Reincarnation ,1996-09 Contents Reincarnation Definition History Quotations Constitution of Man of the Physical Body Metempsychosis Reincarnation of the Astral Principles Evolution of Physical forms in the Astral World Reincarnation of the Spiritual Principle Co Reincarnation ,1929 **Reincarnation** Papus, Gerard Encausse, 2014-03 This Is A New Release Of The Original 1920 Edition *Reincarnation, Physical, Astral & Spiritual Evolution* Papus, 1900 **Reincarnation** Papus, 1992 **Death and Reincarnation (Traslated)** PAPUS Dr G. Encausse, 2022-03-03 Reincarnation is the return of the spiritual Principle in a new fleshly envelope For a human being this envelope is always a human body This return can take place on the same planet where one lived his last existence or on another planet The return to a material body cannot be fixed in advance just as one cannot fix a time for terrestrial life Some human beings spend 3 years on earth and others 90 If one were to say man lives 30 years above the earth one would speak as an amateur of statistics but not as an observer of real laws The length of life on earth is a personal fact so the length of time one spends before returning to earth is also a special fact that depends on many circumstances It must be said at once that before reincarnating on a planet the spiritual being prepares himself for the loss of the memory of his previous existences We will be able to give all the testimonies of the classical authors concerning this fact and symbolized by the immersion in the water of the river Lete which gives oblivion before the return to the earth The reincarnation really has been marked as an esoteric mystery in all the initiations of the Antiquity *Encyclopedia of Reincarnation and Karma* Norman C. McClelland, 2018-10-15 Featuring over 1 200 topical entries arranged alphabetically this encyclopedia provides diverse and detailed coverage of the related subjects of reincarnation and karma Its in depth examination ranges from ancient beliefs to those of the present incorporating all relevant world cultures A series of broad thematic entries cover foundational aspects while over a thousand highly focused entries deal with various societies and organizations which support the concepts of reincarnation and karma specific religious groups sects and associations key individuals both historic and modern and related beliefs concepts and practices
