Pilgrim and Preacher Kathryne Beebe, 2014 Pilgrim and Preacher seeks to understand the numerous pilgrimage writings of the Dominican Felix Fabri 1437-1502 not only as rich descriptions of the Holy Land Egypt and Palestine but also as sources for the religious attitudes and social assumptions that went into their creation Fabri an Observant reformer and talented preacher as well as a two-time Holy Land pilgrim adapted his pilgrimage experiences for four different audiences He produced the rhymed Swabian German Pilgerbuchlein for those who sponsored his first voyage the encyclopedic Latin Evagatorium for his Dominican brethren the vernacular Pilgerbuch for the noble patrons of his second voyage and their households and finally the vernacular Sionpilger an imagined or virtual pilgrimage for the nuns in his care who were unable to make the real journey themselves This study asks fundamental questions about the readership for such works and then builds upon an analysis of Fabri's audiences to reassess the nature of piety and the place both pilgrimage literature and Observant reform had in it in late medieval Germany Pilgrim and Preacher is a study of reception yet one that departs from traditional approaches to pilgrimage literature which see pilgrimage writing merely as a body of texts to be classified according to genre or mined for colourful details about the Jerusalem journey This work combines the insights of both literary theory and historical studies with an original empirical contribution based on an analysis of the

manuscripts and printed history of Fabri's writings setting them in their historical and cultural contexts. Such an analysis allows us to understand better the working of the religious imagination amongst urban elites and women religious in the late middle ages. By charting the influences of the Observance Movement within the Dominican Fabri's writings were intended for both his young novices to make them more effective preachers and for the religious women who could only go to Jerusalem via the imagination Pilgrim and Preacher also makes an important contribution to the history of the Dominican Observance movement and the wider currents that flowed between it and the civic and religious feelings of the age. **Artes**

Apodemicae and Early Modern Travel Culture, 1550-1700 Karl A.E. Enenkel, Jan L. de Jong, 2019-05-15 This volume explores the early modern manuals on travelling Artes apodemicae a new genre of advice literature that originated in the sixteenth century when it became communis opinio among intellectuals that travelling was an important means of acquiring knowledge and experience and that an extended tour abroad was a vital if not indispensable part of humanist academic and political education. In this volume the formation of this new genre between 1550 and 1700 is studied in its historical social and cultural context. Furthermore the volume examines the impact of this new genre on the acquisition and collection of knowledge in the early modern period empirical or otherwise. Contributors: Justin Stagl, Karl Enenkel, Jan Papy, Thomas Haye, Robert Seidel, Gabor Gellér, Bernd Roling, Harald Hendrix, Jan L. de Jong, Kerstin Maria Pahl, Johanna Luggin, Marc Laureys and Justina Spencer.

Idee von einem christlichen Dorf Holger Böning, 2002 Der Band stellt neben der fruhen aufklärerischen Dorfutopie des Schweizers Johannes Tobler weitere fur die fruhe Volksaufklärung wichtige und schwer zugangliche Texte zur Verfugung von M. Claudius, J.G. Hamann, P. von Hohenthal, J.G. Jacobi, J.H.G. von Justi, A. von Knigge, G.E. Lessing, G.Ch. Lichtenberg, Ph.E. Luders, J.Fr. Mayer, J. Moser, Fr.E. von Rochow, J.B. von Rohr, B. Sprenger, J. Tobler, G.H. Zincke u.a. Dokumentiert wird die Entdeckung des Volkes in der deutschen Aufklärung. Knapp hundert zum grossten Teil seit mehr als zwei Jahrhunderten nicht mehr gedruckte Quellen zeigen wie sich aus neuen Orientierungen einer Schicht von Gelehrten und Gebildeten zunächst die gemeinnützige praktische Aufklärung herausbildet und dann der Gedanke entsteht die neuen Erkenntnisse der Naturwissenschaften mussten zur praktischen Nutzung auch an den gemeinen Mann vermittelt werden. Spannend sind die fruhen Debatten über Ziele und Mittel der Volksaufklärung in denen erste Überlegungen laut werden neben der ökonomischen Aufklärung sei eine ganzheitliche auf die Veränderung der Mentalität bauerlicher Adressaten zielende aufklärerische Erziehungsbewegung notig. Damit verandern sich auch die literarischen Mittel der Volksaufklärung. In addition to the early Enlightenment vision of a village utopia developed by the Swiss author Johannes Tobler this volume contains further texts which were important for popular Enlightenment and which were difficult to access by M. Claudius, J.G. Hamann, P. von Hohenthal, J.G. Jacobi, J.H.G. von Justi, A. von Knigge, G.E. Lessing, G.Ch. Lichtenberg, Ph.E. Luders, J.F. Mayer, J. Moser, Fr.E. von Rochow, J.B. von Rohr, B. Sprenger, J. Tobler, G.H. Zincke among others. They document the discovery of the common people in the German Enlightenment. Just under 100 sources most of which have not been published for more than

two centuries show how an Enlightenment interested in the welfare of society had evolved from the new orientation of a social class of scholars and educated people and how then the idea originated to provide the common man with the new findings on natural science so that these could be put into practice The early debates about the goals and the means of enlightening the common man are fascinating since it was in these that for the first time ideas were expressed stating that in addition to economic enlightenment it would be necessary to create an entire educational movement which was aimed at changing the mentality of the farmers This also meant a change in the literary instruments of the Enlightenment of the common people
