

Reindeer People

Rob Dunn

Reindeer People:

The Reindeer People Piers Vitebsky, 2006 Cambridge anthropologist Piers Vitebsky the first westerner to live with the Eveny of Siberia since the Russian revolution brings readers an extraordinary case of survival in one of the most inhospitable places on Earth of photos **Humankind/nature Interaction** Brunetto Chiarelli, 2009 **Native Peoples of the World** Steven L. Danver, 2015-03-10 This work examines the world's indigenous peoples their cultures the countries in which they reside and the issues that impact these groups **The Horse in My Blood** Victoria Soyan Peemot, 2024-03-15 A fascinating interspecies relationship can be seen among the horse breeding pastoralists in the Altai and Saian Mountains of Inner Asia Victoria Soyan Peemot herself grew up in a community with close human horse relationships and uses her knowledge of the local language and horsemanship practices Building upon Indigenous research epistemologies she engages with the study of how the human horse relationships interact with each other experience injustices and develop resilience strategies as multispecies unions **The Koryak** Waldemar Jochelson, 2016-04-26 Since the 18th century researchers and scientists have traveled the peninsula of Kamchatka in the Russian Far East Many of them were of German origin and had been commissioned by the Russian government to perform specific tasks Their exhaustive descriptions and detailed reports are still considered some of the most valuable documents on the ethnography of the indigenous peoples of that part of the world These works inform us about living conditions and particular ways of natural resource use at various times and provide us with valuable background information for current assessment As the first profound anthropological descriptions of that region the publications of the Jesup North Pacific Expedition undertaken in the first years of the 20th century marked the beginning of a new era of research in Russia They represented a shift of the already existing transnational research networks toward North America Jochelson's work *The Koryak* was an important milestone for Russian and North American anthropology that provides to this day a unique contribution to thoroughly understanding the cultures of the North Pacific rim **A Primary Source Guide to Norway** Elizabeth Rose, 2003-12-15 From its southern tip to the northern Land of the Midnight Sun Norway has one of the most extreme and beautiful landscapes on Earth Fjords and glaciers thousands of miles of coast and clean land and air offer unique experiences in nature to Norwegians and visitors alike Norway has a healthy economy and one of Europe's highest standards of living Its people have vivid imaginations and fairy tales of trolls and wild creatures abound Vikings bunads the Reindeer People and Norway's royalty are all visited by readers in an inspiring primary source trip through this jewel of Scandinavia *Myths, Symbols and Legends of Solar System Bodies* Rachel Alexander, 2014-11-04 This book is an amateur astronomer's guide to the mythology and symbolism associated with the celestial bodies in the Solar System and even includes some of the legendary tales of people who had or have a connection with these objects It explores different cultures for example the Greco Roman and the Norse and different times and how stories were used to explain the worlds they saw above them You'd be amazed how much of our world today reflects the

myths and stories of these cultures Most amateur astronomers are familiar with the various Solar System objects but they will be only peripherally aware of what ancient cultures thought of these other worlds In fact the mythology of the planets challenges many twenty first century concepts and beliefs There are other books available on astromythology but this one focuses mostly on our own Solar System as opposed to the constellations and deep sky objects Alexander offers a new angle on timeless subjects and is exciting informative and dramatic as well as surprisingly relevant to everyday life Find out for yourself how our modern world is steeped in the bygone worlds of yesteryear **The Chukchee** Waldemar Bogoras,1909 Reprint of memoirs of the American Museum of Natural History vol 11 which in turn was a reprint of Part I II and III of vol 7 of the Jessop North Pacific Expedition Describes material culture religion and social organization of the Chukchee

