporary context of intense mobility The main topics are mobility urban social structure migrations urban inequalities urban activism community neighbourhood life uses of public spaces and methodological approaches to urban life such as ethnography

The Wages of Whiteness David R. Roediger,2022-11-22 Combining classical Marxism psychoanalysis and the new labor history pioneered by E P Thompson and Herbert Gutman David Roediger s widely acclaimed book provides an original study of the formative years of working class racism in the United States This he argues cannot be explained simply with reference to economic advantage rather white working class racism is underpinned by a complex series of psychological and ideological mechanisms that reinforce racial stereotypes and thus help to forge the identities of white workers in opposition to Blacks

New Directions in Print Culture Studies Jesse W. Schwartz,Daniel Worden,2022-06-16 New Directions in Print Culture Studies features new methods and approaches to cultural and literary history that draw on periodicals print culture and material culture thus revising and rewriting what we think we know about the aesthetic cultural and social history of transnational America The unifying questions posed and answered in this book are methodological How can we make material archival objects meaningful How can we engage and contest dominant conceptions of aesthetic historical and literary periods How can we present archival material in ways that make it accessible to other scholars and students What theoretical commitments does a focus on material objects entail New Directions in Print Culture Studies

brings together leading scholars to address the methodological historical and theoretical commitments that emerge from studying how periodicals books images and ideas circulated from the 19th century to the present Reaching beyond national boundaries the essays in this book focus on the different materials and archives we can use to rewrite literary history in ways that highlight not a canon of major literary works but instead the networks dialogues and tensions that define print cultures in various moments and movements

American Socialist Ryan C. McIlhenny, 2025-02-20 Ryan C McIlhenny's American Socialist is the first comprehensive biography of Laurence Gronlund 1844 1899 one of the nation's most persuasive proponents of socialism Gronlund cultivated a unique polemic against capitalism by advocating positions that synthesized Marxism with Darwinian evolution rejected class violence and emphasized cooperation over competition According to McIlhenny a belief in a divine force advancing history toward a cooperative commonwealth underpinned his philosophy Gronlund's books enjoyed a wide and dogmatic readership during the late nineteenth century and his teachings inspired prominent Gilded Age figures including Edward Bellamy Leo Tolstoy and Eugene V Debs American Socialist masterfully restores Gronlund to his place among the nation's most important political thinkers

The St. Louis African American Community and the Exodusters Bryan M. Jack, 2008-02-01 In the aftermath of the Civil War thousands of former slaves made their way from the South to the Kansas plains Called Exodusters they were searching for their own promised land Bryan Jack now tells the story of this American exodus as it played out in St Louis a key stop in the journey west Many of the Exodusters landed on the St Louis levee destitute appearing more as refugees than as homesteaders and city officials refused aid for fear of encouraging more migrants To the stranded Exodusters St Louis became a barrier as formidable as the Red Sea and Jack tells how the city's African American community organized relief in response to this crisis and provided the migrants with funds to continue their journey The St Louis African American Community and the Exodusters tells of former slaves such as George Rogers and Jacob Stevens who fled violence and intimidation in Louisiana and Mississippi It documents the efforts of individuals in St Louis such as Charlton Tandy Moses Dickson and Rev John Turner who reached out to help them But it also shows that black aid to the Exodusters was more than charity Jack argues that community support was a form of collective resistance to white supremacy and segregation as well as a statement for freedom and self direction reflecting an understanding that if the Exodusters right to freedom of movement was limited so would be the rights of all African Americans He also discusses divisions within the African American community and among its leaders regarding the nature of aid and even whether it should be provided In telling of the community's efforts a commitment to civil rights that had started well before the Civil War Jack provides a more complete picture of St Louis as a city of Missouri as a state and of African American life in an era of dramatic change Blending African American southern western and labor history The St Louis African American Community and the Exodusters offers an important new lens for exploring the complex racial relationships that existed within post Reconstruction America