Embracing the Anaconda Anita Carrasco,2020-05-20 Drawing on extensive ethnographic research Anita Carrasco examines the socio environmental impacts of contemporary mining on the Atacame os an indigenous community in northern Chile and their home in the Atacama Desert one of the driest regions in the world Carrasco describes the impacts of short term mining corporations like Anaconda Copper that arrived destroyed and departed and explains the positive and negative memories of those left behind *Embracing the Anaconda A Chronicle of Atacame o Life and Mining in the Andes* is recommended for students and scholars of anthropology sociology environmental studies race and ethnic studies and Latin American studies *Domesticated: Evolution in a Man-Made World* Richard C. Francis,2015-05-25 Without domestication civilization as we know it would not exist Since that fateful day when the first wolf decided to stay close to human hunters humans and their various animal companions have thrived far beyond nearly all wild species on earth Tamelessness is the key trait in the domestication of cats dogs horses cows and other mammals from rats to reindeer Surprisingly with selection for tameness comes a suite of seemingly unrelated alterations including floppy ears skeletal and coloration changes and sex differences It s a package deal known as the domestication syndrome elements of which are also found in humans Our highly social nature one of the keys to our evolutionary success is due to our own tameness In *Domesticated* Richard C Francis weaves history and anthropology with cutting edge ideas in genomics and evo devo to tell the story of how we domesticated the world and ourselves in the process *Finnish Settler Colonialism in North America* Rani-Henrik Andersson,Janne Lahti,2022-12-29 *Finnish Settler Colonialism in North America* reinterprets Finnish experiences in North America by connecting them to the transnational processes of settler colonial conquest far settlement elimination of natives and capture of terrestrial spaces Rather than merely exploring whether the idea of Finns as a different kind of immigrant is a myth this book challenges it in many ways It offers an analysis of the ways in which this myth manifests itself why it has been upheld to this day and most importantly how it contributes to settler colonialism in North America and beyond The authors in this volume apply multidisciplinary perspectives in revealing the various levels of Finnish involvement in settler colonialism In their chapters authors seek to understand the experiences and representations of Finns in North American spatial projects in

territorial expansion and integration and visions of power They do so by analyzing how Finns reinvented their identities and acted as settlers participated in the production of settler colonial narratives as well as benefitted and took advantage of settler colonial structures Finnish Settler Colonialism in North America aims to challenge traditional histories of Finnish migration in which Finns have typically been viewed almost in isolation from the broader American context not to mention colonialism The book examines the diversity of roles experiences and narrations of and by Finns in the histories of North America by employing the settler colonial analytical framework **Crusoes in Siberia (Translation from Esperanto)**

Tivadar Soros, 2010 Originally published in 1923 as *Modernaj Robinzonoj en la Siberia Praarbaro* under the name Teodoro

Schwartz When I'm Gone, Look for Me in the East Quan Barry, 2022-02-22 From the acclaimed author of *We Ride Upon Sticks* comes a luminous novel that moves across a windswept Mongolia as estranged twin brothers make a journey of duty conflict and renewed understanding A dazzling achievement The rhythms are more like prayer than prose and the puzzlelike plot yields revelations The New York Times Tasked with finding the reincarnation of a great lama a spiritual teacher who may have been born anywhere in the vast Mongolian landscape the young monk Chuluun sets out with his identical twin Mun who has rejected the monastic life they once shared Their relationship will be tested on this journey through their homeland as each possesses the ability to hear the other's thoughts Proving once again that she is a writer of immense range and imagination Quan Barry carries us across a terrain as unforgiving as it is beautiful and culturally varied from the western Altai mountains to the eerie starkness of the Gobi Desert to the ancient capital of Chinggis Khaan As their country stretches before them questions of faith along with more earthly matters of love and brotherhood haunt the twins Are our lives our own or do we belong to something larger *When I'm Gone Look for Me in the East* is a stunningly far flung examination of our individual struggle to retain our convictions and discover meaning in a fast changing world as well as a meditation on accepting what simply is Races and Peoples Daniel Garrison Brinton, 1890 **The Sacred Heritage** Donald F.

Sandner, Steven H. Wong, 2013-10-18 The contributors to this volume describe the many facets shamanism and depth psychology have in common animal symbolism recognition of the reality of the collective unconscious and healing rituals that put therapist and patient in touch with transpersonal powers By reintroducing the core of shamanism in contemporary form these essays shape a powerful means of healing that combines the direct contact with the inner psyche one finds in shamanism with the self reflection and critical awareness of modern consciousness The contributors draw from experiences both inside and outside the consulting room and with cultures that include the Lakota Sioux and those of the Peruvian Andes and the Hawaiian Islands The focus is on those aspects of shamanism most useful and relevant to the modern practice of depth psychology These explorations bring the young practice of analytical psychology into perspective as part of a much more ancient heritage of shamanistic healing **The Nature of Soviet Power** Andy Bruno, 2016-04-11 This in depth exploration of five industries in the Kola Peninsula examines Soviet power and its interaction with the natural world

Natural Environments and Human Health Alan W Ewert, Denise S Mitten, Jillisa R Overholt, 2014-04-25 The role natural environments play in human health and wellbeing is attracting increasing attention There is growing medical evidence that access to the natural environment can prevent disease aid recovery tackle obesity and improve mental health This book examines the history of natural environments being used for stress reduction enjoyment aesthetics and catharsis and traces the development of the connection between humans and the environment and how they impact our personal and collective health *International Handbook of Research on Indigenous Entrepreneurship* L. -P. Dana, 2007 This book offers an original collection of international studies on indigenous entrepreneurship Through these specific lenses entrepreneurship greatly appears as a set of cultural values based behaviours Once more culture and human values are placed at the heart of entrepreneurship as an economic and social phenomenon Alain Fayolle EM Lyon and CERAG Laboratory France and Solvay Business School Belgium A must have for researchers of developmental economics as well as for entrepreneurship scholars this collection assembles studies of indigenous entrepreneurship from five continent

The Call of the Honeyguide Rob Dunn, 2015-08-26 A must read David George Haskell that shows how rethinking our relationships with other species can help us reimagine the future of humankind In the woodlands of sub Saharan Africa sometime deep in our species past something strange happened a bird called out not to warn others of human presence but to call attention to herself Having found a beehive that bird a honeyguide sought human aid to break in The behavior can seem almost miraculous How would a bird come to think that people could help her Isn't life simply bloodier than that As Rob Dunn argues in *The Call of the Honeyguide* it isn't Nature is red in tooth and claw but in equal measure life works together Cells host even smaller life wrapped in a web of mutual interdependence Ants might go to war but they also tend fungi aphids and even trees And we humans work not just with honeyguides but with yeast crops and pets Ecologists call these beneficial relationships mutualisms And they might be the most important forces in the evolution of life We humans often act as though we are all alone independent from the rest of life As *The Call of the Honeyguide* shows we are not It is a call to action for a more beneficent less lonely future

Neolithic Shamanism Raven Kaldera, Galina Krasskova, 2012-11-16 A step by step guide to working with the spirits of ancient northern Europe Explains how to build relationships with Earth Sun Moon Plants Animals Water Fire Craft Air and the Ancestors through 83 practical exercises Explores the role of altered states in spirit work Outlines the ancient cultural rules and taboos to avoid spiritual debt or offense We are all surrounded by spirits Many people feel called to work with them but few know where to begin Enjoined by the gods and spirits to fulfill this need Raven Kaldera and Galina Krasskova have reconstructed the indigenous spiritual traditions of northern Europe and Scandinavia extinguished more than one thousand years ago by the spread of Christianity Arising from basic survival needs these practical traditions are fundamentally tied to the elements found in the harsh world of the ancient North Beginning with the skills tied to the Earth element necessary for grounding prior to the more demanding aspects of the practice working with

Sun Moon Plants Animals Water Fire Craft and Air the authors explain step by step how to build relationships with each elemental spirit and the Ancestors Offering 83 practical exercises from cleansing with the Moon or borrowing the legs of Reindeer to making sacred space with Mugwort or creating an ancestor altar they also explore building spirit relationships through altered states Emphasizing the proper management of your spirit relationships to avoid spiritual debt or offense the authors outline the ancient cultural rules and taboos that circumscribe these practices essential knowledge for successful and fruitful spirit alliances Detailing the beginning set of skills needed to work with the spirits of this ancient world this comprehensive workbook offers a unique ancestral spiritual outlet for those of northern European descent as well as an accessible guide for anyone trying to fulfill their shamanic callings