Reign Of The Rabble The St Louis General Strike Of 1877: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. Reign Of The Rabble The St Louis General Strike Of 1877 : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Reign Of The Rabble The St Louis General Strike Of 1877 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Reign Of The Rabble The St Louis General Strike Of 1877 : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

an introduction to biomedical computational fluid dynamics - Apr 22 2022

web sep 3 2021 computational fluid dynamics cfd is a tool that has been used by engineers for over 50 years to analyse heat transfer and fluid flow phenomena in recent years there have been rapid developments in biomedical and health research applications of

computational fluid dynamics an introduction springerlink - Dec 31 2022

web the objective then and now was to present the subject of computational fluid dynamics cfd to an audience unfamiliar with all but the most basic aspects of numerical techniques and to do so in such a way that the practical application

introduction to computational fluid dynamics springerlink - Mar 02 2023

web in this essential karim ghaib introduces computational fluid dynamics after an overview of mathematical principles the author formulates the conservation equations of fluid mechanics and explains turbulence models he describes the most important numerical methods and then gives types and evaluation criteria of computational meshes

an introduction to computational fluid dynamics university of - Oct 09 2023

web this chapter is intended as an introductory guide for computational fluid dynamics cfd due to its introductory nature only the basic principals of cfd are introduced here

an introduction to biomedical computational fluid dynamics - Jun 24 2022

web this chapter aims to introduce computational fluid dynamics and present the reader with the basics of biological fluid properties the cfd method and its applications within biomedical research through published examples in hope of bridging knowledge gaps in this rapidly emerging method of biomedical analysis

an introduction to computational fluid dynamics the finite - Jun 05 2023

web an introduction to computational fluid dynamics is the ideal text for the newcomer to the area whether they be undergraduates graduates or professionals it provides thorough yet accessible coverage of commercial finite volume based cfd codes within the context of the underlying theory giving the reader a full appreciation of cfd and its

introduction chapter 1 introduction to computational fluid dynamics - Nov 29 2022

web jun 5 2012 computational fluid dynamics cfd is concerned with numerical solution of differential equations governing transport of mass momentum and energy in moving fluids cfd activity emerged and gained prominence with

introduction to computational fluid dynamics springer - May 04 2023

web about this book this more of physics less of math insightful and comprehensive book simplifies computational fluid dynamics for readers with little knowledge or experience in heat transfer fluid dynamics or numerical methods

the finite volume method in computational fluid dynamics - Aug 27 2022

web m darwish covers the fvm method in detail including implementation of boundary conditions and two equation turbulence models keynote presentations and exercise solutions available for instructors relates fvm algorithms and methods to ufvm and openfoam implementations

introduction to computational fluid dynamics leer major - Feb 18 2022

web dec 15 2010 computational fluid dynamics cfd has its roots in weapons research since world war ii it has been used to replace experiments that are expensive difficult dangerous or even impossible to conduct the development of cfd for compressible flow was dominated by weapons research and astrophysics until 1980 when aeronautical

introduction to computational fluid dynamics google books - Mar 22 2022

web aug 26 2021 this more of physics less of math insightful and comprehensive book simplifies computational fluid dynamics for readers with little knowledge or experience in heat transfer fluid dynamics or numerical methods the novelty of this book lies in the simplification of the level of mathematics in cfd by presenting physical law instead of

[introduction to computational fluid dynamics course](#) - Feb 01 2023

web this series will help participants develop an understanding of computational fluid dynamics and provide an opportunity to practice numerical solution techniques as applied to the equations governing fluid mechanics and heat transfer

computational fluid dynamics sciencedirect - May 24 2022

web computational fluid dynamics a practical approach third edition is an introduction to cfd fundamentals and commercial cfd software to solve engineering problems the book is designed for a wide variety of engineering students new to cfd and for practicing engineers learning cfd for the first time

[an introduction to computational fluid dynamics archive org](#) - Sep 27 2022
